QUIT OFFICE OR DIE

Such Alternative is Now Offered Men in Teller County, Colorado.

MINE OWNERS ARE TAKING HIGH HAND

Drive from Office All Men Known to Sympathize with Unions.

THREATEN TO HANG MEN WHO REFUSE

Excitement at Victor and Cripple Creek is No A. Layed.

NO TRACE OF MAN WHO SET DYNAMITE

Detectives Work on Case While Mine Owners Terrify the People and Take Steps to Deport Opponents.

VICTOR, Colo., June 7.—Two pomp

blasted with a report or hanging occurring on a table in the room where the Cripple Creek district mine owners' association held a heated discussion today behind closed doors.

The evidence was a bundle of forty marked photographs found by Lieutenant Keegan in the union hall. On the back of some of the photographs was the name of James Cochran, secretary of the union.

The photographs were of groups of men employed in various mines. The most important was a group of the night shift of the Vindicator. The photograph contains about twenty portraits, five of which were numbered from one to five.

On the back were written the names of the persons numbered. Of the five names those of Charles McCormick and Mel Brick had been crossed out. These two men were killed in the Vindicator explosion last November.

On other photographs, similarly arranged, it is ascertained there are crossed out the names of some of the men who have disappeared and whose whereabouts or departure are unknown. James Cochran was arrested and taken into the mine owners' headquarters for questioning.

Cochran is Found.

"I do not know anything about these pictures," he said, "except that they were taken to show the scabs. The marks by the names of the men who have been killed are mysterious to me. I was not present when the pictures were taken and cannot tell you any more about it."

News leaked out today that had Thomas Christianson been captured last night three men would have been lynched. The plot was arranged and a special train was standing on the Florence & Cripple Creek tracks to carry a body of men who were in Cripple Creek awaiting the signal.

Alfred Miller, former Marshal Mike O'Connell and Tom Christianson were regarded as the leaders in the rioting of yesterday and the men were being lynched on that account. The failure to capture Christianson was the only reason the plan was not carried out. The other two are still in custody and awaiting the decision of the Citizens' committee.

Feeling is Desperate.

Secretary Clarence Hamlin of the Mine Owners' association declared today that 200 prisoners now held in the armory in Victor would be run over the hills and warned never to return. There is a minority element that takes no part in the rioting and under arrest, and also Alfred Miller, charged with having started the riot which resulted in the killing of Roxie McGehee at the mass meeting in Victor yesterday afternoon, and several other leaders.

No hanging will take place, however, in all probability, unless resistance is offered by word or action of the prisoners. It would require but little to have a wholesale hanging.

Virgil King, a union leader, and fifteen others arrested at Cripple Creek today, have been taken to Victor. A well-grounded rumor is to the effect that a large number of union miners working on the Portland will be arrested. The building owned and occupied by Miners' union No. 40 in Cripple Creek is in charge of the militia. The front windows have been demolished and the big sign of the "W. F. M." torn down.

Resign or Be Hanged.

City Marshal W. J. Graham was forced to resign by the citizens' committee headed by E. C. Newcomb, cashier of the First National bank, and Charles W. Crowder was appointed as his successor by the city council, which convened at once to confirm him. Justice of the Peace C. M. Harrington said to be a union sympathizer, heard that the committee was to wait on him and tendered his resignation before the committee could see him. County Judge Albert S. Frost is out of the city, but it is said he will be asked to resign as soon as he arrives here, and so will Frank P. Mannix, county clerk and recorder. Both are attending the democratic convention in Toledo.

It is further rumored that Assistant District Attorney J. C. Cole, who is very much disliked by mine owners and members of the Citizens' Alliance, will be compelled to relinquish office. All holders of office whose resignations have been demanded have furnished them when threatened with hanging.

It was estimated at 4 o'clock this afternoon that 1,000 deputies had been sworn in by Sheriff Bell. The Victor Record was censored by a special committee appointed by the sheriff before publication was permitted today.

The bloodhounds in charge of Hugo Palmer of Trinidad today traced the assassin who killed the Findley miners to a mill beyond Clyde station, a distance of three miles. There the scent was completely lost. It is believed the detectives working on the case that the assassin took a buggy at the place where the scent was lost and proceeded along the old stage road to Colorado Springs.

The coroner's jury visited the scene of the explosion today, and a hearing on the jury was taken until tomorrow afternoon, when the taking of evidence will begin.

Sheriff Henry W. Robertson resigned under compulsion. He was forcibly taken to the headquarters of the Mine Owners' association and his resignation was demanded. At first he refused to resign, but when finally a coil of rope was thrown at his feet he weakened and signed the resignation which had been prepared for him. The first act of Sheriff Bell was to take away the star of Under Sheriff J. Knox Burton. Then he appointed twenty-five deputies, to which force large additions have since been made, and later he dismissed the union officers who had been appointed by City Marshal Michael O'Connell.

PLAN TO CUT OUT BRITISH

German and Dutch Capitalists Will Join Their Cable with American Line.

BATTLESHIPS FOR THE EAST

United States Sends Two Where They Will Be in Easy Call.

MONEY FOR COLORADO IRRIGATION WORK

If Panama is Not Placed on a Gold Basis Contractors Will Have to Raise Their Bids.

WASHINGTON, June 7.—Rear Admiral Chadwick reported to the navy department today that the British battleship Prince of Wales had arrived at Tangier. The Illinois, commanded by Captain Bradford, has been ordered to Gibraltar on the completion of target practice at Martha's Vineyard, and the Missouri has been ordered to sail Thursday from Newport News for Gibraltar.

WISCONSIN OF RHODES SCHOLARSHIPS

Four Nebraskans Eligible to Appointment to Free Oxford Course.

MONTREAL, June 7.—Dr. Parkin has received at McGill university the report of Oxford examiners upon the papers of candidates examined on April 13 and 14 throughout the United States and Canada which have no colleges affiliated with Oxford. Altogether 129 candidates have passed on the different states and territories of the union and thus become eligible for selection as Rhodes scholars. They include:

California—Beverly S. Allen, William Cavert, George E. Dech, Harry E. Massey, William J. Musgrave. Colorado—Stanley K. Hornbeck, Eugene H. Lenehan. Illinois—Carroll H. Foster, Lawrence H. Gilhoj, George Boggs, John H. Clifford. Indiana—Harvey E. Danmore. Iowa—Carl W. Ross, Joseph E. Walliser, Kansas—A. M. Bright, Earl W. Murray, Kentucky—Robert E. Blodgett, Samuel E. Ely, Georgia—A. Underwood, John G. Welch. Nebraska—Raymond Coon, Edwin Sutherland, Frank A. Peterson, Arthur H. Leland. Oklahoma—W. T. Kendall. Oregon—Harvey E. Danmore. South Dakota—Paul M. Young. Texas—Stanley R. Ashby, Louis N. Hartman, Newton J. Marshall, Harry P. Steger. Utah—Palmer H. Jacobson. Wyoming—Harold G. Merriam.

BRITISH BOAT JOINS AMERICANS

Prince of Wales at Tangier, Where Sultan Has Failed to Report.

TANGIER, June 7.—The British battleship Prince of Wales arrived here today from Gibraltar and joined the American squadron. The sultan has not yet answered the demands made for the release of Messrs. Forster and Varley. The reports concerning the treatment of the prisoners continues to be favorable.

NEBRASKA CROP CONDITIONS

Cool, Wet Week Favors Small Grain and Grass, but Holds Back Corn.

Weekly bulletin of the Nebraska section of the climate and crop service of the weather bureau for the week ending Monday, June 6, 1904: The last week has been cool and wet. The maximum temperature has averaged 8 degrees below the normal.

The rainfall has exceeded one inch in portions of the state. The total for the week has exceeded two inches in a considerable area in the central and northern counties. The soil has been very wet. It is very favorable for the growth of small grain and grass. The corn has grown slowly and is not so well as it should be. It is ready to cut for the first time quite generally, but very little has been cut yet. Corn has grown slowly and is not so well as it should be. It is ready to cut for the first time quite generally, but very little has been cut yet.

WEEKLY SUMMARY OF CROP REPORT

Lack of Warmth and Rain in Western Portions of the State.

WASHINGTON, June 7.—The weather bureau's weekly summary of crop conditions is as follows: While too cool for best results in portions of the lake region and in the Missouri valley and northern Rocky mountain districts, with excessive moisture and lack of sun-drying, the week as a whole has been very favorable in the districts east of the Rocky mountains.

Over the western portions of the corn belt, however, the week has been checked by lack of warmth and sunshine, and it is much in need of cultivation, while in the northern portions of the corn belt replanting has been delayed by rains. Poor stands are reported in the middle Atlantic states. In the southern states the general condition of crops is not so good as in the northern states. In California it is maturing rapidly, the sown being seriously damaged by hot winds.

With the exception of some weedy fields in the central and middle Atlantic states, the prevailing condition in all districts. Crops have made vigorous growth throughout the middle and middle Atlantic states, and a general improvement in the condition of crops is noted in the southern states. Seeding is now practically finished in the extreme northern section, and harvesting continues in the southern states.

PHIPPS SUES FOR DIVORCE

Millionaire Manufacturer Wants Morgan & Co. to Pay His Wife No More Dividends.

DENVER, June 7.—A local attorney has filed in the district court a suit for divorce brought by Laurence C. Phipps, the millionaire manufacturer of Pittsburg, against his wife, Mrs. Maud Phipps. The attorney obtained an order from the court for sealing the complaint in an envelope and having it placed in the vault.

An injunction is sought, it is said, to restrain John Herbert Morgan & Company, the United States Steel corporation, against paying to Mrs. Phipps further dividends upon stock and bonds formerly held by her husband, but now in her possession.

SAYS ENEMY IS DESPERATE

Eugene V. Debs Telegraphs the Western Federation of Miners to "Stand Fast."

DENVER, June 7.—The convention of the Western Federation of Miners today delegated to the executive committee the full charge of the Colorado situation, both politically and otherwise, with instructions to use their best judgment in the fall campaign. A telegram was received from Eugene V. Debs saying:

"The enemy is desperate. You are on the stand."

PROGRAM FOR THE PIONEERS

Those Who Are to Ride in the Parade Report at City Hall at 1:15 P. M. Friday.

RUSSIANS LOSE TWO SHIPS

Gunboat Giliak Destroyed and Another Ship Bown Up.

IMPRESSION OF FIGHTING PREVAILS

Che Foo Reports Firing Off Port Arthur and People on Hills Saw Flashes as of Guns.

LONDON, June 8.—The correspondent of the Daily Telegraph in Tokio telegraphs: "The commander of the fourth Japanese flotilla, who has returned to the rendezvous of the fleet from a reconnaissance in the vicinity of Port Arthur, mentions the blowing up of another Russian gunboat about the same time."

The loss of a second Russian gunboat alluded to in the Daily Telegraph's dispatch is mentioned in other Tokio special telegrams, but may be due to mixing the names Giliak and Gremashchik.

RUSSIAN FORCE IS NOT KNOWN

Officers of the Czar Throw Mystery Around Troops on the Peninsula.

ST. PETERSBURG, June 7.—3:20 p. m.—It was said today that a very active Russian force is operating on the Liaoo Tung peninsula, in the hope of impeding and possibly crippling the Japanese army commanded by General Oku, the number and character of this force are shrouded in mystery. Figures are freely bandied about, but it is impossible to ascertain the exact force. It is doubtless to be assumed if the general staff is fully advised of General Kouroupatkin's intentions. According to accepted stories here, Viceroy Alexieff insisted that Kouroupatkin should not leave Port Arthur to his fate and the advance of troops, the strength of which is not known here, may be due to his pressure upon the emperor, who is certain—the strength of the main army at Liaoo Yang has not been appreciably weakened by the force sent south and the movement was not ordered by Emperor Nicholas. The Associated Press is assured by a member of the emperor's staff that the emperor is not attempting to impose his views upon Kouroupatkin, saying further that the emperor considered that the military situation has distinctly improved from the standpoint of the future.

This being the emperor's birthday, the day was observed as a general holiday. Business was suspended and the government offices were closed.

Little actual news from the seat of war was obtainable. The emperor received a telegram from General Kouroupatkin last night reporting the skirmishes near Suifu and Tsingtau. A statement of the government has yet developed particular significance, they might eventually indicate an attempt of the enemy to push through the line at the head of the Liaoo Tung peninsula while feinting at the Russian left flank at Liaoo Yang. Kouroupatkin's telegram stated that the emperor had been informed he has already returned from his trip to Kai Chou. The general staff has received advice to the effect that the Chinese report that the Japanese are prepared to renew heavy fighting on the Kwan Tung peninsula Thursday.

The Foreign office says it has received news from the Russian consul at Che Foo in regard to the rumored sinking of a large Japanese warship off Liaoo Yang.

NO INSTRUCTIONS FOR HEARST

Colorado Democrats Gulp Down Kansas City Platform with Several Glittering Additions.

PUEBLO, Colo., June 7.—The democrats of Colorado today named delegates to the national convention at St. Louis as follows: Charles S. Thomas, Charles J. Hughes, Jr., T. J. O'Connell, Charles B. Ward, Henry B. Amisley, A. P. Beede, Alva Adams, George E. West, John H. Voorhees, J. H. Robeson. Judge John I. Mullins of Denver was unanimously elected national committee-man. The delegation goes unincorporated. The Hearst people captured the caucus held by the Second district delegates, but when they attempted to pass a resolution instructing for Hearst through the convention it was turned down by a vote of 53 to 36.

The platform endorses the Kansas City platform of 1900 and instructs the delegates to use all honorable means to secure a platform in harmony therewith; demands the enforcement of all trust laws, and demands a complete revision of the tariff and the placing of all trust-made goods under the tariff demands a complete punishment to the perpetrators of the Cripple Creek outrage; declares for law and order but condemns Governor Peabody for deporting men from their homes; pledges just treatment to both labor and capital.

RUSSIANS ARE RAIDING IN COREA

Occupy Town Only Eight Miles from Wonsan.

(Copyright by New York Herald Co., 1904.) WONSAN (via Seoul), June 8.—(New York Herald Cablegram—Special Telegram to the Bee.)—The coast-roads town of Ko Wan, eight miles distant, is now the center of the local Russian operations. At Ko Wan the main highway from the north branches off to Seoul, Ping Yang and Wonsan. Korean scouts who arrived tonight report a brush with a detached party of Cossacks near Ko Wan. They killed three Russians. The Koreans state that they acted under orders of a Japanese officer and also report that they saw a large Russian force moving east toward Ping Yang. The Russians have stopped all southbound travel at Ko Wan, their evident object being to prevent news of their movements from reaching the Japanese. The attempt was ineffectual, however, as the coast telegraph line to the south is still working, although the direct line has been broken.

(Copyright by New York Herald Co., 1904.) PING YANG (via Seoul), June 8.—(New York Herald Cablegram—Special Telegram to the Bee.)—There is strong and repeated rumor that Russian cavalry is moving here from the east coast.

RUSSIA CREATES THIRD SQUADRON

Report that Turkey Grants Permission to Use the Dardanelles.

ST. PETERSBURG, June 7.—Grand Duke Alexis, commander-in-chief of the navy, according to an apparently reliable report, which, however, is not officially confirmed, has obtained permission from the emperor to create a third Pacific squadron from the ships of the Black sea fleet, and permission has already been obtained from Russia to take the ships through the Dardanelles. This squadron will be composed, according to the report, of the battleship Hostia, the cruiser Apostoloff, and the torpedo boat and torpedo boat destroyers and will sail for the far east simultaneously with the Baltic squadron.

LONDON, June 7.—The Foreign office has not received any request from Russia or Turkey to agree to the passage of the Russian Black sea fleet through the Dardanelles. It is pointed out that Turkey doubtless would be delighted to get rid of Russia's Black sea fleet, but the passage of warships through the Dardanelles would be a distinct contravention of the treaty, and it is currently supposed that Russia is likely to be granted if asked for.

FRAUD IN BIG HORN BASIN

Allegation of Irregularity Made in Land Suit Between Chicago Parties.

CHICAGO, June 7.—Fraud in a contract regarding irrigative lands in the Big Horn basin of Wyoming, has been charged against F. C. Rutan of this city, in a bill filed here today in the circuit court by Duncan C. Plumb, also a resident of Chicago. It is declared that large property interests are threatened with ruin through Rutan's alleged fraudulent course. W. R. Green of New York City is declared by Plumb to also have been defrauded by Rutan. An injunction is asked against Rutan's proceeding in the work of developing the 50,000 acre tract the company expects to irrigate in Big Horn county. The court is also asked to force Rutan to assign the alleged fraudulent contract to Plumb in trust. The Big Horn Basin Development company, which prior to the formation of New York and Chicago men, was controlled by Omaha capitalists, is made defendant with Rutan and so is Solon L. Wiley of Omaha, president of the development company.

VICTORY IS UNMISTAKABLE

Republicans Carry Oregon by Large Majorities and Each Report Enthusiastic Legislative Tone.

PORTLAND, Ore., June 7.—That the republican party in this state scored an overwhelming victory yesterday is being made more apparent as the count comes in. Returns from isolated counties are coming in slowly. Congressman Binger Herman has been re-elected in the first district with a majority of about 7,000, while J. N. Williams, the republican nominee in the Second district, rolled up a majority of 10,000, and later returns may swell this estimate somewhat. The next legislature will be republican by a large majority and republicans are elected in most of the county offices. Local opinion will probably vary with a good majority.

LEBAUME'S ACCOUNTS WRONG

Suspended Secretary-Treasurer of Travelers' Protective Association.

SPRINGFIELD, Ill., June 7.—The National Travelers' Protective association today was occupied in executive session with the case of Louis L. Lebaume of St. Louis, national secretary-treasurer, whose books were examined by experts and who was suspended from office by the national board of directors. J. W. McDonald, president of the national directors, made an address, which referred to the national board of directors and caused considerable excitement.

Deny Rates Are Excessive.

ST. LOUIS, June 7.—The Interstate Commerce commission today resumed its hearing on the testimony of southwestern railroad men in refutation of the charge of excessive freight rates made by the Texas Cattle Raisers' association. Witnesses on behalf of the Santa Fe railroad continued their testimony. The contention of the railroad is that the rates are not excessive, especially in view of the fact that the empty cars bring no revenue on their return trip.

RUSSIANS LOSE TWO SHIPS

Gunboat Giliak Destroyed and Another Ship Bown Up.

IMPRESSION OF FIGHTING PREVAILS

Che Foo Reports Firing Off Port Arthur and People on Hills Saw Flashes as of Guns.

NEBRASKA WEATHER FORECAST

Showers and Cooler Wednesday; Thursday Fair and Warmer.

AUDITORIUM IS OPEN

Building Presented to Omaha and Dedicated with Elaborate Ceremony.

GRAND BALL FORMS THE INAUGURATION

Thousands Witness Splendid Epoch in Social Annals of the City.

INNES AND HIS FAMOUS BAND LEAD

Begin the Festival of Music Which Will Continue Over Two Weeks.

FUNCTION AS WHOLE BRILLIANT SUCCESS

President Nash Gives Auditorium to City and Dr. George L. Miller Receives it in Name of the People.

The first enthusiasm for the new Auditorium burst out with much clapping of hands when the worthy and honorable gentlemen of the board of directors came two by two across the great floor and ascended to their places on the great flower-decked stage. Then the dedication of the Auditorium, which up to that moment had been a bustle of arrival and the chattering of small talk among assembled friends, became a serious matter—a notable and most worthy step in the advance which is making Omaha a truly metropolitan city.

The great hall was incomplete in many details, but so well had the bunting and the palm been used that the dancer and the spectator hardly noticed this fact—the interior lighting, however, was perfect. Red, white and blue was the color scheme and the tricolor had been run about the girders of the unfinished balcony and wound about all the pillars. Above hung the flags of nations and at the south the boxes were resplendent. But the most striking feature of the building which the most effort had been made. A great garden of palms and ferns and blooming things had been grown across the platform, and from underneath the footlights brought a tender green glow upon the leaves. Behind the Auditorium was the drawing of the company, who by their labor and contributions had made the building possible, and above all on his little dais, was Innes, looking behind the scenery, like a very pleased and hardy American Beak, waving in the pulse and gusts of popular approval.

President Nash's Address. At 9 o'clock the directors and officers took their seats upon the platform and Conductor Innes with the touch of his baton as a pointer spread about the first harmony beyond the cheerful crash of hammons. The first act of the Auditorium "Jubel" was the overture. Then President Fred A. Nash arose, and while the people stood below on the dancing floor, formally presented to the citizens of Omaha the Auditorium. He said:

Dr. Miller, Ladies and Gentlemen: It is my pleasure, sir, on behalf of the Omaha Auditorium company to tender to you, sir, the Auditorium which has been erected here for your future enjoyment and benefit, the Omaha Auditorium. Though not entirely complete, it is, however, capable of fulfilling nearly all of the purposes for which it was erected. It is a construction further than to state the fact universally known that the Auditorium of a similar character in the United States, it is excelled by none and equalled by few. I have the honor to express to you, sir, my sincere thanks for the loyal and liberal support which they have given to this enterprise. It is, perhaps, fitting on this occasion to refer to the
