New Hlogan of the Citizens' Alliance in the Cripple Creek District of Colorado.

BELL FORCES UNION MINE TO CLOSE

Emphasizes that Miners Alone Are Responsible for Reign of Violence and Wholesale Deportations Are to Occur.

CRIPPLE CREEK, Colo., June 9.—Death to unionism in the Cripple Creek district is the slogan of the Citizens' alliance, which has sent a decree broadcast that every person connected with any union here must either sever his or her connection with such organization or leave the district.

The latest stand of the anti-unionists was vaguely hinted at two days ago, but the movement on the part of the alliance seemed so absurd to 2,000 or 4,000 unionists in the camp and its enforcement fraught with so many difficulties that it was not taken seriously.

Tyson S. Dines, a Denver attorney and one of the executors of the Stratton estate, is here in conference with the Citizens' alliance leaders and it is announced that he is here preparing forms which will be presented to every merchant and business man and other employers of labor in the entire district, pledging them not to employ any person who is affiliated with a labor union.

No person who works for a living will be exempt and the absolute annihilation of unionism in this county is predicted by members of the Citizens' alliance and the Mine Owners' association.

This is considered the most drastic step yet taken by the alliance since it secured the upper hold in the district and its enforcement will affect 3,000 men and women now affiliated with the various unions. Among the unions that will be affected by the new movement are clerks, cooks and waiters, bartenders, carpenters, electricians, teamsters and stone cutters. The unionists assert they will fight the movement to a finish.

Premises to Punish Criminals.

General Bell issued the following signed statement today regarding the raid on the Victor Record office and the destruction of its newspaper plant:

"I cannot be too emphatic in my condemnation of this un-American attack. Such action as this reflects upon the military, because martial law prevails. As military commander I am solely responsible for the execution of this crime if it is possible.

"I am aware that Editor Kyner was bitterly denounced and threatened and accused of selling out when his editorial appeared asking the Western Federation to call off the strike. The socialist element of the federation were the ones who took the principal stand in this thing. However, whoever the perpetrators of this crime may be, they will land in the bull pen if apprehended."

"Do you think that union miners wrecked your office because of your editorial on Wednesday advising the strike be called off?" Editor Kyner was asked today.

"I unquestionably do not," he replied. "I do not think the editorial was the cause of this at all. We have had rumors of a plan to wreck the office three days ago, before this editorial was published. I asked Major Naylor, the city marshal, for protection. He was willing to give it, but said it would not be necessary and not to fear, as a matter of fact, the union men agree with the sentiment in the editorial and commend my position and may come to me for that special purpose."

F. W. Langston, the linotype operator who was driven out of the Record office at the point of rifles, says that he will not leave the district as ordered. He will send his family away, however. The other employees of the Record also say that they will remain in the city.

WARNS SOLDIERS AND SAILORS

Must Exercise Care in Matter of Phil Land.

(From a Correspondent.)

WASHINGTON, June 9.—(Special Telegram.)—The general land office continues to perfect arrangements for opening the land to the benefit of the soldiers and sailors who desire to employ an agent to register for them have been received from the government printing office and are now ready for distribution. These forms may be obtained by application to the commissioner of the general land office at Washington.

In this connection it may be well to warn veterans against alluring advertisements. At least one of such character has been called to the attention of the land office and the attorney warned. With regard to the use of agents, it is the policy of the land office to employ an agent or attorney is thus set forth in the president's proclamation:

Registration cannot be effected through the use of the mails or employment of an agent, excepting through the use of the mails for employment of an agent, excepting that honorably discharged soldiers and sailors may be employed by act of congress approved March 1, 1901, may present their applications for registration and due proof of their qualifications through an agent of their own selection, having duly executed power of attorney, but no person will be permitted to register more than once in any one year.

Mr. Thomas C. Dawson of Fort Dodge, who has been for nearly seven years secretary of legation at Rio Janeiro, is in Washington. "Tom" Dawson was recently appointed United States minister to San Domingo, and he is expected to depart for that city in a few days.

He will embark for his post on the first steamer sailing from New York. Mr. Dawson will relieve Minister Powell of the conduct of the Dominican mission. Mr. Powell retaining the position of minister to the Dominican Republic.

Loomis' intention, proffering by his own experience as minister in southern countries, to afford Mr. Dawson an opportunity to see as much as possible of San Domingo before he takes up his residence permanently at the capital. To that end he will take the Navy department to have one of the American naval captains take the new minister aboard his ship and visit every one of the principal Dominican settlements before he settles down at San Domingo.

Another cablegram, received from Admiral Chadwick, dated Tangier, today, says:

In explanation of the cablegram of yesterday afternoon relating to landing of marines the Belgian minister is absent. His wife is in the city and the house is isolated.

Hay Instructs Consul Gunniere.

Secretary Hay cabled Consul General Gunniere at Tangier instructions for dealing with the brigand Raisuli, the point being to advise him to refrain from committing the United States government to any guaranty of immunity for the brigands or in any way to take any action that would amount to the recognition of the right of brigandage and blackmail in Morocco. This attitude is well adhered to regardless of consequences to Portugal.

A cablegram received at the State department late this afternoon from Consul General Gunniere at Tangier dated today states that negotiations for the release of Percin and Varley are still in progress, but the sultan's reply to Raisuli's demands as to ransom have not yet reached the bandit.

PARIS, June 9.—Information reaching the Foreign office leads the officials to believe that Messrs. Zolotarev and Varley will be released during the next few days, as the negotiations are tending toward a satisfactory adjustment.

FRANCE IN HARMONY WITH TURKEY

PARIS, June 9.—Foreign Minister Delcasse made a statement in the Chamber of Deputies today giving a summary of the official investigation into the atrocities in Armenia. The question came up on the request of a socialist deputy that France make a naval demonstration against Turkey in order to stop the Armenian persecutions. M. Delcasse said he received a letter from the Russian minister at Constantinople giving the result of the investigation of the French consul sent into the Sassoun district. It showed there had been a number of bloody combats, and villages had been captured by the troops and destroyed. But it was impossible to estimate the exact number of the villages destroyed or the number of people killed. Some accounts say twenty-five villages and others say fifteen villages were destroyed. There was no doubt the uprising resulted in killing of many rebels and also in the death of many peaceful peasants. The Russian minister was beginning to restore confidence. The facts in the case had been exaggerated, but they were none the less deplorable. The porte maintains in Armenia an administration of such character that insurrection is the only recourse for the population.

Continuing, M. Delcasse said: "I have informed the porte that the time for repression is over and that it must beware of what responsibility it incurs. The French government will not cease to do its whole duty."

WANTS UNITED STATES TO ASSIST

Sir Charles Dilke Thinks This Country Should Mix in Congo Affairs.

LONDON, June 9.—During the discussion of the Foreign office estimates in the House of Commons today Sir Charles Dilke (advanced radical) raised the question of the administration of the Congo Free State and saying he believed such a co-operation would be pregnant with good results.

Mr. Dilke admitted by the Belgian government the time had not come to "sweep away all the difficulties and force the government to act by stronger measures than mere words and dispatches with reference to this horrible scandal."

Other speakers supported Sir Charles' suggestion to appeal to the United States.

Travis Out of the Game.

LONDON, June 9.—Walter J. Travis, the American champion, dropped out of the open golf championship contest at Sandwich after today's round, under the rule whereby players with a score of twenty or more are eliminated. Travis' score today was 58 and yesterday 53, a total of 111. Thomson (professional), yesterday's leader, is still ahead with a total of 110.

ANXIOUS TO SETTLE STRIKE

Mine Owners, It is Said, Willing to Make Concessions and Meeting is Talked.

TRINIDAD, Colo., June 9.—A delegate meeting of all the local in district No. 15, United Mine Workers of America, embracing Colorado, Wyoming, Utah and New Mexico, has been called for June 20 at Pueblo to discuss the existing coal strike and decide whether or not the fight shall be continued.

The decision to call a delegate meeting was reached at a meeting of the national organizers now in the district and the district officers. The impression prevails in some circles that the operators have agreed to make a number of concessions. If the miners will put an end to the struggle.

WORKING ON YOUNG CASE

Nan Patterson Said to Have Been Present When Revolver Was Bought.

NEW YORK, June 9.—In his investigation of the mysterious death of "Caesar" Young, the bookmaker and turfman who was fatally shot while riding in a cab with Mrs. Nan Patterson last Saturday, Assistant District Attorney Rand today had a consultation with the widow of the dead man. Mrs. Young, who has been staying at New Rochelle since her husband's death, went to the district attorney's office today accompanied by a woman friend and John J. Millin, who was Young's business partner.

Leaving the district attorney's office today, which had been joined by Dr. Riggs, house physician at Hudson Street hospital, who attended Young in the last few minutes of his life after the shooting, went to the grand jury room.

It was said today by the police that they have positive evidence that the revolver with which Young was killed was bought from a pawnbroker on Friday last, the day before the tragedy, by a man who was accompanied by a woman. It was understood that the pawnbroker has seen Mrs. Patterson and has identified her as the woman who was with the purchaser of the revolver.

Rules with a High Hand.

The Portland is the only large mine in the district that has continued in operation since the explosion at Independence on Monday which killed or maimed more than twenty nonunion miners. The Portland Gold Mining company, through its president and manager, James P. Burns, who is not a member of the Cripple Creek District Mine Owners' association, conceded the demands of the union men when the strike was inaugurated last August, and has steadily given employment to about 600 men.

General Bell also issued the following proclamation, of which over 5,000 copies were posted:

VICTOR, Colo., June 9, 1904.—To the People of the State of Colorado: It having been made known to me as commander of the military forces in the district that certain depredations have been committed and that property has been wantonly destroyed and the laws of the state violated, notice

MARINES LAND AT TANGIER

Unarmed They Guard the Home of Wife of Belgian Minister.

SULTAN GRANTING DEMANDS OF BANDIT

Work Proceeding Slowly so as Not to Unduly Excite Inhabitants and Show Weakness of Ruler.

TANGIER, June 9.—The American consul has sent two unarmed marines to the residence of Countess de Ruisseau, formerly a Miss Story of New York, wife of the Belgian minister. The countess is living in an isolated house, and as the count, her husband, is at Fez, the marines were sent to her house as a precautionary measure. These are the only American marines landed here.

The sultan's troops at Tangier have received orders to proceed to Fez. Thus another of Raisuli's conditions have been granted. The sultan apparently is granting the bandit chief's demands piecemeal so as not to unduly excite the Moors or emphasize his humiliating position.

Letters received from Ferdinand, the kidnaped American, say he is suffering from sickness and a doctor of the United States cruiser Baltimore is under orders to proceed to see him. Negotiations for a safe conduct are proceeding.

The negotiations for the release of the captives are progressing slowly. The United States consul general, Mr. Gunniere, says he doubts whether Raisuli will give a safe conduct to the doctor of the Baltimore to go and return. If he goes he will be accompanied by the sheriff of Wasan only.

The situation remains unchanged here and in the outskirts of Tangier. The new pasha has been received favorably.

It is rumored at Fez that the French government has proposed to the sultan to adopt measures to assure the police security for the population at Tangier.

Admiral Chadwick Reports.

WASHINGTON, June 9.—The Navy department received the following cablegram from Admiral Chadwick, dated Tangier, June 8:

The minister of foreign affairs has instructions from Fez, Morocco, according to all demands of Raisuli.

This is a positive injunction to refrain from committing the United States government to any guaranty of immunity for the brigands or in any way to take any action that would amount to the recognition of the right of brigandage and blackmail in Morocco. This attitude is well adhered to regardless of consequences to Portugal.

A cablegram received at the State department late this afternoon from Consul General Gunniere at Tangier dated today states that negotiations for the release of Percin and Varley are still in progress, but the sultan's reply to Raisuli's demands as to ransom have not yet reached the bandit.

LEVI Z. LEITER IS DEAD

Chicago Capitalist, Father of Lady Carson, Passes Away at Bas Harbor.

BAR HARBOR, Me., June 9.—Levi Z. Leiter of Chicago died of heart failure today at the Vanderbilt cottage here, which the letters had taken for the summer. Mr. Leiter had been here for a long time, but up to yesterday he was able to take his usual drive. A weakness of the heart developed shortly after midnight and death occurred at 1:30 a. m. Mrs. Leiter and two daughters were by the bedside at the last.

Mr. Leiter was 70 years old. He was the father of Lady Carson of Kestonville, wife of the viceroys and governor general of India, of Miss Daisy Leiter, whose beauty has been the subject of note in English court circles, and of Joseph W. Leiter, speculator and investor.

It is reported that Mrs. Leiter was seriously ill messages were sent to the son and today other members of the family were notified of the death. It was stated today at the Leiter cottage that pending the arrival of Joseph Leiter the time of the funeral would not be settled. Mrs. Leiter accompanied the service which was held in Washington, D. C.

The letters are well known here. They have been among the summer residents for a number of years.

The drive taken yesterday by Mr. Leiter covered a distance of about twelve miles. He had been feeling unwell for some time on his good spirits. He spent the evening walking about the estate. The attack which seized him during the night was similar to others which he had experienced and for which he kept remedies prescribed by his physician constantly at hand. Mrs. Leiter said she had been troubled by indigestion and the usual medicine, but when the remedy failed to have the desired effect the doctors were summoned and a doctor was sent for. Meanwhile repeated doses of the restorative brought no response on the part of the patient and before the doctor arrived Mr. Leiter was dead.

CHICAGO, June 9.—Levi Z. Leiter was one of the most prominent of the pioneer merchants of Chicago. He began his career in this city in 1855 as an employee of the dry goods firm of Conley, Wadsworth & Co., later becoming a partner in the firm. In 1868 Leiter and Marshall Field bought the controlling interest in the dry goods business of Potter Palmer, the firm becoming one of the most prominent in the west. Leiter retired from the dry goods business in 1881, since which time he has devoted much of his attention to the improvement and management of his extensive business properties and corporation interests.

REPUBLICAN LEADERS AT CHICAGO

Making Ready for the Big Gathering.

CHICAGO, June 9.—Interest is growing in the republican national convention, which assembles here a week from Monday next. Republican leaders already here are arranging the plans for the convention and have things pretty well under way. It has been far agreed that Joseph M. Cannon, speaker of the house of representatives, will be permanent chairman of the convention. Hon. Ethilo Root, late secretary of war, will be the temporary chairman and will organize the convention, turning the body over to Uncle Henry D. Eastbrook, orator of the day.

Ex-Governor Frank Black of New York will have the honor of placing President Roosevelt's name before the convention. Mr. Roosevelt will not be present when he is nominated. Ex-Senator Edward O. Wolcott of Colorado will place Senator Fairbank's name before the convention.

This is as far as the nominating speeches are known. It is agreed by all that Secretary Cortelyou will be named as chairman of the national committee. He has the support of the president and no opposition to his choice has been manifested anywhere.

Unless the contests before the committee on credentials require more time than expected the convention will continue for three days. The session will probably be short, of only two or three hours' duration. The first day will be devoted to the temporary chairman's report and the announcement of the committee.

Adjournment will then be taken until the following day, when the committee on credentials will report and the convention will be permanently organized. After the report is made by the committee on resolutions is adopted and the convention nominates the president. The program contemplates nomination for vice president on the third day, June 23.

Secretary Elmer Dover of the national committee has nearly completed the list of officers. The list is between twenty-five and thirty. Contests will be held in Wisconsin, Texas, Delaware and Louisiana. The majority of the disputes are from congressional districts, the south sending a large majority.

STRIKE IS NOT EFFECTIVE

Managers of Steamship Lines Say Work is Proceeding as Usual.

NEW YORK, June 9.—The strike of the marine firemen from the coastwise steamships, which is said to have started yesterday by the Atlantic Coast Marine Firemen's union, seemed to cause a diversion of opinion today. While the union officers said that 1,000 men are already out and that the boats of the Ward, Porto Rico, Red D and Mallory lines were unable to run, the officials of these lines practically denied any strike at all. The union yesterday issued a strike order against the coastwise lines, but the four mentioned, along with the other steamship lines, the Dominion, Clyde, Panama and Morgan lines.

At the Red D line about a dozen firemen are said to have struck yesterday, but according to Superintendent Dalles, their places were quickly filled.

The line which the officials said would be most seriously crippled at present is the Ward line. The officials of that line, however, denied any serious trouble, and at the same time said that the Mallory line it was said that the effect of the strike order had not been felt.

BOSTON, June 9.—The Clyde line and Merchants and Miners reported today that their business had not been delayed as yet by the strike order. The firemen of the Joy line steamer Dominion struck about a week ago, but after slight delay the places of the men were filled. The company expected to have new men ready to take the places of the firemen on the other Joy line boats running to this port today.

Up to this forenoon less than thirty firemen were out in Boston.

All Plans for Semi-Centennial Celebration Are Entirely Made.

DEMONSTRATION WILL BE THREE-FOLD

Grand Military and Civic Parade, Exercises at Auditorium and Old Settlers' Reunion at Orpheum the Program.

Semi-Centennial Program.

Weather—Partly cloudy; showers in north and east portions.

Everything is in readiness for the big semi-centennial celebration of the organization of Nebraska as a territory today, on which the local committee have been working for many weeks.

Hon. Henry D. Eastbrook, the orator of the day, arrived in the city yesterday, accompanied by his wife, and they will be the guests of Mrs. Eastbrook's parents, Mr. and Mrs. O. D. Campbell, for several days. A special committee which was to receive Mr. Eastbrook failed to connect and Mr. Eastbrook said he was glad of it because he knew the way about town himself, having been raised here and lived here for the greater part of his life. He made an appointment to inspect the Auditorium during the day and to give suggestions as to the locations and arrangements for the speakers.

The celebration planned by the committee will take a three-fold form. A grand military and civic parade, participated in by all the uniformed organizations, the guests of the city and territorial pioneers, will form to start at 2 p. m. and traverse the principal streets of the city. The parade will be followed by the formal exercises at the Auditorium at which Dr. George L. Miller will preside and Innes' band will contribute the musical numbers. In the evening at 8 o'clock the old settlers' reunion will be held at the Craghton Orpheum theater where Judge George E. Lake will be the presiding officer. The detailed program will be as follows:
