

JAQUITH BARELY SAVES SELF

Makes Good on Corn Corner with Not a Second to Spare. GETS GRAIN OUT AT VERY LAST MINUTE

The so-called corn corner which A. B. Jaquith attempted to run on the members of the Omaha Grain exchange wound up at 11 o'clock Thursday night with a great deal of excitement. The new grain tariff adopted by the railroads went into effect at that hour and all of the grain had to be loaded and billed out in their names as fast as signed in order for the shipper to get the advantage of the low grain rates which have been in effect to the east. Had the grain been billed out a few minutes after 11 o'clock it would have cost the shipper 7 cents per hundred pounds more freight to lay it down in the Chicago market.

All of the grain sold to Mr. Jaquith was ready for delivery and much of it was loaded in the cars, but Jaquith at the last moment, when the elevators were ready to turn over large quantities of the cereal to him, refused to accept it, except on the condition that he be allowed to retain the warehouse receipts. This the elevators refused to concede and there was a hitch in the proceedings. It was finally arranged, after a great deal of parleying, that the dealers who held corn for delivery to Mr. Jaquith should load it onto the cars and have it billed out in their names at Chicago. It could then be looked over by the chief inspector this morning after the billing was made out and re-recognized in the name of Mr. Jaquith, his contention being that the subinspectors had not graded it properly and he wanted the chief inspector to go over it.

Plans Agreed on After All. This arrangement was agreed to at a late hour last night. When the agreement was reached Mr. Jaquith got busy and called up the freight agents of the various railroads over which the corn was to be shipped, in order to get it billed out. The agents hunted down as fast as they could find means to convey them and the necessary papers were made out and signed. Men were dispatched to Council Bluffs in carriages to look after the billing out of the grain, which was about cars at that point. One elevator over there handled and loaded 50,000 bushels of corn during the day and up to 12 o'clock last night for Mr. Jaquith. By hard work and much haste and confusion the last of the bills were made out and signed by 12 o'clock. It is said that some of the bills for shipments via the Great Western were signed within one minute of that hour. Each bill that was signed saved Mr. Jaquith about \$42 in freight charges.

OMAHA PEOPLE AT MEETING

Several Local Educators Will Be Active in National Convention at St. Louis. The official program bulletin of the forty-third annual convention of the National Educational Association has just been issued, announcing the meeting to be held at St. Louis, from June 27 to July 1, in connection with the Louisiana Purchase Exposition. The general session will be held in Festival Hall. The most complete arrangements have been made for the reception of visiting teachers. Representatives of the local reception committee, wearing distinctive badges, will be in attendance to meet all incoming trains from June 25 to 28 of the evening. Guides, wearing distinctive badges, will accompany to their destinations those who desire an escort. These guides are not to receive any remuneration from delegates or services rendered and the local committee especially requests that no money shall be offered them. Among those prominently identified with the national meeting in various capacities are E. J. Hedwell of Omaha, superintendent of Douglas county schools, one of the organizing managers; secretary, department of kindergarten education, Mrs. O. S. Chittenden, Omaha; secretary, department of science instruction, A. S. Pearce, Omaha. One of the leaders in the discussion of the topic of physical science and the value of chemistry in secondary education is H. A. Senter, instructor of chemistry, Omaha High school. Prof. G. W. A. Luckey, professor of pedagogy in the University of Nebraska, is one of the leaders in the discussions pertaining to the department of normal schools. Chancellor E. Benjamin Andrews of the University of Nebraska, will be the principal speaker at the meeting of the department of higher education, which will be held Friday afternoon, July 1, at 1:30 o'clock. He will speak on the "Present Tendencies of College Athletics." This meeting will be held in the library of Hall of Congress.

LITTLE PUPILS IN A PLAY

Children of Froebel School Present Operetta as Their Closing Exercises. The annual commencement exercises of the Froebel school, Twenty-sixth and Farnham streets, were held yesterday in the auditorium of Chambers academy. The principal part of the exercises was the presentation of an operetta, "A Midsummer's Day," by F. E. West. Forty little folks, from the kindergarten to the sixth grade, occupied the stage at different times and acquitted themselves in a pleasing manner. Much credit is due to Miss Blanche Sorenson, musical instructor of the school, for the efficient manner in which the children had been trained for the event. Miss Sorenson rehearsed and directed the operetta and arranged the dances and drills. Miss Georgia Patterson designed the costumes. Miss Hope Hanchett had charge of the stage decorations, while Mrs. M. J. Harris acted as stage manager. These pupils of the school took part in the operetta: Queen of the Flowers, Esther Wilhelm; King of the Flowers, Clarence Lauberson; Queen of the Fairies, Harriet Smith; Goddess of Evening, Frances Ebersole; Herald, Garnet Warren; butterflies, Marion Heald and Helen Walker; poppies, Mildred Warren, Elliott Rubenstein, Simpson Burke and Huntington Smith; pansies, Gladys Eitzenbecker, Charles Burgess, Dorothy Daniels and Helen Patterson; cornflowers, Leta Robbins, Wynan Robbins, Howard Nelson and James Brown Wyman; bees, Neil Payne, Dick Payne, Ted Millard, Wallace Lomax, Hugh Millard, Barnett Yetter, Stephen Ives, Edward Berry, Tin Lee and Goo Lee; fairies, Olga Metz, Margaret Hows, Dwight Danforth, Esther Larson, Anna Miller, Helen Borsheim, Hope Heller, Blanche Welch, Louis Burgess, Ted Montgomery and Francis Gerhart. Simpson Burke rendered an acceptable violin solo. Miss Lois De Jarnette and Mrs. Ed D. Burke were the accompanists.

WEEPS WHEN INNES PLAYS

Old Veteran is Stirred by Emotion When Band Plays War and Peace. The power of music was well exemplified Friday night at the Auditorium when Innes' band and the festival chorus, assisted by the three companies of the National Guard, produced "War and Peace." Among the veterans of the civil war who were present because of the patriotic character of the program, was William Coburn, secretary of the Board of Public Works. It was well into the second part when the tears began to roll down Mr. Coburn's cheeks. The thought of the home associations, of the time when he left his mother and father and sisters in Iowa and went to the front, stirred his emotions. "Scenes and episodes that were dormant in my memory were refreshed and made to seem as though they had happened but yesterday," said Mr. Coburn. "I remember that I insisted upon kissing my mother good-by at home and not allowing her to come to the train. But the girls of the place were all there. After we were in the train and seated they swooped through and kissed each one of us. But one girl—my girl—did not kiss me. She said she couldn't."

CADETS READY FOR OUTING

Advance Guard Goes to Missouri Valley to Prepare Field for the Battalion. The Omaha High school cadets will go into camp at Missouri Valley this morning. An advance squad composed of twelve members of the signal corps under Cadet Lieutenant Withrow went to the grounds this morning in order to have the field in condition for the battalion. Unless there is more rain the grounds promise to be in fine condition. The battalion under the leadership of Commandant Stogdall, will leave the High school about 8:30 and will encamp at the Webster street station at 9:30, special service being provided by the Northwestern. Return will be made next Thursday evening. Sunday in camp is a new departure for the cadets. In the morning every young guardsmen will be required to attend services at one of the churches at Missouri Valley and in the afternoon the Young Men's Christian association will send special representatives from Omaha and hold services in camp. The excursion for the benefit of the High school girls and parents and friends of the cadets will be run on Wednesday, the round trip being \$1. The schedule of the train has not been announced.

KENNEDY WANTS TO BE JUDGE

Announces His Candidacy for Place on Bench Now Filled by Bartlett. Howard Kennedy, Jr., has announced that he is a candidate for the republican nomination for district judge to fill the unexpired term of Irving F. Baxter now filled by appointment by Judge E. M. Bartlett. According to law Judge Bartlett's incumbency ceases as soon as a judge can be elected at a general election. It is expected that Judge Bartlett will be a candidate for the republican nomination and it is said, also, that former Judge Dickinson may enter the list. Mr. Kennedy has been practicing law at the Douglas county bar thirteen years and lived in Omaha all his life. He has never filled a judicial or other public office. According to report he anticipates the support of the "anti" faction. Change of Time. On Rock Island System, effective Sunday, June 5, several important changes in and out of Omaha Union station. Consult time card in another column. Marriage Licenses. Up to noon, June 10, the following couples had been licensed to wed: Ago. BOXES ARE IN GREAT DEMAND Auditorium Seats Much Sought After and They Are Being Well Arranged. The boxes on the south side of the Auditorium are in great demand. Single seats have been selling for 75 cents. Manager O'Hara is having them arranged so as to seat fifteen people and for Sunday night and later concerts will place them on sale to parties for \$7.50. Some specially good seats are being built in front of the rear balcony. One section was placed here for the orchestra during the ball and there has been such a demand for seats there that the carpenters put in three more sections, making four, each seating thirty people. These seats will sell for 50 cents and give a fine view of the hall, and are particularly well located for hearing the music. The rear part of the stage, a region of 60x2 feet, is being elevated six inches. This is to bring the chorus and the children when they sing a little above the heads of the bandmen. The ball tickets, so far as heard from, have brought the company a little more than \$1,000.

PHOTO, 50c and up. 1313 Farnam street. YOUNG WOMAN PAYS A WAGER AND EVERYBODY WHO WILL PARTAKE OF HER VILANDS. There was a plethora of pie at the city hall. It was together too much pie for Elevator Conductor Jerry McMahon, although he did his best to eat it. Finally, when it was seen that the appetite of McMahon was in disappointing ratio to the proportion of pie, City Attorney Wright was pressed into commission on a slice; but there was still pie, and Assistant City Attorney Herdman helped himself to a large morsel; still there was pie and City Claim Agent Cookrell was called upon to assist in disposing of the pastry. The judge, a gallant and chivalrous old soldier, did his best; but again, however, still there was pie. City officers, employees and clerks were summoned and were fed with pie. They were made to eat it and still there was pie. Miss Mabel Vichers, stenographer in the legal department, paid for the vilands. She was of the opinion that the district court would permit Tom Dennison to be hauled away to the Hawks state. Jerry Mc-
