

DETECTIVES ON THE STAND

Officers Who Shadowed Dennison Twelve Years Ago Testify.

SAVAGE THINKS SUSPECT DID NOT KNOW

Judges Will Not Admit Newspaper Story of Pollack Robbery Printed at Time of Commission.

The hearing of evidence tending to prove that Tom Dennison is not a fugitive from justice was resumed before Judge Day, Tuesday, in the district court yesterday morning.

The first witness put upon the stand was Miss Tobitt, city librarian, who was asked to identify the files of the Omaha daily papers kept at the library, which contained an account of the Pollack diamond robbery on the morning of November 5, 1892. It was then sought to introduce the printed account of the crime, as tending to show that Dennison knew he was being shadowed by detectives, thus showing the improbability of his having left the city during the time it is claimed he was in Iowa.

Not Out of Detective's Sight. In the direct examination Savage said that during the time he shadowed Dennison the latter was not out of his sight more than two hours at a time on any occasion during the eighteen days. He lived at the Arcade hotel and spent most of his time there and in Sonenberg's pawn shop. Witnesses watched him from the Millard hotel across the street, from a nearby drug store and from various other places on Douglas street between Twelfth and Fourteenth streets. He did not follow him into any of the places named and had no means of knowing what he did or with whom he talked while there. It was also a part of his duty to watch Sonenberg, and he did so incidentally.

Why were you detailed to watch Dennison and Sonenberg? asked the attorney. "Because Pollack had displayed his diamonds in Sonenberg's shop to Dennison and Sonenberg the day before he was robbed of them."

"Sonenberg's place was recognized by the police as a fence and a hang out for thieves, was it not?"

"I cannot swear that it was."

"Is it not true that all pawn shops are resorts for thieves?"

"No, it is not true; sometimes they take stolen property to pawn shops to sell, but very many times they do not dare to."

When pressed for a detailed statement of Dennison's movements, what sort of clothes and hat he wore and his general appearance, the witness said he was unable to tell anything about him further than that at that time he wore a beard.

He and Dennison Acquainted. "Dennison knew you, didn't he?" asked Mr. Thomas.

"I think he did."

"Don't you know that he did?"

"Yes."

"When you reported to Chief Seavey and by him called upon the carpet for having been seen talking with Dennison during the time you were supposed to be shadowing him?"

"Yes, I was."

"You did talk with him during this time didn't you?"

"Yes, I passed the time of day with him once."

"Will you swear that Dennison didn't know you were shadowing him at this time?"

"No, I cannot say what he did or did not know."

"Don't you know that he knew you were shadowing him?"

"No; I do not think he did know it."

Changing his tactics with regard to the witness, Mr. Thomas brought out the fact that since Sergeant Hayes testified last Friday, at which time all other witnesses were excluded from the room, a verbatim report of his testimony had been read in the presence of the present witness by Mr. Connell and for this reason Mr.

Thomas asked that Savage's evidence be stricken from the record in toto. This was argued at length, the court taking occasion to emphatically condemn the proceeding. Mr. Connell as emphatically denied having done it for the purpose of influencing the evidence to be given by Savage, and Mr. Thomas' motion was finally overruled.

Sergeant Dempsey of the police force was the next witness and testified to substantially the same facts as those given by the previous witness.

LA BEAUM FULLY EXONERATED Secretary of Travelers Freed from All Blame, Say Nebraska Delegates, Who Return.

The Nebraska delegates to the Travelers' Protective association's national convention, held at Springfield, Ill., have returned and are very enthusiastic over the affairs of the association.

The principal feature of the convention was the reinstatement of Secretary Louis T. LaBeaum of St. Louis, who was ousted from his office some time ago by the executive board on charges of misappropriation of funds of the order. The books of Mr. LaBeaum were taken into the convention and examined; experts reported on them, and the result of the examination was that the secretary was reinstated by a vote of 28 to 2.

Horace Starr of Richmond, Ind., was elected national president of the order, and the meeting throughout was very harmonious. Nebraska was represented in the convention by nine delegates. It was through the examination of the books of Mr. LaBeaum that he had accounted to the order for every cent collected while he was in office.

DR. McNEAL IS PRESIDENT Amos College Dean Chosen Head of Missouri Valley Veterinarians.

ASSOCIATION HOLDS ANNUAL MEETING Concludes Business in Time to Be Guests of Ak-Bar-Ben Board of Governors at Their Den.

The fortieth regular and tenth annual meeting of the Missouri Valley Veterinary association, comprising the states of Iowa, Nebraska, Missouri and Kansas, assembled at the city hall this morning at 9 o'clock. The officers of the association are Dr. F. E. Brown of Kansas City, Mo., president; Dr. Charles Steel of St. Joseph and Dr. Charles Saunders of Eldorado, Kan., vice presidents, and Dr. B. F. Kaupp of Kansas City, Mo., secretary.

Dr. J. L. Gibson, Denison, Ia.; Dr. W. D. Hammond, Wayne, Neb.; Dr. G. A. Kay, Assoc. Ia.; Dr. G. R. Young, Omaha; Dr. J. H. Gain, Lincoln; Dr. D. H. Miller, Hobro, and Dr. A. A. Munn, Holbrook, Neb.

Dr. H. Jensen of the legislative committee submitted a brief verbal report regarding the progress of legislative matters pertaining to the association, but deferred a full report until the arrival of the other members of the committee.

Recommends Colorado Bill. Dr. Peters of Lincoln spoke briefly upon the bill submitted to the last Nebraska legislature and which failed of passage, regarding the prevention of the unlawful practice of veterinarians in this state and advocated the formation of a bill similar to the Colorado bill, which he thinks is nearly perfect. The matter was briefly discussed by several members and was finally referred to the incoming legislative committee to be appointed by the new president to be elected at this meeting.

Two amendments to the by-laws of the association were passed after some discussion which had been formally submitted at the last meeting of the association. The first was an amendment or substitution for article I, chapter 2, which provides for the regular meeting to be held hereafter the second Mondays of January and June of each year, the places of meeting to be designated by the officers and board of censors. The second amendment was a substitute for article I, chapter 4, which provides eligibility to membership shall require that the applicant be a graduate of some regularly organized veterinary school, college or university recognized by the American Veterinary association. This latter proposition was discussed pro and con, as being too drastic.

Amendment is Adopted. An amendment, however, prevailed that all applicants for membership who had matriculated in the fall of 1903 were eligible and that the proposed amendment should go into effect at the January, 1905, meeting. The first proposition was then adopted by a rising vote and the second amendment with its amendment was unanimously adopted by a rising vote.

The election of officers then followed, with this result: President, Dr. John McNeal, dean of the Veterinary college at Ames, Ia.; first vice president, Dr. V. Schnafer, Tekamah, Neb.; second vice president, Dr. Daniel Miller, Harlan, Ia.; secretary-treasurer, Dr. B. F. Kaupp, Kansas City, Mo.

A motion prevailed that the secretary-treasurer should receive as compensation \$25 per year and his expense.

OMAHA, June 13.—Temperature Sunday: Minimum, 64; maximum, 82. Tuesday we expect the weather to be fair and warmer.

S. W. Lindsay, Jeweler. 1516 Douglas St.

These were elected the board of censors: Dr. John H. Jensen, Weeping Water, Neb.; Dr. F. F. Brown, Kansas City, Mo.; Dr. L. E. Gibson, Denison, Ia.; Dr. A. Trickett, Kansas City, Mo.; Dr. N. S. Mayo, Manhattan, Kan.

President F. F. Brown then read his annual address, which treated upon the work of the association and the beneficent results of the organization in the advancement of veterinary science.

Papers were then read upon technical subjects by Dr. G. R. Young, "How to Treat Flatulency" by Dr. W. A. Thomas, on "Plants Poisonous to Cattle and Hogs," and by Dr. O. O. Wolf, on "Abortion."

In the afternoon the association adjourned to the veterinary hospital of Dr. H. L. Ramonoff, at Twenty-eighth and Mason streets, where a clinic was held. Interesting operations were performed and several cases were presented for diagnosis.

A special early meeting was held at the city hall last evening, beginning at 6:30 o'clock, when several papers were read, notably on the "Gonorrhea Disease," by Dr. A. Bostrom; "Strangury of Alimentary Tract in Calves," by Dr. J. W. Conway; "Veterinarians as Sanitarians," by Dr. A. W. Miller; "Tuberculosis in Hogs," by Dr. J. C. Matshall. These were followed by reports of special cases. The delegates were the guests of Ak-Bar-Ben at the den.

BOY GOES HOME WITH FATHER John Head of Jefferson, Ia., Arrested in Local Resort, Pleads Guilty.

John Head of Jefferson, Ia., the young man who was arrested Saturday afternoon by Officer Sandstrom at the resort of Besse Wear, 108 North Ninth street, has been fined \$60 and costs in police court.

Mahlon Head, the young man's venerable father, who came from Iowa to look after his son, paid the fine and took his son back to Jefferson with him.

"As John Head pleaded guilty to the charge against him there was no need of introducing the evidence of the Wear woman or Bertha Walling, the young woman from Jefferson, and whom it is said came to Omaha at the instigation of Head with Mrs. Head. It is stated that Miss Walling is still at the resort, while Mrs. Head left the place Saturday to go to her sick children at Jefferson. In police court the father, a prominent banker and member of the Iowa legislature, intimated that while his son had caused him much grief, yet the daughter-in-law was not altogether blameless. He pleaded with the court for leniency on behalf of his son and stated that he was anxious to take his son home and try and mend his ways.

Judge Berka imposed a fine rather than a sentence, saying that John Head deserved ninety days.

Mrs. L. C. Glover, Vice-President Milwaukee, Wis., Business Woman's Association, is another one of the million women who have been restored to health by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I was married for several years and no children blessed my home. The doctor said I had a complication of female troubles and I could not have any children unless I could be cured. He tried to cure me, but after experimenting for several months, my husband became disgusted, and one night when we noticed the testimonial of a woman who had been cured of similar trouble through the use of Lydia E. Pinkham's Vegetable Compound, he went out and bought a bottle for me. I used your medicine for three and one-half months, improving steadily in health, and in twenty-two months a child came. I cannot fully express the joy and thankfulness that is in my heart. Our home is a different place now, as we have something to live for. The credit is due to Lydia E. Pinkham's Vegetable Compound. Yours very sincerely, Mrs. L. C. Glover, 614 Grove St., Milwaukee, Wis."—Vice President, Milwaukee Business Woman's Association.—\$5000 profit if original of above letter published.

WHAT CONSTITUTES A LUNCH Definition Sends Judge to Dictionary, While Prisoner Goes to Jail.

What constitutes a lunch in the ordinary acceptance of the term is the question that is bothering Police Judge Berka. Webster says a lunch is a light repast between breakfast and dinner. G. R. Madison, arrested Sunday on a charge of being drunk, said when arraigned in police court that he had merely taken a lunch. And now the police judge is of the opinion that Webster's definition, "light repast," is ambiguous and elastic if a man can take a lunch and become intoxicated.

Judge Berka is now consulting the authorities to ascertain whether Webster had in mind malt, spirituous and vinous liquors or merely was thinking of such specific edibles as bread and butter, cold tongue, sliced ham and water biscuits and such soothing drinks as iced tea and lemonade. In the meantime Madison will be serving out a five-day sentence to get the effects of the "lunch" out of his system.

TRIES TO ASSAULT OFFICER Offended Great Falls Water Pitcher at Head of Detective Maloney.

Frank Kernan, a guest at the "Rusty Shovel" rooming house, tried to put Detective Maloney on the active list Sunday afternoon with a water pitcher. Kernan was fined \$6 and costs in police court.

A SKIN OF BEAUTY IS A JOY FOREVER. DR. V. FELIX GOULAUD'S ORIENTAL CREAM, OR MAGICAL BEAUTIFIER. It cures all skin diseases, such as pimples, freckles, blotches, etc. It makes the skin soft, smooth and beautiful. It is the best skin preparation ever made. It is sold by all druggists and beauty parlors. Price, 25c per box. Dr. V. Felix Goulaud, 37 St. James St., N. Y.

HAND SAPOLIO, for toilet and bath, is a delicate preparation, as necessary for you as Sapolio is for the home. Should be on every washstand. It keeps the skin soft, removes stains, and in the bath aids natural changes of the skin, and gives delightful sensation of new life. Try a cake.
