

AFFAIRS AT SOUTH OMAHA

City Council Transacts Large Volume of Important Business.

MEMBERS OF BOARD OF REVIEW NAMED

J. M. Tobias and M. Mabery Will Assist Tax Commissioner O'Neil in Revising Local Assessment Rolls.

Two members of the Board of Review were appointed at last night's meeting of the city council.

The council will meet at the clerk's office on June 21 and 22 and sit as a Board of Equalization on ordinance No. 106, which is the general wooden sidewalk ordinance.

A. L. Bergquist was given permission to lay a portion of the street in front of his present building, Twenty-fourth and L street, while the construction of a new building is going on.

City Treasurer Howe was directed to proceed at once to enforce the collection of personal taxes.

A revision of the ward boundaries was talked of and a special committee was appointed to look into this matter.

Some tax claims were adjusted upon the advice of the city attorney, the city throwing off the interest where the principal was paid.

Another meeting of the council will be held this evening for the purpose of passing some sidewalk ordinances.

Bank Deposits Increase. In compliance with an order from the comptroller of the treasury, received yesterday, the three national banks prepared statements showing the condition of their business when the banks closed on June 8.

The previous call for a statement was made on March 28.

By the figures prepared by the banks last night in response to the call, an increase in deposits since March 28 of \$831,402 is shown.

Loans and discounts of the three banks show an increase of \$284,250. Cash on hand and sight exchange shows an increase of \$503,920.

It is stated at the banks here that the large increase in deposits at this time is caused partly by the country banks sending money here to be placed on deposit subject to draft.

One banker said that the farmers and feeders throughout the state find a large portion of their cattle and that the money had been deposited in country banks.

The country banks, not desiring to keep large sums on hand, had sent consignments to the South Omaha banks. This money sent from country banks does not draw interest, so the bankers say, but is merely placed to the credit of outside banks to be used as desired.

Live Stock Exchange Meeting. At yesterday afternoon's meeting of the South Omaha Live Stock exchange a committee from the Omaha Commercial club presented an invitation to the exchange to take a trip over the Union Pacific lines in Nebraska.

The invitation was accepted. Secretary Guild said that he expected that there would be a carload of boosters for this market ready to go on the three days' trip, which commences on June 23 and ends on the night of June 25.

Mme. Yale's Hair Tonic

FOR CHILDREN AND ADULTS ANTISEPTIC AND HYGIENIC

A Hair Invigorator. Just what its name implies. It supplies nourishment, the elements of growth, which, when absorbed by the hair, strengthens and beautifies it in the same way that soap glorifies the foliage of a tree.

When the follicles are seemingly dead, if the scalp is massaged daily with Mme. Yale's Hair Tonic a vigorous growth will be produced. It has honestly earned its title of "the great hair grower."

Mme. Yale's Hair Tonic is prized equally by men and women, particularly when the hair begins to weaken or fade. Cures baldness, grayness, splitting of the hair, dandruff and all diseases of the hair, scalp and beard.

Mme. Yale's Hair Tonic is a colorless, fragrant, delightful hair dressing; neither sticky, gritty nor greasy; makes the hair soft, fluffy and glossy.

Drug Dept., Boston Store

On the solicitor or so-called financial agent proposition no action was taken, it being decided to defer the matter until the meeting to be held this afternoon.

City Interested with Tramps. During the last few days tramps have been pouring into the city and in spite of all the limited police force can do some manage to get away. Sunday night two dozen were arrested and detained over night.

The police do not seem to know where all the tramps are coming from just now, but they are here just the same. Those who escape the officers detailed to watch the railroad yards make a break for the residence portion of the city and demand something to eat.

Cattle Loan Company Protest. A communication has been received by City Clerk Gillis from the attorneys for the Omaha Cattle Loan company. A protest is made against paying taxes on a corporation where the stock is held by persons residing outside the state of Nebraska.

Auxiliary Elects Officers. The following officers have been elected by the Women's Auxiliary of the South Omaha Christian Association: Mrs. W. McBurney, first vice president; Mrs. N. R. Bryson, second vice president; Mrs. J. H. Berry, secretary; Mrs. R. O. Haskinson, treasurer.

Totals Completed Today. Tax Commissioner O'Neil asserts that the city assessment for 1904 will be tabulated by noon today.

Butchers' Union Stands Alone. Following the action of the Amalgamated Meat Cutters and Butchers' association of North Omaha, taken at Chicago, the Packing Trades council here has declared that it has ceased to affiliate with certain local unions.

There was little comment on this new order in South Omaha yesterday, as the matter had been discussed at the Cincinnati convention and the understanding was that the order prohibiting the Amalgamated association from affiliating with unskilled labor and other orders not chartered by the association would be issued about the middle of June.

John Gorman of Ashland was in the city yesterday, visiting friends.

EAGLES IN THEIR FLIGHT

Samson Snares a Bunch of the Brave Birds of Freedom.

ONE NIGHT GIVEN THEM AT THE DEN

Three Hundred and Eighty-Four Get All that is Coming to Them and Do Not Ask for Change or Checks.

Yes! Yes! It was Eagles' night at Ak-Sar-Ben den Monday night. And there was no mistake about it.

Three hundred and eighty-four Eagles, American, bald-headed, golden, harping and other kinds of eagles, all good birds, soared from their various perches to pay homage to King Ak-Sar-Ben.

The new vassals to the kingdom of Quivira gathered at the rookery of the Omaha arena and above board, even if with colors flying to the den, where all was in readiness for their reception.

After the Grand Buzzards had read the riot act and performed the other functions of his holy office, and the Great Grand and Supreme Scribe read the minutes of the last mobilization, the fuse was lighted and the feathers began to fly.

The fragments of eagles that were left after the commencement exercises were concluded, were gathered up by the stewards and taken into the banquet hall.

RESENT SLUR ON DEPARTMENT. Baxter and Mathews Explain Why Federal Court Funds Are About Exhausted.

Regarding story printed in a local paper that federal court in Omaha would need to be brought to abrupt ending this term because of a lack of funds and the particular statement by that paper that there is a pleasing coincidence that this shortage of funds should occur just at this juncture, which means that the Colby and cattle fencing cases, and others to which more or less political significance is attached, District Attorney Baxter said:

"It is a gratuitous and uncalled for reflection upon the department of justice and is not at all warranted by the facts. It was intended by this office to begin the trial of the cattle fencing cases, three of them, early next week. The witnesses already have been summoned, but owing to the condition of the public finances for operating the court, I have today telegraphed the witnesses that they need not come."

"This shortage of funds is not at all an unusual occurrence at this particular season of the year, being the close of the fiscal year in all of the government departments. This state of affairs cannot be foreseen at the time the requisition for funds is made, which are usually for the quarters. It is not usual that the courts continue so closely upon the end of the fiscal year. In view of this fact Judge Munger has sought to have introduced a bill in congress setting the date for the spring term of court a month earlier than at present so that the present contingency may not occur. He will urge the passage of such a measure at the coming session of congress."

"It is possible that we may have to close the present term during this week. However, most of the criminal cases have been disposed of and two or three more will be got out of the way during the week."
