Kligore, & former well known resident of Emerson, Ia., and now engaged in the real estate business at Sedalia, saw Potter twice in Sedalia, the first time last Saturday night

and the second time Tuesday night. Potter was stopping at the Elk's hotel and was registered under the assumed name of Miller and said he was a horse buyer, but as soon as he saw Kligore he disappeared and has not been heard of since. Sheriff Morgan, accompanied by Supervisor E. S. Bogart, left here on the southbound Kansas thity train at 6:10 last night and it is presumed that they are in Sedalia today.

The county republican convention will be held June 30, so it is probable that no one will be appointed until the voice of the convention is heard. A. C. Gourley of Strahn, Ia., and B. F. Fredericks of this place seem to be the two leading candidates in the field.

The expert accountants have not made their official report yet and will probably not do so for a couple of weeks. The shortage stands as it did at first, \$5,900. Senator Gillilland was the last to check up his accounts and this was done December 31, 1900, and was found almost correct at that date, so the shortage must have occurred since that date. Potter retained \$900 as fees from the April, 1904, term of court. Most of this was money paid by the three Mineola men indicted for illegal sale of

liquor. In his 1903 report he reports only \$550 as being received. In each of the five reports now on hand the fees were smaller than the salary.

down of the Portland mine, were served on Governor Peabody today. Governor Peabody this afternoon received notice than on June 22 application will be made to United States Circuit Judge Amon

Governor Held Responsible.

According to the complaint the number of persons employed in the mine was over 500 and these were taken into custody by the authorities and certain ones of them picked out and placed in the bull-pen to be deported to the states of Kansas and New Mexico. The charge is made that the governor gave tacit consent to this measure when he did not countermand any of the orders issued and carried into effect by General Bell and outside the authority of

the governor to carry into effect. The jurisdiction of the United States court is asked on the grounds that the complainant is a citizen of the state of Iowa and that he has been deprived of the enjoyment of his property without due process of law and in violation of the fourth, fifth, sixth, seventh, eight and fourteenth amendments to the constitution.
