	The firm undertone of the market was attracted by the promising condition of crops which had favorable weather conditions during the week. A favorable outcome of the year's crop is universally considered the essential factor in the future of the market. Reports of railroad earnings for the week and official opinions on the prospects for improvement did not offer much encouragement to buy stocks. The passage of the dividend on the Minneapolis & St. Louis common and the reduction of the dividend on the Lake Eric & Western preferred together with poor showings of net carnings for the June quarter partly estimated of the Vanderblit railroads were leading incidents in this field. Their effect on the stocks immediately affected was small. The ending of the strike of vessel-	Phorn B Iron Bilv Leadville Ex-d
	men on the great dakes was gradifing to	PARI today
	market sentiment. A marked improvement in the investment demand for railroad bonds is reported by various authorities, only partly reflected in the actual dealings on the stock exchange. Municipal bonds also share in this improvement which is partly due to the anticipation of July first profit disbursements. The guick subscription to the \$10,000,000 New York Central debenture bond issue made a good impression. U.
