

GRAIN AND PRODUCE MARKET

Wheat Prospects Look Better, but Corn is Not So Good. CLIMATE CONDITIONS ARE IN CONTROL. No Hurling to Indicate that the Public Intends to Create Speculative Demand for New Grain.

Without saying so outright in any instance, the combined reports from the large markets indicate a better feeling and prospect with the wheat man, with corresponding souging off in the corn interest.

Table with columns: Wheat, Corn, Oats, Rye, Barley, Hops. Rows for various grades and prices.

Local Cash Grain Market. The day witnessed no sales and there was no change in the local cash grain market.

Table with columns: Wheat, Corn, Oats, Rye, Barley, Hops. Rows for various grades and prices.

Chicago, June 20.—Sentiment in the wheat market at the start of the day was toward a firmer market. Under the influence of a considerable decrease in the output on passage...
