POPE NOT OPPOSED TO MUSIC

Observations Ascribed to Him Touching the Questions Summarized as Devotion of Foundation.

BALTIMORE, June 20.—In view of contradictory statements that have been published, to the attitude of Cardinal Gibbons and the American archbishops in the matter of Pope Pius' recent letter on the subject of church music, restoring the Gregorian chant, the cardinal today made the following statement to the Associated Press:

The cardinal, in the name of all the archbishops of the country, and in his own name, immediately after his meeting in Washington last April, wrote to the pope, promising to carry out, as far as practically possible, the instructions of the pope on the subject of sacred music.

Today the cardinal received a reply from the pope in which he warmly commended and appreciated the efforts of his eminence and the archbishops. The cardinal takes this occasion to say that the instructions of the pope on the subject of sacred music are to be carried out as far as possible.
