"To yield is easy—to resist is hard" OMAHA

Ribbons

The ribbon section is at its best, beautiful colorings in the much wanted widths for belts, ties, etc. The styles are more numerous than ever, having received some new patterns in the past few days.

4-inch satin with pretty cord edge, all colors, 35c yd.
4½-inch-wide taffetas, with woven dots, 50c and 75c yd.
5½-inch-wide taffeta with colored dots, 40c yd.
7-inch-wide figured satins, all colors, 35c yd.
4, 5 and 6-inch Dresden figured ribbons, beautiful colorings, 60c, 65c, 75c and 85c yd.
4-inch gauze ribbons, in red, light blue, white and black, 45c yd.
5-inch-wide ribbons, they come in 3 shades of American beauty, 3 shades of champagne and burnt orange.
6-inch two-toned ribbons, very pretty, in shades of brown, navy and champagne.
Beautiful Roman stripes and plaids at 40c, 50c and 55c yd.
Ribbons for shoe ties in black, white, champagne, tan and brown.

DURING JULY AND AUGUST WE CLOSE SATURDAYS AT 1 P. M.

Do your Saturday shopping in the morning while it is cool.

THOMPSON, BELDEN & CO.

Y. M. C. A. Building, Corner Sixteenth and Douglas Sts.

ing that he will visit them next week. The division, which has been engaging in target practice, will sail on a trial cruise in the Baltic.

There is no truth in the report that a portion of the second Pacific squadron will sail from Cronstadt today for the far east.

Upon his return to St. Petersburg Minister Avellan went across the river to the Baltic works to inspect the scene of this morning's catastrophe.

Report Russian Defeat.

TIEN TSIN, June 29.—It is reported that the Russians were defeated at sixteen miles east of Hai Cheng yesterday and it is added that owing to the rapid advance of the Japanese the Russians at Ta Tche Kiao are hurriedly retreating north, fearing to be cut off.

As reported from Hai Cheng yesterday, fighting occurred June 26 and 27 at Dalien hill, about twenty-five miles southwest of Ta Tche Kiao, resulting in a Russian defeat.

CONFUSION AS TO MOVEMENTS

Same Name for Different Places Makes it Difficult to Locate Army.

HAI CHENG, June 29.—The Japanese are continuing to advance from Siu Yen and Feng Wang Cheng. General Oku is also moving north from Sen Cheng. General Samsonoff is contesting his progress, but is not offering serious resistance. The Japanese force advancing from the Mo Tien pass is composed of at least three regiments and ten batteries of artillery.

A force of equal strength is advancing from Fen Shui pass on the highroad to Liao Yang. The flank move on the latter is supported by a column marching from Saimatsza.

It would appear that confusion has arisen through the use of the words "Mo Tien pass" in General Kouropatkin's dispatch of June 27. The Mo Tien pass, known as the "gate of Mukden," is easily located, but troops would not be likely to advance from there on Hai Cheng or Ta Tche Kiao, as they would have to move nearly 100 miles southwest after getting through the pass. On the other hand, there is a Mono Tien pass nearly east of Hai Cheng and about forty miles from that town. It is possible that Mono Tien pass has been meant when Mo Tien pass was mentioned.

It also seems probable that the reference to Ta pass in General Kouropatkin's dispatch meant "Dalien pass," or "Daling," otherwise Da pass, which is about twenty-five miles southwest of Ta Tche Kiao.

It was announced from Hai Cheng last night that a heavy engagement was expected today near the village of Si Mou Cheng, fifteen miles southeast of Hai Cheng and an equal distance due east of the railroad.

Si Mou Cheng is about thirty miles from Mono Tien pass.

JEERS SENT RUSSIAN FLEET TO SEA

Refugees Describe Condition of Affairs at Port Arthur.

CHICAGO, June 29.—A special from Che Foo to the Chicago Daily News says that eight refugees who left Port Arthur in a Chinese junk were picked up this morning. They belonged to the upper class. The information they gave seems reliable. They stated that the Russian ships now consist of the following ships, in good condition:

The Czarevitch, Retvizan, Pobiela, Peresviet, Poltava, Diana, Bayan, Novik, and twenty torpedo craft and smaller boats. The torpedo transport Amur is slightly damaged, but they claim can soon be repaired.

There are 12,000 sailors and 40,000 soldiers in the fortress. Women are largely employed as nurses. There are 250 artisans and 2,000 citizens.

These 2,000 have been drafted into the army and are now drilling daily. There is plenty of food, but the government is controlling prices in order to prevent speculation. The refugees also stated that owing to the jeers of the army the fleet was forced to make its recent demonstration on June 23 in order to preserve the morale of the garrison.

Accident to Battleships.

ST. PETERSBURG, June 29.—6:16 p. m.—A report has just been received by the Associated Press correspondent that the Russian ironclad Netton Menia rammed the Russian battleship Navarin at Cronstadt this afternoon. The circumstances and the extent of the damage have not yet been ascertained.

Carelessness Loses Boat and Lives.

ST. PETERSBURG, June 29.—Twenty-two sailors were drowned at the Baltic works today during experiments with the torpedo boat Delfin, which had been converted into a submarine boat. Four officers and thirty men were on board when the signal was given to submerge the boat without first properly closing the manhole. The result was that the vessel sank.

Hair Falling?

Don't tell your friends of it. They would think it so strange. You see, they know Ayer's Hair Vigor checks falling of the hair, restores color to gray hair, and makes the hair grow. Then why don't you use it?

"A few years ago my hair got very dry and I could pull it right out by the handful. After using a few bottles of Ayer's Hair Vigor I got relief. My hair stopped falling and I received a new head of hair."—Mrs. G. Harrer, Milwaukee, Wis.

AYER'S Hair Vigor

COMMENCEMENT AT YALE

Rain Prevents the Annual Procession Taking Place.

SEVERAL HONORARY DEGREES CONFERRED

Among Those Favored Are Two Citizens of Philippines—Secretary of War Taft Among the Speakers.

NEW HAVEN, Conn., June 29.—The formal commencement exercises and the annual alumni dinner were the two chief features of today's program at Yale. The usual commencement procession of candidates for degrees, members of the corporation, faculty and graduates was abandoned because of the rain.

Among the distinguished guests to whom seats were assigned on the platform in Woolsey hall were William H. Taft, secretary of war; Wong Kai Ksh, Chinese commissioner to the St. Louis exposition; Whitelaw Reid, Governor John C. Brady of Alaska, President Gordon of Tabor (Iowa) college and members of the Yale corporation and faculty and candidates for honorary degrees. The degree of bachelor of arts was conferred upon 270 candidates and bachelor of philosophy on 173; one candidate was made a bachelor of fine arts, one a bachelor of music, sixty-five bachelors of laws, twenty-seven bachelors of divinity, fifty-four masters of arts, five masters of laws, six masters of sciences, two civil engineers, two mechanical engineers, twenty-three masters of forestry, twenty-three doctors of medicine and thirty-nine doctors of philosophy.

Honorary Degrees Bestowed.

President Hadley next bestowed the honorary degrees. Among the recipients were: Doctors of law, Don Cayetano Arellano, chief justice of the Philippines.

Doctor of music, Frank Heino Damrosch, conductor of the Oratorio society.

Master of arts, Pardo de Tavera, senior Filipino member of the Philippine commission.

The alumni dinner which followed the commencement exercises this afternoon was held in University hall and nearly 1,000 graduates were present. President Hadley, who presided, announced that Judge Henry E. Howland of New York was re-elected yesterday by the graduates to membership in the university corporation.

Dr. Timothy Dwight, former president of Yale, and Chief Justice Arellano of the supreme court of the Philippines, were among the speakers. Arellano, in Spanish, expressed his thanks to the Yale corporation for the honorary degree given him today and paid high tribute to the United States and to former Governor General Taft of the Philippines. Secretary Taft sat beside him at the table. Mr. Arellano's remarks were translated into English.

Dr. D. Tevera, another of the Philippine commission, who received the degree of master of arts today, also spoke. He laid special emphasis upon the system of public instruction in the United States and expressed the belief that much of the genius of the nation is due to the high standard of education in this country.

Honors Entire Race.

President King of Oberlin college, who also received an honorary degree today, spoke of Yale as the mother of many Christian colleges throughout the northwest, and referred to the great influence of Yale upon American institutions.

George P. McLean former governor of Connecticut, who was made a master of arts, spoke briefly.

Secretary of War William H. Taft was to make the last address. He alluded to the honor conferred upon Messrs. Arellano and De Tevera, saying 7,000,000 or 8,000,000 of Filipinos at home will consider the honor given to two of their representatives as an honor given to the whole race. Mr. Taft gave credit to Judge Arellano and Dr. DeTevera for aid rendered United States officials during the early American occupancy of the islands. He closed by expressing the hope that many Filipinos would become students in American colleges.

COMMENCEMENT AT HARVARD

Five Hundred Are Admitted to the Degree of Bachelor of Arts.

CAMBRIDGE, Mass., June 29.—The weather for Harvard's commencement today was most unfavorable, nevertheless the attendance was larger than in many years, especially of those from the ranks of the older graduates of the university. The procession to Sanders theater, where the exercises were held, was headed by the candidates of the honorary degrees and included Governor Bates and his staff.

Among the commencement speakers Frederick W. Cattel of Wellsville, O., whose topic was "The Millionaire in Politics." President Eliot admitted 500 candidates for the degree of bachelor of arts and degrees were conferred upon the candidates for bachelors of agriculture, upon the graduates of medical and dental schools, the graduates of the law school and the graduates of the divinity school.

In all departments of the university the total number of degrees conferred was the largest in the history of the institution. They were divided as follows: Bachelor of arts, 470; bachelor of science, 86; master of arts, 163; doctor of philosophy, 46; bachelor of laws, 172; doctor of medicine, 130; doctor of medicine dentistry, 154.

May Do It at Next Meeting.

Councilman Nicholson says he has not relinquished the project of extending Thirty-ninth street through the abandoned Joslyn property. Tuesday the employes of the city engineer's office were too busy with other matters to prepare the necessary description of property, but this, the councilman says, will be ready by the time of the next council session.

EDUCATORS HEAR SPEECHES

British Instructor Tells of Progress of Education in Great Britain.

BEGIN TO TALK OF THE NEW OFFICERS

Indications Are that Association Will Select Superintendent of New York Schools as Head of Society.

ST. LOUIS, June 29.—When the second day's session of the forty-third annual convention of the National Educational association was called to order it was found that the attraction of the World's fair had proved the magnet that had drawn away a considerable number of the educators, and the attendance was somewhat diminished as compared with that of yesterday. The election of officers will be held tomorrow, and there is much quiet talk as to the possible results, although no candidates for the presidency have been announced, as there is an unwritten law in the association which prevents a candidate from successfully seeking the presidency. Heretofore those who have worked for the honor have been defeated and the mantle has fallen on unanticipating shoulders. Consequently none are announcing themselves as candidates.

At the same time it seems to be the consensus of opinion among the educators that the indications point to the election of W. H. Maxwell, superintendent of schools of Greater New York. According to present plans, it is stated, Superintendent Maxwell's name will be presented by New York to the nominating committee.

Education in England.

Owing to the dilatory arrival of educators, the meeting was delayed almost an hour in opening. Many exposition visitors who were not members of the association endeavored to secure entrance to Festival hall, but none but duly accredited delegates, wearing badges, were permitted to enter.

President Cook issued the order that none of the delegates would be permitted to leave the hall or enter during the delivery of an address. This resulted in a constant incoming and outgoing between addresses.

The session today was opened by the offering of prayer by Rev. D. F. Phelan, pastor of Lady of Mount Carmel Catholic church of St. Louis.

The first speaker was Captain Percy Atkins, in charge of the British education exhibition at the exposition. He discussed the method of education in England. He reviewed the growth of education in England, saying that in 1876 compulsory education was established and now education throughout England is one of the ordinary phases of English life.

O. G. Kern, superintendent of schools of Winnebago county, Rockford, Ill., was the next speaker. He discussed at length the educational possibilities for the country child in the United States.

At the conclusion of the speech, President Cook caused considerable amusement by saying to the audience: "For one minute you can stand up and rest yourselves. Everybody stand up but don't leave your seats."

When the period of physical recreation had ended the convention was treated to a recital on the mammoth pipe organ that is being erected in Festival hall. Organist Scott Brooks of Leland Stanford university Cal., rendered a medley of airs. The organ, which is reputed to be the largest pipe organ in the world, is as yet only one-third completed and while the recital was in progress, workmen in overalls were at work on the scaffolding before it at the rear of the rostrum.

Talks of Filipinos.

Following fifteen minutes of music, E. Bryan, former superintendent of education in the Philippine islands, of Bloomington, Ill., was introduced and talked on education in the Philippines. Mr. Bryan stated emphatically that he wanted it known that the Igorrotes, the Moros and the Negroites are not Filipinos.

"They do not resemble the Filipino anthropologically, ethnologically or historically or in any point conceivable, excepting that they all occupy various portions of the Philippine archipelago. I very much fear the visitors to the exposition will visit the Philippine reservation simply to see the Igorrotes dance and will not enter the educational exhibit or interest themselves in the educational development of the inhabitants of these far off islands."

He entered into a minute description of the preparations made and plans carried out by the exportation of educators from the United States to the Philippine islands and reviewed the great results accomplished after three years of work among the natives by these educators. Mr. Bryan said that after centuries of speaking Spanish and living in ignorance the natives had been given opportunities by the United States government to rise from the low level that had for so long characterized their existence and five years after Admiral Dewey's victory in Manila bay not less than 300,000 natives of the Philippine archipelago speak and write the English language and have made vast strides in intelligence.

The last speaker was Z. X. Snyder, president of the State Normal school, Greeley, Colo., who spoke on the topic, "Our Educational Creed."

After the appointment of committee on nominations, which is to report tomorrow, the session adjourned until tomorrow morning.

Late in the day a vesper meeting was held, at which Halsey C. Ives, chief of the department of art of the exposition, lectured on the art exhibit at the exposition.

Education in the South.

"The Education Need of the South" was the subject of an address by John Herbert Phillips, superintendent of schools, Birmingham, Ala., that held the audience closely, notwithstanding it was a discussion of the south's needs at some length. After the speaker had begun talking President Cook interrupted him for a moment and had the audience concentrate closer to the rostrum. He maintained regular school order, and after order had been restored he said:

"Now, you must sit still and listen," and then gave place to the speaker.

Superintendent Phillips said in part:

The public school as a factor in southern life is a comparatively modern institution. Outside a dozen cities, there can be found today but few men and fewer women who have received even a part of their training in the public school. The masses who patronize the schools of the south today do so on account of their growing faith in the state-supported school as an institution of democracy. The primary need of the south today is a more liberal infusion of this spirit of true democracy, as represented by Jefferson a hundred years ago, the realization of the American ideal which opens wide for every child, of whatever race or color, the door of opportunity.

A second fundamental condition of educational progress is found in the southern industrial and economic development.

The condition of educational development in the south is found in her complicated sociological problems. Here lies the chief obstacle. While the south is not indifferent to the problem of negro illiteracy she has reached the deliberate and solemn conclusion that her greatest and most serious problem is the illiteracy of her native white population. While the southern states have only 24 per cent of the total white population of the United States they have 64 per cent of all the white illiterates over 10 years of age in the country. The needs of the rural south today are enlisting the earnest attention of our best thinkers, and the present educational movement, in the breadth of its scope, the earnestness of its spirit and the intensity of its ardor, is without a parallel in the southern educational history.

Officers Are Elected.

The final session of the department of science instruction was held in the Transportation building. President Wilbur A. Fiske opened the meeting. The following officers were elected:

President, Dr. Frank M. Gilley, Chelsea, Mass.; vice president, Arthur C. Clement, Albany, N. Y.; secretary, H. A. Senter, Omaha, Neb.

Receptions were held tonight in honor of the visiting teachers at the Rhode Island, Indiana, Texas, Oklahoma and Kansas buildings.

TWO BUILDING ARE DEDICATED

Wisconsin and West Virginia Are Now Formally Represented at World's Fair.

ST. LOUIS, June 29.—Wisconsin day was celebrated at the Louisiana Purchase exposition today. Governor LaFollette, who came from Madison especially to be present, was met at the depot, and with about forty members of his staff who accompanied him, was escorted to the Administration building, where the party was joined by President Francis and a military escort. There was a parade to the Wisconsin state building, where a program of music and addresses was carried out. The building was presented to the exposition by ex-Governor Ward, who made an address which was responded to by President Francis. Governor LaFollette followed with a short address, and was preceded by Congressman H. C. Adams of Madison, Wis., and Kirby Thomas of Superior, Wis. Music was furnished by the Merchants' and Manufacturers' Octette of Milwaukee.

The West Virginia state building was dedicated with appropriate ceremonies today. After an invocation by Dr. D. B. Purrington, president of the West Virginia State university, President Francis delivered a short address.

Colonel Fred Paul Grosscup, ex-chairman of the West Virginia commission, delivered the keys of the building to Governor A. B. White, who accepted them in the name of the people.

The principal address was made by Hon. John T. McGraw of Draston, W. V., who presented the state flag, which was unfurled today for the first time. The banner has a white field, with blue border, and a cluster of rhododendrons, the state flower, in the center of a white field. M. E. Whitaker, state chairman, presided, and the ceremonies were followed with a reception in honor of Governor White.

SERIOUS BLAZE IN NEW YORK

Forty-Three Firemen Prostrated by Smoke and Four of the Number May Die.

NEW YORK, June 29.—Forty-three firemen, four of whom will probably die, were overcome by smoke and gas at a fire today in the subcellar of the double five-story brick building at 483 and 485 Broadway, extending through to Mercer street. Half a hundred employes were driven from the building and the damage inflicted by fire, water and smoke was estimated at between $150,000 and $200,000.

The smoke was so dense and so pungent that the firemen could work in it but a few minutes at a time, and many who braved it fell prostrate where they stood. Some who fell lay unnoticed on the floor for minutes, and one man remained for nearly an hour before finally discovered and dragged to the open air.

The breaking of gas mains inside the building and the consequent filling of the burning structure with thousands of cubic feet of illuminating gas added greatly to the difficulty and the danger. Captain Edward Levy and Firemen Patrick McKeever, John Wandress and John Riley will probably die from their injuries, while Battalion Chief William Guerin, Lieutenant John H. Link and five firemen are in a dangerous condition, and thirty-two others were less seriously injured.

OUTPUT OF PACKING HOUSES

Small Decrease in Number of Hogs Marketed as Compared with Previous Week.

CINCINNATI, O., June 29.—(Special Telegram.)—Price Current says: There has been a further moderate reduction in the hog movement the past week. Total western packing was 440,000, compared with 460,000 the preceding week and 465,000 last year. Since March 1 the total is 7,225,000, against 6,825,000 a year ago. Prominent places compare as follows:

	1904.	1903.
Chicago	1,775,000	2,005,000
Kansas City	900,000	655,000
South Omaha	855,000	825,000
St. Louis	596,000	460,000
St. Joseph	581,000	576,000
Indianapolis	382,000	312,000
Milwaukee	203,000	180,000
Cincinnati	180,000	168,000
Ottumwa	177,000	123,000
Cedar Rapids	144,000	136,000
Sioux City	158,000	165,000
St. Paul	293,000	250,000

ARE FIGHTING IN URUGUAY

Revolutionists Are Said to Have Had Better of the Recent Engagements.

NEW YORK, June 29.—Dispatches from Bage, a Brazilian town near the Uruguayan frontier, report, says a Herald dispatch from Buenos Ayres, that a courier sent by Saravia has arrived there with a report of the battle of Tupamoae, Uruguay. The fight began on Wednesday of last week and continued the entire day.

The government forces had 600 killed and 800 wounded, while the revolutionists suffered 100 killed and 600 wounded. The revolutionists captured a big quantity of war supplies.

Another dispatch from Bage says the rear of the revolutionary force under Mariano Saravia, brother of the leader of the revolution, is pursuing the government troops under General Bonavente. The revolutionists occupy excellent positions.

MAINE REPUBLICANS MEETING

Contest Between Four Rivals for Gubernatorial Nomination is Promised in Convention.

BANGOR, Me., June 29.—The republican state convention assembled here today with William T. Cobb of Rockland, Charles H. Prescott of Biddeford, Bert M. Fernald of Poland and Eliot Wood of Winthrop rival candidates for the gubernatorial nomination.

NOT AFRAID OF STAMPEDE

Mr. Wolfenbarger Wins Applause at Prohibition Convention.

WANTS PLATFORM THAT IS NOT TOO BROAD

Nebraska Man is Picked Out for Permanent Chairman of the National Convention at Indianapolis.

INDIANAPOLIS, June 29.—The tenth national prohibition convention opened today in Tomlinson hall, with 4,000 delegates, alternates and visitors present. The hall was decorated with the national colors. Over the platform hung pictures of Abraham Lincoln, Clinton B. Fiske and Frances Willard. Around the hall were pictures of Hale Johnson, Samuel B. Pearson, sheriff of Cumberland county, Maine, who gained a high place in the estimation of prohibitionists by his vigorous enforcement of the law. Nebraska, Iowa and New Jersey delegations occupied the seats immediately in front of the platform.

The convention was called to order by National Chairman Oliver W. Stewart of Chicago. In introducing Rev. George H. Peeke of Sandusky, O., to make the opening prayer, he said:

"There is one convention where the opening prayer is not a mere formality, and it is now about to be opened."

W. S. Doan of Indianapolis next welcomed the delegates on behalf of the prohibitionists of Indiana. When he mentioned the name of General Miles there was a burst of applause.

National Chairman Stewart, in a brief reply, said the convention just assembled was the only one that had a real issue to present to the American people.

He then introduced Homer L. Castle of Pittsburg, temporary chairman.

Following Mr. Castle's address W. C. Colderwood of Minneapolis took charge of the records as temporary secretary, and the committees selected at the state meetings and the names of the new national committee were read and adopted.

An invitation to the St. Louis exposition was read by W. M. Godwin, a Missouri delegate, signed by President David Francis. Free admission was offered, and a recess was then taken until 2 o'clock this afternoon.

The committee on permanent organization held a brief meeting and selected A. G. Walfenberger of Lincoln, Neb., for permanent chairman and W. G. Colderwood of Minneapolis for permanent secretary.

Wolfenbarger for Chairman.

The committee on permanent organization held a brief meeting and selected A. G. Wolfenbarger of Lincoln, Neb., for permanent chairman and W. G. Colderwood of Minneapolis for permanent secretary.

At the opening of the convention after recess Temporary Chairman Castle asked all women sitting as delegates to remove their hats. Dr. J. C. Mead then offered prayer.

The report of the committee on credentials was followed by the report of the committee on permanent organization, both of which were adopted. A. C. Wolfenbarger of Lincoln, Neb., was selected for permanent chairman and W. G. Colderwood of Minneapolis for permanent secretary. As Mr. Wolfenbarger was introduced and advanced to the platform there was a demonstration led by the Nebraska delegation.

His address followed prohibition closely. He said:

I hope the resolutions committee will adopt a platform broad enough, but not too broad. When the party narrowed its platform to one plank I put my feet closer together and stood upon it, but I murmured, as did many of us. (Applause.)

I am not afraid of this convention being stampeded to or from any man. If it is right that this convention choose the grand old Indian fighter (prolonged cheers) who was turned aside by the hero of San Juan Hill with a sneer, although no mark stood against him, well and good. If we do not choose to do that we need not confine ourselves to military men. We have that masterful and matchless leader of America's young manhood, Oliver W. Stewart. (Prolonged cheers.)

We have that grand old citizen, Silas Swallow of Pennsylvania; that splendid business man, Alfred L. Manierre of New York; that stalwart and magnificent man, R. H. Patton of Illinois; that clear-headed worker, thinker and philosopher, Stevens of Pennsylvania; that Gladstone and Lincoln combined, Carskadon of West Virginia, or Cranfil of Texas, Castle of Pittsburg and W. E. Johnson.

Someone shouted, "and Wolfenbarger of Nebraska." There was another prolonged demonstration.

Miles Boom Gets Impetus.

John G. Woolley of Chicago, editor of the Voice, gave evidence as to General Miles' position. He said he had been in close communication with General Miles during the past six weeks by letters, visits and conversations.

"I do not know that he will accept the nomination," said Mr. Woolley, "but I believe he will. I told him I was coming to Indianapolis to assist in his nomination unless he forbade me. He did not forbid me and if he were to allow me to come under those conditions and then decline the nomination he is not the sensitive gentleman he should be."

Miles Wants More Issues.

General Miles was quoted as saying there would soon be a breaking up of old parties and in the realignment the liquor question would be one of the vital issues.

Mr. Woolley explained that General Miles would prefer to wait for some party big enough to include in its platform other issues he thought vital, if the prohibitionists insist upon confining themselves to one issue.

Reference was made by Mr. Woolley and other speakers to General Miles' record as against canteens and his alleged mistreatment at the hands of the administration. The meeting was enthusiastic.

At the opening of the evening session several singers were heard, one song advocating putting General Miles in the White House and this brought an enthusiastic Miles demonstration. About one-third of the delegates stood and cheered, waving flags and hats for several minutes.

DATE AND PLACE ARE CHOSEN

August 3 at Fort Calhoun Centennial of Indian Treaty Will be Celebrated.

It finally has been decided to hold the centennial of the signing of the first treaty with Indians west of the Missouri river August 3, at Fort Calhoun. A program is being arranged by the Nebraska Sons and Daughters of the American Revolution for the event.

The question of a suitable monument finally has been settled by the securing of a boulder weighing about 15,000 pounds, which was found on the Lonsdale farm near Lincoln and given to the Daughters of the American Revolution by Mr. Lonsdale. The boulder will be fashioned into a monument by a Lincoln marble firm. About $150 will be expended in getting the monument in proper shape, and it will be shipped to Fort Calhoun and placed on the site of the famous Lewis and Clarke treaty, held at that place August 3, 1804. The Daughters of the Revolution will pay all the expenses connected with preparing and shipping the monument to Fort Calhoun.

OMAHA WOMAN IS PRESIDENT

Mrs. L. Peironnette Heads Official List Elected by the Royal Achates.

The two days' session of the first district convention of the Royal Achates was brought to a close last evening, when Royal Oak lodge No. 200 gave an entertainment at the Royal Achates' hall, Seventeenth and Douglas streets, for the visiting delegates. The delegates and local members of the order picnicked yesterday at Courtland Beach.

At Monday afternoon's session of the convention these officers were elected for this district of the order: President, Mrs. L. Peironnette of Omaha; vice president, Mrs. Anna Lucas of South Omaha; secretary, S. C. Warriner of Lincoln; treasurer, Miss Fannie Myers of Neligh; chaplain, Maggie Tripp of South Omaha; marshal, Lena Broad of Lincoln; guard, Dr. R. W. Connell of Omaha; sentinel, C. M. Farley of Craig.

J. W. Watson of Omaha and Dr. J. R. Haggard of Lincoln were elected delegates to represent this district at the supreme lodge session, which will be held here during September.

Tuesday evening Omaha lodge No. 1 gave an exemplification of the floor work before the delegates at the hall.

SCORES THE TAX VAN IDEA

Real Estate Exchange Formally Condemns Method Employed by City Treasurer Hennings.

The Omaha Real Estate exchange at its noon luncheon today took exceptions to City Treasurer Hennings and his modus operandi for prompting citizens to pay their taxes. The exchange was unanimous in passing a resolution condemning the parading of a van manned by a drum corps and placarded with duns for delinquent taxes. The resolution follows:

Resolved, That it is the sense of this exchange that the parading of City Treasurer Hennings' van on the streets of this city with the purpose of collecting taxes, is in bad taste and entirely unnecessary.

Tax Commissioner Fleming submitted to the exchange a statement which sounds like strains of music to the ears of Omaha property owners. He said the Omaha tax levy, taking into consideration last year's low levy and this year's rate, will necessarily be low next year. He said that on an average the taxes of Omaha are as low as in other cities of the same size.

The exchange has planned a picnic for next Wednesday. It accepted the invitation of E. A. Benson to be his guests at his home in Benson.

MAYOR MOORES HOME AGAIN

Chief Executive Arrives Unexpectedly and Surprises Those Who Looked for Longer Absence.

Mayor Moores returned unexpectedly to Omaha yesterday, after an eastern trip lasting two weeks. His arrival was unlooked for at the city hall and his confidants there declare they had no intimation of his coming before the receipt of telegrams announcing the fact Tuesday night. Several days ago the information was given out that the chief executive would remain in the east for the remainder of the summer.

While away the mayor visited relatives in several cities in Ohio and Indiana and spent a few days at his cottage at Harbor Point, Mich. Although he did not appear at his office this morning Acting Mayor Zimman learned of the mayor's presence in the city and abdicated his temporary position without going to the city hall.

PARKER ON SECOND BALLOT

New Yorker's Nomination is Thus Predicted by James Creelman to W. O. Gilbert.

James Creelman, staff correspondent of the New York World, has been in Nebraska during the past few days in quest of information bearing on the democratic national political situation. In Lincoln, Tuesday, he expressed the belief to W. O. Gilbert of Omaha that Judge Parker of New York will be nominated for the presidency on the second ballot taken at St. Louis. Pennsylvania, according to Mr. Creelman, will cast its solid sixty-eight votes for Judge Parker on the first ballot despite the fact that the delegates are uninstructed and it was presumed would throw their strength to some other candidate.

FIELD CLUB TENNIS TOURNEY

Play in Doubles and Singles Will Begin on Saturday Afternoon.

On Saturday of this week the second handicap of tennis tournament on the Field club's courts will begin. Entries will close at 8 o'clock on Friday evening, and the drawings will be made immediately. The matches will include both single and doubles, and play will begin in the preliminary round at 3 o'clock Saturday. Play will then be continued from day to day until the tournament is completed.

A large entry list is looked for, as many of the college boys who have come home for the summer are good tennis players, and will want to take a little fling at the former tournament in singles. A number of players who had not been before these facts will lend interest to the affair, than has attached to local tourney in years. The championship will be played on the Field courts, beginning on August 1.

Will Judge World's Fair Chorus.

ST. LOUIS, June 29.—Five of the judges who will judge the choral musical work at the World's fair have been finally decided upon. They will include William A. Madeo and Charles E. Allum of Chicago; Edward Brome of Montreal, Canada; William H. Pommer and John Powers of St. Louis. The work of these judges will begin with the first day of the next month and will continue throughout the contests and until September 24. The contests will include those for mixed voices as well as male choruses.

Piles Can Be Cured

By Internal Treatment

Without the Aid of Narcotics or the Knife.

You who suffer with piles know what a glorious boon it would be to you to be absolutely and painlessly cured. You know from actual experience that salves, ointments and other local applications do not cure. You may get relief, but you keep on suffering.

There is a cause for every human ill. Remove the cause and you cure the complaint. Piles have two distinct causes: First, congestion of the liver; second, constipation resulting from poor digestion.

Dr. Perrin's Pile Specific

The Internal Remedy

absolutely removes these causes by increasing the flow of digestive juices in the stomach, and relieving the congestion of the liver. It is a tonic for the entire bowel system and helps each particular member of this system to work easily and naturally.

You simply take a teaspoonful of this positive, internal remedy three times a day before each meal. It is pleasant to the taste and absolutely free from opium, cocaine or other narcotics. It is not a palliative or temporary remedy; it produces a positive, radical and lasting cure.

Dr. Perrin's Pile Specific is sold under an

Absolute Guarantee

to cure any case of blind, bleeding, itching or internal piles, no matter how chronic or aggravated it may be. Out of over 10,000 cases there are only three on record where a positive cure has not been made.

Dr. Perrin's Pile Specific can be procured of any reliable druggist under an iron-clad agreement to refund your money should you take two $1.00 bottles of the remedy without receiving positive benefit.

Dr. Perrin Medical Co., Helena, Montana.

TRY HAND SAPOLIO.

Its steady use will keep the hands of any busy woman as white and pretty as if she was under the constant care of a manicure. It is truly the "Dainty Woman's Friend."

A SKIN OF BEAUTY IS A JOY FOREVER.

DR. T. FELIX GOURAUD'S ORIENTAL CREAM, OR MAGICAL BEAUTIFIER.

Removes Tan, Pimples, Freckles, Moth Patches, Rash, and Skin diseases, and every blemish on beauty, and defies detection. It has stood the test of 56 years, and is so harmless we taste it to be sure it is properly made. Accept no counterfeit of similar name. Dr. L. A. Sayre said to a lady of the Aristocracy (a patient): "As you ladies will use them, I recommend 'Gouraud's Cream' as the least harmful of all the skin preparations." For sale by all Druggists and Fancy Goods Dealers in the U. S., Canadas, and Europe.

AMUSEMENTS.

Special Announcement

The almost total destruction of our circus tent at Krug Park yesterday by the storm will necessitate the continuation of the engagement inside the park, where, until Manager Cole's return, the entire show, including Diavolo's Looping the Loop, will be given absolutely free.
