Proceeded yesterday towards Loun Van Tien and bombarded the shore.

NO CHANCE FOR MEDIATION

Prospect Considered Very Distant at Russian Capital.

PARIS DISCUSSES VISIT OF EDWARD

Believes that No Political Significance Attaches to the Meeting of the German and English Rulers.

ST. PETERSBURG, July 1.—

Dispatches from Washington saying that inquiries made by the United States government as to the possibility of mediation show that neither Russia nor Japan is in a humor to entertain overtures, but that the State department is ready to offer its services in the interest of mediation whenever they may be acceptable.

On the contrary, wherever inquiries have been made, the opinion has been unanimous that there is nothing in the present situation so far as Russia is concerned on which to base an early termination of the war, and that the question of peace will be considered only when direct proposals have been made by Japan.

There can be no mediation, the Associated Press was emphatically informed, "and any proposals looking to peace must come from Japan. The United States government might become a mediator in the event of a direct proposal being submitted for its consideration and of course any such proposals would be considered, but Russia is not seeking good offices, and neither the United States nor any other power will be asked to act as mediator."

PARIS, July 1.—The French authorities do not attach significance to the meeting of Emperor William and King Edward at Kiel as bearing on the Russo-Japanese war. They regard it as a mere friendly exchange of views between the monarchs which is not likely to have important political effect.

Inquiries from the Washington government relative to the present of mediation in the war brought out a definite expression from the French officials that neither party desired mediation. Information reaching the government here indicates that Russia clings to the idea of restoring to the victors the present situation in the event of a decisive victory before entering mediation.

Japan appears to be more susceptible to mediation, but this has not assumed official form. Foreign Minister Delcasse and Ambassador Porter have gone over the situation fully, leading them to the conviction that the present situation is more likely to bring forth a decisive battle than mediation.

Drowned Bodies Are Recovered. ST. PETERSBURG, July 1.—The bodies of Lieutenant Cherkasoff and the twenty men who were drowned by the sinking of the submarine boat Delin at its moorings in the Neva, off the Baltic shipbuilding yards on Wednesday last, have been brought to St. Petersburg for burial. The remains of the enlisted men will be interred in the Smolensk cemetery tomorrow.

Japan Losses Flou. LIAO YANG, June 30.—Delayed.—During a recent typhoon in the Sea of Japan twenty-seven boats belonging to the Nippon Yusen Kaisha of Tokyo lost 300,000 pounds of flour intended for the Japanese armies. The rains here are increasing.

Patriotic Young Americans

Will have their innings on Monday. Provide the boys and girls with proper clothing and you will greatly enhance the pleasure of the Fourth.

ASSUMES JAPANESE SUCCESS

Russian Military Expert Says that Decisive Battle is Not Probable.

PREDICTS RETREAT OF KOUROPATKIN

Alleges Plan of Islanders to Take Possession of Pinaluau, and Await End of Rainy Season.

ST. PETERSBURG, July 1.—12:30 p. m.—The military critic of the Russ, who usually is well informed, strongly opposes the idea of a big battle before the end of the rainy season. He expresses the opinion that the Japanese only wish now to assure possession of the Liao Tung peninsula and that their present objective is to capture Kin Chou, which would compel the evacuation of New Chwang and permit landings on the west coast. The critic considers the movements of the Japanese north, across the Fen Shui range, as being simply a diversion to facilitate the taking of Kin Chou and he declares that Kin Chou will not be surrendered without a fight. But, he adds, it will not have a decisive character.

The critic further predicts that General Kouropatkin will adhere to his plan to withdraw northward to his main position at Liao Yang and await the end of the rainy season. He seems to assume the success of the Japanese plan of combination of the First and Third armies and the isolation of the peninsula.

KOUROPATKIN IS MOVING ARMY

Report from German Source Says Russian Will Evacuate Ta Tche Kiao.

NEW CHWANG, July 1.—A telegram from German sources at Mukden received here yesterday says General Kouropatkin has decided not to fight at Ta Tche Kiao or Hai Cheng, but to retreat from Ta Tche Kiao, which movement was started June 23 and is well under way. Small detachments of troops will, it is added, stay south to stem the Japanese until the Russian retreat is in full swing. It is not believed here that the Russians will be able to reach Liao Yang, as the Japanese control the passes which would hinder the Russian line of communication may be cut.

A Chinese rumor is to the effect that 2,000 Mongolian troops engaged by Russia have been annihilated in battle. No credence is placed in the report.

The crew of the torpedo boat destroyer Lieutenant Burukoff, which arrived here from Port Arthur June 29, say they left Port Arthur Tuesday night in a fog and rain and near Hockey Light got out of the course and ran aground on the Hiron shallow, near Helen bay, on the west coast of the peninsula. They got off in two hours. When the fog lifted several of the Japanese torpedo boat destroyers were seen coming toward the Lieutenant Burukoff, which was saved only by its speed.

A boat which arrived here from Shanghai last night reported that a Japanese torpedo boat destroyer was outside the entrance of the river, which may mean that it will come in and engage both the Lieutenant Burukoff and the gunboat Bivouch.

SAYS THAT WAR MAY END SOON

Unnamed Diplomat Agrees that Both Sides May Accept Intermediation.

BERLIN, July 1.—The question of intermediation between Russia and Japan in behalf of peace continues to be discussed in diplomatic circles here. The Tagelblatt quotes the utterances of an unnamed diplomatist having close relations with Japan as saying that Japan is disposed to accept the mediation of the United States government would propose peace conditions that Russia could accept. Conditions could be framed easily since Japan does not seek territorial acquisitions in Manchuria, but only wants the preservation of its commercial interests. Having already gained improved moral position, with European powers through the victories hitherto won Japan would gladly utilize the situation thus created for establishing peace before Russia reinforces its Manchurian army too strongly.

The diplomat further argues that Russia, after having gained one important victory, would consent to mediation because the war has demonstrated that it is unable to cope with Japan with its existing military equipment and needs ten years for reorganization and rearmament before renewing the struggle. Hence the conviction that the war will soon end.

CROWD PORT ARTHUR HOSPITALS.

Russians Who Opposed Japanese Advances Suffered Severely in Battle.

CHE FOO, July 1.—7:30 p. m.—A party of Russians and Chinese arrived here today by junk direct from Port Arthur, having left there yesterday. They report that for several days shells from both land and sea have been falling in the town but doing little damage.

The Russians who resisted the advance of the Japanese suffered severely. Many dead and wounded men have been brought to Port Arthur. The hospital there is overcrowded.

It is difficult to obtain correct information in regard to the condition of the fleet. The Russians maintain that it is intact, with the exception of the battleship Sevastopol, which is being repaired.

A Chinaman who left Port Arthur last night and who has arrived here says there are only four Russian warships, cruisers and battleships in the harbor and none outside.

The opinion prevails that the faster ships succeeded in eluding the five Japanese warships.

The Chinese confirm the previous reports that a large ship is ashore southeast of the Liao Ti Shan promontory.

The Japanese have captured two small forts ten miles east of Port Arthur.

KOUROPATKIN REPORTS A RAIN

General Says Japanese Are Advancing Slowly from All Sides.

ST. PETERSBURG, July 1.—The emperor has received the following dispatch from General Kouropatkin, dated June 29: "Torrential rains fell in the Ta Tche Kiao district June 29 and on the roads from Ta Tche Kiao to Yen. The Japanese are advancing slowly in different directions toward our front and south."

On the south the Japanese are advancing eastward with the object of effecting a junction with Kuroki's army.

It has been ascertained by a reconnaissance in the direction of Dalin pass that the Japanese have turned southward from the positions recently occupied by them. Three cavalry forces, consisting of several companies, retired after a short fusillade.

A report from the direction of Feng Wang Cheng June 29 announced that an energetic advance of the Japanese forces had been discovered toward Wa Fan Hsian and the Lin Ho Sin pass. The rains continue.

RAINY SEASON IS NOW ON

Armies Find it Difficult to Move because of Washouts.

LIAO YANG, July 1.—The Chinese say the rainy season has begun. The roads in some places are absolutely impassable. During the march of one division a man was drowned and many other badly escaped a like fate. A number of horses were lost in the swollen streams. Frequent railroad washouts have increased the difficulty of transport. How-

ever, a decisive battle is still regarded as possible within the next few days in the northwestern region between Hal Cheng and Koi Chou, where the armies of Generals Kuroki and Oku have concentrated.

The Japanese have retired from Dalin pass and are moving in a northeasterly direction on the Liao Yang road. They have appeared in great force at Fen Shui and Koi Chou, where the armies of Generals Kuroki and Oku have concentrated.

The Russian eastern divisions continue to retire before superior numbers, but are keeping in close touch with the enemy. It is considered probable that the combined armies of Kuroki and Oku will concentrate at Hal Cheng or Koi Chou and await the end of the rainy season. It soon will be impossible to send trains through the passes from the mountains into the valley.

MUKDEN TELLS OF A REVERSE

Russian Alleges that Japanese Lost Heavily by Explosion of Mine.

MUKDEN, Thursday, June 30.—(Delayed in Transmission)—Heavy fighting is reported to have occurred near Port Arthur June 28, resulting in the Russian withdrawal from Dalin Shan after severe losses on both sides.

The Japanese fleet approached Siao Ping Tao, midway between Port Dalin and Port Arthur, in the morning of June 26 and bombarded the coast north of the bay so far as Ult Solo Shan. Strong Japanese forces which had been landed there attacked the neighboring heights which were occupied by Russian riflemen. Three times the Japanese were driven back with heavy losses, but the Russians were forced to retire from their main position near Guin San Shan. The Japanese reinforced their advance guard and pressed the attack. After several fruitless assaults on Guin San Shan the Japanese commander sent a strong column along the central road from Dalin to Port Arthur with the object of turning the Russian left, forcing the Russians to retire.

The Russian lost seven officers and nearly 200 men killed. The Japanese losses are believed to be much larger, as during the battle they passed over a mine which the Russians successfully exploded.

DAMAGE RUNS IN PAIRS.

SEOUL, July 1.—10 a. m.—Additional reports from Gensan show that only two Koreans and two Japanese were slightly injured and two dwellings burned as a result of the Russian Vladivostok squadron's bombardment. The Japanese consulate was hit by a shell, but the damage inflicted was small. At the first shot by the hostile visitors the citizens fled to the protection of the hills. It is not known in which direction the squadron departed as rain obscured the atmosphere.

CARDINAL SATOLI AT THE FAIR

Churchman from Rome Visits National Pavilions in Company with Archbishop Gleason.

ST. LOUIS, July 1.—Cardinal Satoli made an official call at the fair grounds today. He was accompanied by Archbishop Gleason of St. Louis, and both wore their brilliant state regalia. He was escorted by a committee, of which Herr von Strubal, Austrian commissioner general to the fair, was chairman. The first pavilion visited was that of France. The cardinal, Chinese, Board of Lady Managers, Belgian, Italian, Brazilian, Cuban and Japanese pavilions were visited in order. Then luncheon was served at West Restaurant pavilion, from which the cardinal was escorted to the United States government building and to the Missouri state building. At all the government buildings he received in state and remained about twenty minutes.

IS KILLED BY HER RESCUER

Woman Dies from Blow from Man Who Took Her from Drowning Water.

NEW YORK, July 1.—Erysipelas, resulting from a blow in the face, has caused the death of Mrs. Christina Gessmann, who was rescued from the ill-fated steamer "The Republic" since her husband was struck by a fireman who rescued her from drowning. Mrs. Gessmann jumped from the hurricane deck of the steamer. She was seen struggling in the water by a fireman who leaped to the rescue. He was caught by the drowning woman who choked him with a dead grip so tenacious that finally he was compelled to render her first aid with a blow of his fist. He then swam with her to shore. She was hurried to a hospital, but a slight cut produced by the fireman's fist developed erysipelas and caused the woman's death.

A CUT REVER DEEDS

After Porter's Antiseptic Healing Oil is Applied, Relieves Pain Instantly and Heals at the Same Time. For man or beast. Price, 5c.

FORECAST OF THE WEATHER

Showers, Thunder Storms and Other Good Things for Nebraska Today and Sunday.

WASHINGTON, July 1.—Forecast for Saturday and Sunday: Nebraska—Showers and thunderstorms Saturday and Sunday. For Iowa—Fair in east, showers in west portion Saturday; Sunday, showers. For Colorado and Wyoming—Occasional showers and thunderstorms Saturday and Sunday.

Missouri—Fair Saturday, except showers in southwest portion; Sunday, showers. For South Dakota—Showers Saturday, cooler in west and central portions; Sunday, fair.

WOMEN PRAISE PE-RU-NA For Diseases Peculiar to Their Sex There is no Medicine That Gives Such Universally Good Results

The Actress and the Housewife Rely Upon Pe-ru-na.

ZELMA RAWLSTON.

Miss Zelma Rawlston, 8 W. 29th St., New York City, writes: "For over a year I have used Peruna, and find it all you claim for it. I shall take great pleasure in recommending it to my professional friends."—Zelma Rawlston.

Peruna seems so admirably adapted to catarrhal troubles of women that it rarely fails to instantly relieve and promptly cure. No sooner does a woman begin to take Peruna than she feels that a cure is in sight.

Sometimes it is necessary to take it for weeks and even months, but the good effect becomes apparent at once and gradually continues until a cure is perfected.

MISS MYNE BARTON.

Pelvic catarrh is a phrase coined by Dr. Hartman, covering all that large class of diseases that used to be known as female weakness. The lower portion of the abdomen is called by anatomists the pelvis. The organs contained in this portion of the body are known as the pelvic organs. There are several of them, very delicate and very subject to catarrh. Few women escape entirely catarrh of these organs. While each case presents some minor difference as to detail, they are all in reality alike.

Pelvic catarrh, therefore, is a generic term that covers all cases of catarrh of the pelvic organs. There is no cure equal in promptness and permanency to a short course of Peruna.

Peruna does not relieve these cases by temporarily mitigating some symptoms, but by a removal of the cause. Many a woman can testify that a local treatment does not permanently cure. A large number of women are constantly going from doctor to doctor to receive local treatment, with little or no result.

Miss Myne Barton, 221 Washington Ave., Madison, Wis., writes: "I took Peruna for two months according to directions for cessation of the menues and found that it restored the normal functions of the system which had ceased on account of getting my feet wet and catching cold and which caused intense pains. It also toned up my system and made me feel much better and stronger, so that I feel in duty bound to say a good word for it. I shall cheerfully recommend it to my friends and am sure that they will all be pleased with the results, if it helps them as it did me."—Miss Myne Barton.

In Peruna these women find a prompt and permanent cure. Thousands upon thousands of testimonials to this effect are received by Dr. Hartman every year. The good that Peruna has accomplished in this class of cases can scarcely be overestimated.

Noted Women Who Use Pe-ru-na: Belva Lockwood, Washington, D. C.; Mrs. Lucy Clark, Farmington, Utah; president Utah State Council of Women; Mrs. Verona E. Roach, wife of late Senator Roach, of Larimore, N. D.; Mrs. General James Longstreet, of Washington, D. C.; Mrs. Gridley, mother of Captain Gridley of the U. S. cruiser Olympia.

Mrs. H. A. S. Marsh, President Woman's Benevolent Ass'n, No. 237 Jackson Park Terrace, Chicago, Ill.; Mrs. Robt. Maher, attorney-at-law, of Kansas City, Kan.; Mrs. Colonel Hamilton, of Columbus, O.; Mrs. Theophile Schmitt, wife of the ex-Secretary of the German Consulate, of Chicago, Ill.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you the valuable advice gratis. Address: Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

NAME DUNN FOR GOVERNOR

Minnesota Republicans Put State Ticket in Field.

Adopt Platform Reaffirming National Issues and Commending Administration of McKinley and Roosevelt.

ST. PAUL, July 1.—The state republican convention, in session here, has nominated the following ticket: Governor—Robert C. Dunn of Mills Lake, Lieutenant Governor—Ray W. Jones of Mendota, Secretary of State—F. E. Hanson of Mcker, State Treasurer—J. C. Block of Nicollet, Justices of the Supreme Court—Calvin L. Johnson of Steele, Charles L. Lewis of St. Louis, C. B. Elliott of Hennepin and Edwin A. Jaggard of Ramsey.

The Minnesota republicans at the close of the fifth session and the second day of their state convention tonight named the foregoing ticket in good-natured harmony. Senator Moses E. Clapp, who presided, brought about harmony by insisting that contests be fought out in the committee on credentials. While contests were not settled by the committee all talk of bolting was done away with, so that when a minority report was adopted unopposed eleven delegates favorable to Justice Collins for governor, the unseated delegates left the hall, pledging their hearty support to whatever ticket might be named. After the unseating was concluded, it became evident that Dunn had a large majority. Congressman Eddy withdrew from the race while the name of Collins was not presented. Dunn's nomination was then made by acclamation.

At the convention endorsed Senator Clapp for re-election. It seems improbable that anyone will seriously contest his return to the senate.

Readers National Platform. The platform reaffirming the national platform and commending the administration of McKinley and Roosevelt, has the following to say on national issues:

We believe that the large corporations commonly called trusts should be regulated by law and supervised both in their operations and in their financial practices. We demand the enforcement of laws which shall be so regulated and controlled as to prevent monopoly and promote competition and the fullest measure of subserv and advance the public good.

We believe in the doctrine of protection to American industries set forth in the national republican platform of 1904 and we believe in reciprocity as defined and advocated by William McKinley and James G. Blaine.

We urge legislation that will expedite the construction of the Isthmian canal in order that our commerce may be extended to peace and our country protected in war and that our ships may come in competition with our railroads.

Legislation Against Chinese. We approve the enactment by congress of legislation which will deter Chinese from gaining admission to the United States, to the injury of American labor, and we demand the passage of laws which shall exclude all unworthy and undesirable emigrants, whose presence menace our citizenship or injure our workmen.

We demand equal taxation for all classes of our citizens. We advocate the extension of the postal rural free delivery service wherever its extension may be justified.

The platform commends the action of present Governor Van Sant in "repealing the cause of the people against the railway merger and trusts."

Confesses to Iowa Crime. CHICAGO, July 1.—Jacob L. Smith, alias John J. Durban, who is under arrest here, has confessed the police say that it was he who robbed the jewelry store of John & Co., in Des Moines, Ia., of \$500 worth of diamonds and rubies in December last. Smith is held here, charged with being a member of safe blowers, whose alleged leader, "Tommy" Barry, was fatally shot here while resisting arrest a few days ago.

WOULD YOU WIN PLACE? Be clean, both in and out. We can not undertake the former task—that lies with yourself—but the latter we can aid with HAND SAPO-LIO. It costs but a trifle—its use is a fine habit.

RIDDLE VICTIM'S BODY

Negro Criminal Lynched in Georgia by a Mob of Two Hundred Persons.

CHAIRMAN JONES IN ST. LOUIS

(Continued from First Page.)

will meet the demands of all democrats," said Representative Clayton of Alabama. "I believe it is going to be comparatively an easy matter to accomplish that result."

Other party leaders on the ground expressed themselves in like optimistic manner. But when they entered upon a comparison of views it became evident that there are differences which will have to be smoothed down before the desired result can be secured.

Evidently the principal contention will be over the point as to whether there shall be a specific declaration favorable to the affirmation of the principles enunciated in the platforms of 1892 and 1904. There is all the difference of content as to whether there shall be any reference whatever to those two declarations.

Some express the opinion that the preparation of the platform will be left almost entirely to Senator Gorman and Representative Williams, the democratic leaders in the two houses of congress. It is generally believed that the character of the platform will have a marked influence upon the presidential nomination and as only a majority vote is required for its adoption its exact wording will be awaited with much interest.

John Braden Walker of New York is urging the adoption of a financial plank declaring for a currency so adjusted as to meet all business requirements.

East Will Have Control. Two distinct lines of operations developed in the preliminary skirmishing. One is a scheme to rush the nomination of Judge Parker on the first or second ballot and the other is to scatter the vote, prevent any nomination, with a view of naming Cleveland or Gorman. The friends of Gorman and Cleveland are working to hold the convention for several ballots in the hope that their candidate would be named.

It seems now apparent that the control of party affairs will pass to the east no matter who may be the candidate or what may be the platform. Arkansas, Missouri, Kansas, Iowa and Nebraska will give way under the changed condition to New York, Pennsylvania, Maryland, New Jersey and New England.

"Nothing is it," said Hon. Thomas Taggart of Indiana when upon his arrival tonight he was asked to express an opinion relative to the possibility of the nomination of former President Cleveland.

"Nothing in it," he repeated with emphasis, and added, "Parker will be nominated on the first ballot and at the latest on the second." He also expressed the opinion that the Kansas City platform would not be reaffirmed.
