

INCREASES IN ASSESSMENT

Five Counties Show Three and a Half Millions Larger Total.

MRS. LILLIE APPLIES FOR REHEARING

Governor Will Not Issue Any Fourth of July Pardons Because Judge Holcomb Declines to Recommend Them.

(From a Staff Correspondent.) LINCOLN, July 2.—(Special.)—Five counties reporting to the State Board of Equalization this morning show an increase over the returns made by these counties last year of \$1,674,294.24. These counties were Dakota, Thurston, Dundee, Sherman and Fillmore. The total assessed valuation of Fillmore county was \$4,321,051.94, an increase over last year of \$1,055,628.90. Dakota's total assessed valuation was \$2,044,621.72, an increase over last year of \$204,621.72. The total of Thurston's assessed valuation was \$692,247, an increase over last year of \$91,264. Dundee county returned a total assessed valuation of \$525,661.11, an increase over last year of \$170,130.11. In Sherman county the assessed value of property that made a total assessment of \$1,800,134, which is an increase over last year of \$271,293.54. Fillmore county carries off the banner for the amount of increase of these counties. In this county the assessed valuation of cultivated land was increased over last year from \$1,110 to \$1,143. Its improved lots were increased from \$75.25 to \$91.27, its houses were raised from \$5.92 to \$12.16, its mules from \$1.35 to \$14.38 and its hogs from 60 cents to \$1.17. In Thurston county the assessed valuation of horses was decreased from \$118 to \$105. This decrease, the assessor explained, was due to the number of Indian ponies which are now in the county and which brought down the average value of the animals. The land in this county, the assessor explained, was valued at what it would bring on the market, a number of acres of Indian land having been advertised and sold. The assessed valuation was increased this year from \$3.22 to \$10.25. The following table shows the assessed valuations in these counties for this year and last year:

Table with columns for County, Year, and various assessed values (Land, Horses, Mules, Cattle, Personal Property).

Mrs. Lillie Wants Rehearing.

Mrs. Margaret Lena Lillie will not go to the penitentiary until everything possible has been done to prevent it. This morning an application was filed in the supreme court for a rehearing and for a stay of execution until the application for the rehearing had been acted upon. The application for a rehearing assigns eighty-five alleged errors. It is asserted that the same is not filed for delay, but to obtain a reconsideration of the merits of the case. Plaintiff in error represents that although she has filed a motion for a rehearing and the same remains undetermined, the sheriff of Butler county is about to remove her to the penitentiary to begin until the sentence and judgment of the lower court. The plaintiff in error requests the court or if it shall not be in session the chief justice, to make such order as may be necessary in the premises to protect the plaintiff in error from being imprisoned before her case shall be finally determined against her.

No Fourth of July Pardons.

Governor Mickey will issue no Fourth of July pardons though probably he will commute the sentence of Cyrus Dymally, a Washington county, who killed a man with a baseball bat during a wrangle at a ball game. One of the reasons why the governor will issue no pardons is because Chief Justice Holcomb refused to make a recommendation which is required by the statutes in cases of this kind, for the reason that the judge thinks the law is bad. The law says the governor shall issue two pardons on the Fourth of July to men recommended by the warden of the penitentiary, and the chief justice of the supreme court. The men recommended by Warden Bendor were Elmer Gibson and Frederick Barent, serving respectively twenty and twenty-five years for murder. They have been model prisoners for the last ten years and Warden Bendor was anxious that they be pardoned, and also anxious that the custom of the Fourth of July pardons be continued, for the reason that it tends to make the discipline among the long timers better.

City's Crops Are Good.

HARVARD, Neb., July 2.—(Special.)—With the exception of a few light showers the past week has been favorable for all kinds of farm work, corn having made

rapid growth. Winter wheat is filling well and promises a large yield providing hail or other storms do not destroy the crop, as there is plenty of moisture to make the wheat crop. Spring grain is looking well and promises a large yield, though some will require more moisture before fully ripe. Small fruit and gardens are about all that could be desired, except apples, plums and some small fruits. Every one has been busy securing their cherry crop the past week. This morning is rainy.

ARRESTS FOLLOW A CHARIVARI

Ten Young Men, Including Judge's Son, Fined. GRAND ISLAND, Neb., July 2.—(Special.)—A charivari at a wedding party last night led to the arrest of ten young men, one of them charged with assault and battery and the rest with disturbing the peace. The wedding was that of Ernest Roth and Elizabeth Melinger, Justice Garn, who is also police judge, officiated at the ceremony. When the disturbance began outside the groom appeared at the door, but found the demands of the serenading party somewhat high and un diplomatically suggested a compromise. This was scornfully rejected, and then Justice Garn took a hand in the matter and advised the young men to disperse. The rattle of the tin cans and the unending yells, however, continued without interruption, and the justice then left in his buggy for a police officer. The crowd had by this time become still more unruly. A big fellow named McCord seized the groom by the leg and pulled him from the house, and then the bride bravely came to his assistance. She also was roughly handled and thrown to the ground. The guests then came out in a body and drove the young men out of the yard. Warrants were afterwards sworn out for the arrest of the chief disturbers of the peace and ten were arrested. McCord pleaded guilty and was fined \$5 and costs. A young man named Nordheim, when he saw what the evening's fun had led to, left his job at the Union Pacific shops and has disappeared. The other lads arrested were: Emil Garn, J. Kahn, Sherman Aldrich, Dave Fuss, Fred Bleck, Henry Walker, Gottlieb Schneider, Nick Schnell and Mike Beach. The first nine of these fellows, was fined \$4 and costs and the next four \$1 and costs, the others being discharged. Garn, the heaviest of the younger lads fined, is a son of the judge who imposed the fines. "He should have known better, having not only the warrant on his back, but from his father, and as judge I had a right to expect more of him than of the others; he was in better position to know that such action was entirely out of order and unlawful," said the judge.

BEES TAKE POSSESSION OF BED

Owner Throws Himself Down Carelessly and Suddenly Jumps. FAIRBANKS, Neb., July 2.—(Special.)—Even though he was an officer of the law, John Sills of Gretna had to acknowledge last night that his house was entered and held by intruders, who not only resisted his attempts at ousting them, but caused him to lose a precipitate retreat unbecoming a peace officer. Sills, upon entering his bedroom, little thought of the surprise in store for him, and, being tired out, he hastily prepared to retire. Dropping heavily upon the bed, he was met by a swarm of bees, which he thought he had escaped from his couch and arched himself in an antagonistic position. He had not long to wait. During the day a neighbor's hive of bees had swarmed, and in their mad flight had made their way through Sills' window, lighting on his bed, where they had contentedly taken up their abode. Being molested the bees swarmed out by the hundreds and attacked Sills in a vigorous manner, forcing him to retire and seek sleeping apartments elsewhere. Sills says the casualties of the enemy were two, which he found down his back on his arrival at the hotel. This morning the bees were hived and returned to their owner.

GIVES SIGNAL THAT KILLS HIM

Young Man is Crushed by a Locomotive After Giving Word to Start. SIDNEY, Neb., July 2.—(Special.)—Charles Burke, a Union Pacific employe, met an untimely death here today being crushed under the wheels of a locomotive. The engine was standing over the ash pit at the roundhouse and the hostler and another man were at work on it at the time of the accident. The deceased was cleaning the engine, and the hostler, who was finishing the work under the locomotive and came out and gave the signal to go ahead to the hostler, who entered the cab and started, when he heard the shriek of Burke beneath. The hostler stopped the engine as quickly as possible, but was too late, as the wheels of the tender had passed over the body of Burke, crushing the life out of him. A coroner's inquest was held at once over the remains. The verdict rendered declares that no blame attaches to the company or its employes and that the death was accidental. The deceased was about 28 years old and a member of the Odd Fellows and Ancient Order of United Workmen.

Humboldt Youth Seizes Women.

Eliza Stanley, a 19-year-old youth who has been a sort of roustabout at the Park hotel for a month or two past, was last night locked up by Marshal Todd on a drunk and disorderly charge, receiving this morning a fine of \$2 and costs at the hands of Police Judge Thompson. The young man had a narrow escape from a more serious charge as his arrest followed a successful attempt at terrorizing the women folk of the east part of the city, on account of his failure to locate a girl with whom he had been walking a few minutes before, and who had given him the slip, likely on account of his intoxicated condition. Stanley became enraged at her disappearance and commenced making a search of the houses in his immediate vicinity, carrying with him a small calibre revolver, which, however, looked full size to the frightened women. Mrs. J. W. Bash was chased from her house and the young man came into the street cursing and threatening any who dared to interfere with him. A telephone message had reached the officer, however, and he arrived in time to prevent injury to any person.

New Telephone Company.

HASTINGS, Neb., July 2.—(Special.)—After long deliberation the city council unanimously voted to grant a franchise to the Hastings Independent Telephone company. The original franchise asked for by the company was materially changed before being granted. The sixty year franchise asked for was made to read thirty years, and the city reserves the right to purchase the property of the system after the lapse of ten years after the installation at an appraised valuation to be determined upon by designated Hastings citizens. The rates agreed upon are \$1.50 per month for residences and \$2.50 per month for business houses until the new system shall have 50 subscribers, then additional toll of 10 cents per month per phone will be charged. Wires in the business portion of the town will be underground.

Storm Damage is Large.

BEATRICE, Neb., July 2.—(Special.)—A trip over the tornado-stricken district south and east of the city discloses the fact that the storm Tuesday was much worse than at first supposed. At the home of Robert Harris, where three persons lost

their lives, twenty-six head of hogs were killed by flying timbers and pieces of furniture were found a mile from the home. The house of Mrs. M. Harris, who lives on a large plot was carried over 100 yards, being twisted in all conceivable shapes, and a large iron pump was raised several feet from the platform. At this place a pitchfork was also found driven into the ground a depth of several feet. The work of repairing some of the damaged buildings and cleaning up the debris is now in progress by workmen from Holmesville and this city. The funerals of the three members of the Harris family who were killed in the cyclone were held yesterday afternoon at Blue Springs and the bodies were interred in the cemetery near that place. The services were largely attended by residents of Holmesville, Wyoming and Blue Springs.

ON TRIAL FOR USING SCREENS

Springfield Saloonists Must Answer for Infraction of Slocum Law. FAIRBANKS, Neb., July 2.—(Special.)—The case of Rev. Mr. Chappell of Springfield against William Lake and Ben Johnson, saloonists of that place, came up before County Judge Wilson yesterday. Lake and Johnson were bound over to the district court and released upon furnishing bonds for their appearance. The saloonkeepers are charged with operating their places of business with the view of the public obstructed by placing screens in front of the windows in violation of the Slocum law. These men won a case in district court recently, where they were charged with violating other provisions of the law.

Gage County Tax Levy.

BEATRICE, Neb., July 2.—(Special.)—The Board of Supervisors of Gage county yesterday made the levy for the coming year. The levy is based upon a valuation of \$7,000,000, and is 10 mills upon the dollar. The levy last year was 15 mills, based upon a valuation of \$4,414,488. This levy will produce \$700,000 in the general fund, as against \$450,000 last year, making an increase in the bridge fund of \$250,000, as against \$150,000 last year. These changes appear to be justified because of the fact that there are a number of bridges in the county in need of repair, but for want of funds the work has been neglected. As regards the general fund the assessment under the new law has cost the county about \$3,000 more than the old. Another item of expense never heretofore met, is a demand for \$4,000 from the state for the support of the insane from Gage county. As a whole there will be little change in the tax the reduction in the levy just about offsetting the increase in valuation.

Alleged Abductor Released.

DAKOTA CITY, Neb., July 2.—(Special.)—William Salsbery, an old Covington resident, was today released from the county jail, wherein he had been confined since last Monday, charged with abduction. County Judge J. J. Elmers did not consider the evidence sufficient to hold him to the district court. Miss Isabel Mumford, a 12-year-old girl, of South Sioux City, daughter of Mrs. William Sharp, last Sunday ran away with Claud Reeves, and Salsbery was charged with having a hand in the affair, having been seen in the company of the girl shortly after her disappearance. The girl has returned home and is now in the Good Shepherd's home in Sioux City.

Old Man Commits Suicide.

HAIGLER, Neb., July 2.—(Special.)—Friday morning James Killion committed suicide here. Two years ago he came to Haigler to make his home with his daughter, Mrs. James Grady. He was more than 80 years old. Suicide was effected by cutting the veins in his wrists and by swallowing a quantity of Paris green. He related the efforts of the doctors to save his life, declaring that he had lived long enough, and would kill himself as soon as possible. Suicide was effected by the effects of the wounds and the poison. He lived several hours after making the assault upon himself.

Pays for His Wife's Support.

YORK, Neb., July 2.—(Special.)—Sheriff Bauman and Attorney J. C. Cook of Fremont arrived in York yesterday with a warrant charging Fred Gumpert with desertion. Gumpert met the officers at the courthouse and agreed to contribute \$7,000 for the maintenance of Mrs. Gumpert and a 6-month-old child. Gumpert has been a leading clothing dealer in Fremont, and recently sold his interests in the clothing business.
