> Judge Munger has overruled the motion of Samuel Diamant, the South Omaha bankrupt, to vacate the order of the court equiring him to turn over to the trustee n bankurptcy certain assets, approximating \$5,000, which it is alleged are in his possession and are concealed from the trustee in bankruptey.

> The motion of Christian M Schneider, trustee in bankruptcy, asking that the bankrupt, Sampel Diamant, be committed to jail for failing to comply with the order of the court, issued May 14, is sustained by Judge Munger and an order of commitment has been issued in the case.

The case has been pending in the United States district court for several months and it was ascertained by the trustee in bankruptcy that Diamant, who was a South Omaha merchant, had failed to turn over assets to the amount of \$5,000 or more as required under the bankruptcy laws, and that he was concealing this amount of assets. Additional time was given Diamant to turn over the amount, but he has thus far failed to comply.

A motion was filed by his attorneys about has just been overruled by Judge Munger. At the same time a motion was filed and argued by the attorneys for the trustee in bankruptcy that Diamant be committed for contempt of court in failing to comply with the order of May 14. Judge Munger sustains this motion.

A warrant for the arrest of Diamant was placed in the hands of the United States marshal yesterday. Diamant's attor-neys will appeal the case to the United States circuit court of appeals and will apply for a writ of habeas corpus to have their client released from the custody of the United States marshal.

ON NORTHWESTERN AND UNION PACIFIC

Principal Innovation is Fast Night Train Between Chicago and Omaha -Burlington's New Schedule in Effect July 16.

The changes in the Northwestern pas senger train schedule took effect Sunday afternoon at 5 o'clock, and those in the Union Pacific time card at noon. changes are numerous and for a time probably will result in some people either nissing trains or arriving at the depot several hours ahead of time. A comparison of the old time card and the new

shows the following changes: The principal changes in the North western schedule is the making a night train of No. 11 from Chicago instead of a day train. It formerly arrived at 11:30 p. but now pulls in at 7:30 a. m., and leaves for Denver at 7:45 a. m. over the Union Pacific. This makes a very fast night train from Chicago. There is now only one daylight train over the Northwestern from Chicago besides the Over land limited.

No. 12, the Chicago special, now leaves at 7:10 a. m., whereas it formerly left at 3:40 a. m., and arrives from the west over the Union Pacific at 6:50 a. m., instead of 3:45 a. m. Trains No. 25 and No. 16, the Omaha-Chicago special and the Carroll-Chicago local which serived at 7:56 a.m. and departed at 4:25 p. m., respectively, have been cut out under the new schedule, but No. 21, the Carroll local, has been added to take the place of No. 25, and ft arrives to the court room and paced nervously up at 9:30 a. m., and No. 22, the Carroll local, eastbound, has been added to take the place of No. 16. It departs at 4 p. m. In fact, No. 22 and No. 21 are two trains which are made up into one in this city, going as far on the eastern trip as Mis souri Valley, where they are separated, one portion going to Sloux City and the complaint of his wife, who said he was tryother to Carroll, and on the westbound trip they are joined at Missouri Valley and her life. Case, she declared, burned up her come into this city in a single train.

Connects for Bonesteel. No. 5, which formerly arrived in Omaha 11 2:40 p. m., now arrives here at 11:40 p. m. and connects with the Bonesteel train so that she would stay close to the family at 11:50 p. m., but does not continue west ward over the Union Pacific as formerly Passengers from the west who now come in on No. 5 will be forced to lay over night to catch a Union Pacific train out. No. 72, the St. Paul and Minneapolis express, now leaves at 7:20 a. m. instead of 7:50 a. m. as formerly and No. 4, the Chicago daylight passenger which formerly left for the east at \$ a. m., has been dis-

The Union Pacific has put on snother No. 5 to take the place of the one which formerly received from the Northwestern two weeks ago to vacate the order and at 2:55 p. m. and left for the Pacific coast that Diamant be purged of contempt in at 3:20 p. m. It leaves at 4:20 p. m. and his failure to do so. It is this order that is known as the Oregon express. The California express over the Union Pacific now leaves at 4:10 p. m., or ten minutes earlier than formerly.

No. 42, on the Union Pacific and which is known as the Lincoln, Beatrice and Stromsburg express, now leaves at 2:50 p. m. in stead of at 4 p. m. as formerly and arrives at 1:15 p. m. instead of 12:65 p. m No. 4, the Atlantic express, formerly rived at 6:40 a. m., but now gets in at 7:3 There are but two changes in the new

schedule of the Milwaukee. No. 1, the overland limited, which formerly arrived from the east at \$:10 a. m., now arrives at 7:35 a. m., and No. II, the Colorado 11:15 p. m., now gets in at 11 p. m. The Burlington will put some slight changes in effect July 16 which will result in cutting down the running time of a fast eastbound and a fast westbound train from Omaha to Chicago about that were stolen from a letter that had twenty minutes.
