WILL NOT CLOSE THE SALOONS TODAY

Arrangements for Keeping Order During the Strike Are Given Attention and Special Officork Appointed.

There was a meeting of the Fire and Police commissioners last night and a number of matters of importance disposed of. Naturally the packing house strike came in for a good deal of attention. The closing of saloons during the strike came up and after some discussion it was decided that there was no occasion for such action at tids time.

A resolution was passed directing the chief of police to notify all saloonkeepers not to sell beer or whisky in cans to be consumed outside the saloons. Such action, the members of the board declare, will prevent a great deal of drunkenness and A violation of this order will'be ing the strike. Chief Briggs will start out early today to serve this notice on every liquor dealer in the city.

In order to assist in preserving order the cers are: Scott Kenworthy, J. M. Buell, John Petach, W. S. Heald and D. W. Maey. These specials will report to same regulations as the regular force. The Rosewater at the city hall. special policemen at the packing houses will be paid by the packers.

G. F. Spears was appointed to a position on the fire department on sixty days' pro-

Opening for Bidders. Four different proposals for pids are now being advertised by the city. Bids for repairing the asphalt pavement on Twentyfourth street will be received by the city clerk up to 8 p. m., Thursday, City Englneer Beal estimates the cost of this work at \$43,891. A certified check for 10 per cent of the amount bid must accompany each bid. The city officials are very anxious to have this work started as in places the street is almost impassable.

On Thursday night bids for the purchase of \$20,000 intersection paving bonds will be opened in case there are any bidders. The ordinance authorizing this issue calls for interest at the rate of 4% per cent per annum, payable semi-annually. Some seem to think that on account of the low rate of interest bond buyers will not respond. The statement is made that if the interest is inised to 5 per cent there will be plenty of

jut comes bids for the paving of O at. This pavement will require 7,700 sure yards of brick pavement on a concrete base and the setting of \$,000 feet of artificial stone curbing. The estimated cost of this work is \$17,920.

The Board of Education makes a request for bids for the placing of electric wiring in the new high school building. Secretary Laverty of the board will receive proposals for this work until 8 p. m., July 18. Plans and specifications for this work may be in-

Topeka Firm Sells Bonds to State of Nebraska for Less Than the County Offers.

County Treasurer Fink's resistance to the order of the Board of County Commissioners to buy \$33,000 of county bonds from Kelly & Kelly of Topeka has resulted in the sale of the bonds to the state of Nebranks. The Topeks firm evidently took the county treasurer at his word when he said that he would not obey the order of the county board, for it sold the bonds to the state at a much lower exte than the county commissioners resolved to pay for them. The county commissioners, with the dissenting vote of Mr. Kennard, had adopted a resolution instructing the treas-

urer to buy the bonds on a 316 per cent

basis, while they have been sold to the CITY COUNCIL PROCEEDINGS state on a 1% per cent basis. The state cannot pay premium on bonds and therefore Kelly & Kelly must take their 14 per cent on detached interest coupons as they

fall due. County Treasurer Fink will now notify the Board of County Commissioners that he has \$10,000 in the bond sinking fund to place on time deposit.

There seems to be a great deal of sickness among the Indians who have visited the fair. One day last week seven of them, all of whom were ill, passed through the city going back to the reservation. One had his arm broken, but the others seemed to be suffering from various complaints. Some of the parties who have accompanied the Indians back from St. Louis to their homes say the camp on the exposition grounds is located in a very damp and unhealthful place and it is this to which is due the prevalent sickness among hem. The Knocks live at Crookston, S. D., on the Rosebud reservation.

CANDIDATE FOR WATER BOARD

James P. Connolly Withdraws from Legislative Ticket to Run for Water Commissioner.

James P. Connolly has decided to withdraw as a democratic candidate for the legislature and become a candidate for member of the city water board. Mr. Connolly will send a letter of withdrawal to the county committee, which is expected to meet within the next two weeks. It is expected the county committee will nominate a Bohemian to fill the vacancy on the legislative ticket. It is not likely that the city committee will go to the expense of holding primaries for the election of delegates to a city convention for the purpose of nominating candidates for water commissioner and the school board, but it is expected the Omaha delegates to the recent county democratic convention will be authorized to hold a city convention. As the law provides that the water board must be bi-partisan the nomination is equivalent to an election. The who have so far announced themselves as candidates for water comdissioner are Mr. Connolly, A. A. Arter and Dr. A. H. Hipple.
