RUSSIAN OFFICERS DISAGREE
German Newspaper Says Kouropatkin and Alexieff Are Not Harmonious.
BERLIN, July 15.—A despatch to the Lokal Anzeiger from New Cawang dated July 12 describes the friction between General Kouropatkin and Viceroy Alexieff, which, in connection with the correspondent's recent interview with General Kouropatkin indicated that the present despatch was based on information from near the Russian headquarters. The correspondent says Viceroy Alexieff continually disturbs military matters by assuming kindly airs. He reverses Kouropatkin's orders, arrogating powers as the emperor's direct representative. When troops arrive at Mukden Alexieff holds inspections and parades, delaying the soldiers' arrival at the front. He sends his own staff of twice or three weekly to Tatchétsiao to observe and report on General Kouropatkin's do-

before the fortress of Port Arthur and as making the silence of Tokio all the more significant.
TA TCHE KIAO, July 14.—(Delayed.)—The latest reports regarding the attempted storming of Port Arthur on July 15 place the Japanese losses in killed or wounded at 25,000 and those of the Russians at 5,500. The Japanese retired and the Russians occupied the position. The Japanese have now changed their frontal position and a big battle is expected at the eastern portion of the defense owing to the Japanese turning movement.
A Japanese spy was captured today. He was dressed in the garb of a Chinese, and was remarkably cool and defiant in demeanor. He said he was a Korean by birth, had lived in Japan for twelve years and loved that country. He said that he had been declared, were convinced that Japan eventually would be successful and he advised the Russians to sue for peace as soon as possible.

NO SETTLEMENT REACHED (Continued from First Page.)
suspend unless the companies can hire nonunion engineers, firemen, elevator conductors and other skilled workmen.
Conditions at Kansas City.
KANSAS CITY, July 15.—Five packing houses operated their killing and butchering departments on a limited scale today. Schwarzschild & Sulzberger killing sheep for the first time since the strike began. Ruddy Brothers made no attempt to resume today, and probably will not do so before Monday. At the Armour, Swift and Fowler plants, the output was increased over yesterday, while the two other companies contented themselves with accomplishing just enough to get the plants in working order. A number of new men were put to work at each plant, but all are still far from having their usual quota.

The strike leaders say they are making steady inroads on the packers' forces and that they have persuaded nearly 100 butchers to join the union since Monday. The receipts at the yards today amounted to 2,000 cattle, 2,000 hogs and 500 sheep. Retail dealers in the packing house district have advanced the price of meats from 1 to 2 cents a pound, but there was no change at the majority of shops and big dealers reiterate that they will make no further advances.
At the Stock exchange after the market closed today Armour & Co. posted a notice to the effect that they would be on the market tomorrow for 4,000 sheep.
C. W. Armour said today: "We are buying hogs at Omaha at \$10.00 and \$10.25 a cwt. and expect shipments from those points by Monday. Within two weeks we will be killing as many hogs as before the strike."

Over 300 hundred laborers applied for work today, many of them being taken on, and several new butchers were employed.
ST. LOUIS, July 15.—The advance in the price of fresh meat, as the result of the strike of the butchers and meat cutters employed by the packing houses of St. Louis and East St. Louis, continued today.
All cuts of pork have gone up from 1 to 4 cents a pound. Mutton and lamb have increased from 1 to 5 cents. Dealers who at first predicted that the advance would be material have amended their views and now assert that an advance of from 10 to 15 cents a pound for all meat will soon be in force.
Despite the fact that retail dealers wherever possible are adding and cutting their meat, the finer cuts, such as porterhouse and tenderloin, are practically out of the market. Other cuts show an increase of 2 1/2 to 4 cents a pound.
The strike situation, both in St. Louis and East St. Louis, is practically unchanged. The packers are operating on a very small scale on the east side, while the only firm affected by the strike in St. Louis has entirely suspended.

According to statements made today by the officials of the local unions, there have been no defections of any kind on the part of the strikers and they say that the men are satisfied with the progress of the strike.
There have been no disturbances, the men generally observing the request of their leaders that they remain away from the vicinity of the packing houses.
New Yorkers Hope for Settlement.
NEW YORK, July 15.—Striking meat handlers were today waiting for the announcement of the settlement of the strike against the big western packers. This was expected almost any hour from Chicago, but in the meantime prices of beef continued to go up and other provisions were also affected. Poultry and eggs have been advanced and fish dealers announce that sea food will be the next to advance.
Cold storage poultry has been advanced 2 cents a pound. Incubator chickens and ducks are abundant, but the price is almost prohibitive to the poor.
Union teamsters refused to handle forty-five carloads of beef arrived here within the last twenty-four hours.

ST. JOSEPH, July 15.—The situation in the strike of the packing house employees is more encouraging to the packers today than it has been since the strike was ordered. All three of the big plants in South St. Joseph are in operation. Nonunion men have been employed to take the places of the strikers. The packers have not been able to get as many men as they want because the successful union packers are persuading applicants to turn back. The Swift plant was operated one-third normal today and Hammond's and Nelson Morris to one-fourth. A number of unskilled workmen from South Omaha and Chicago are said to have been taken into the Swift plant last night, but the manager does not confirm the report. The strikers are still orderly.
Boston Pays Higher Price.
BOSTON, July 15.—As a result of the strike of the meat cutters the retail price of beef was advanced from 1 to 3 cents a pound on all cuts in Boston today.

NONUNION MEN ARE STORED
Trouble Breaks Out at Sioux City and Strikers Threaten to Walk Out.
SIoux CITY, Ia., July 15.—As the nonunion workmen were leaving the Cudahy packing plant this afternoon they were set upon by a gang of union workmen, jeering and throwing bricks and stones. Street car windows were smashed but no one was seriously injured. Cots have been provided at the plant for the nonunion men and in the event of trouble tomorrow, they will sleep at the plant.
A special to the Journal from Deadwood, S. D., says the Black Hills will be seriously affected by the strike among the big meat companies. Although the Black Hills are in the center of one of the largest cattle shipping districts, very little of the meat used comes from the range and cattle. The packing companies all have branch offices in Deadwood and meat is shipped again to all parts of the Black Hills from the offices. The local managers predict a great scarcity of meat and a rise in price has already been made locally.

HARRIMAN WINS FIRST ROUND
Secures Temporary Injunction Against the Northern Securities Company.
DELAYS DISTRIBUTION OF THE ASSETS
Claims of Harriman and Pierce to Ownership of Northern Pacific Stock May Be Upheld by Court.

TRENTON, N. J., July 15.—Judge Bradford today granted a preliminary injunction in the suit brought by Edward Harriman, Winslow S. Pierce and others to restrain the proposed pro rata distribution of the assets of the Northern Securities company. This is a defeat for the Hill interests. The opinion is fifty typewritten pages in length. The litigation turned largely on the question as to the title to the Northern Pacific stock which E. H. Harriman and Winslow S. Pierce put into the combination and which amounted to about \$3,000,000. The contention of the Northern Securities company was that the stock had become the absolute property of that company and that it was perfectly legal for the Northern Securities company to carry out the pro rata plan of distribution upon which the company had agreed. Harriman contended that by reason of the corporation being declared illegal by the United States supreme court the title had passed from Harriman and Pierce and in consequence they were entitled to have returned to them the particular stock they had put into the combination and which involved control of the Northern Pacific company.

Does Not Settle Case.
The decision of Judge Bradford does not dispose of the main points at issue in the case which were whether or not Harriman and Pierce should have returned to them the stock of the Northern Pacific company which they put into the Northern Securities company, or whether they should have distributed to them the stock of both the Northern Pacific and the Great Northern companies on the pro rata basis provided by the directors of the Northern Securities company.
Judge Bradford devotes most of his opinion to the discussion of a legal question as to whether he should grant a preliminary injunction and he takes the position that as long as there is any doubt in the case and no inquiry can come to the complainants, a preliminary injunction should be granted. He says further that the failure to grant a preliminary injunction would permit the distribution of the stock in the Northern Pacific company to which Harriman and Pierce claim title and put the complainants in a position where they would be able to secure relief which they would be entitled, should the case be decided in their favor on final hearing.

part of that stock, but that it was within the court's power to require bonds to protect any stockholders from any possible losses. Judge Bradford, in his decision, does not provide for the form of a decree and asks that a form be submitted to him. In the discussion of a legal question, the judge has followed practically the policy that controlled Judge Kirkpatrick when the latter granted an injunction restraining the Pennsylvania Railroad company from taking down the poles and wires of the Western Union Telegraph company when the company had been ordered to remove the poles and wires from the railroad company's property. The point then, as now, was that unless a preliminary injunction had been granted the relief sought could not be obtained even though a decision were granted in favor of the complainant on the final hearing. In the present case Harriman and Pierce are asking for the return of the particular stock of the Northern Pacific company which they put into the combination. If the pro rata distribution were not to be enjoined and Harriman and Pierce were to win on the final hearing the particular stock to which they are suing to recover would already be distributed and their victory would be a barren one.

The judge also said that a preliminary injunction should only be refused where it was absolutely positive that the complainants could not win the case when it came to a final hearing. The complainants were entitled, he said, to benefits of every reasonable doubt as to the disposition of the case when it should come up on final hearing. He said that he was not always easy to anticipate a judicial decision, even when all the facts had been presented. In the present case, he stated, there were a number of points upon which it would be necessary for the presentation of more evidence than is now before the court.

Injunction Only Delay.
Judge Bradford, in discussing the advisability of granting a preliminary injunction, said that such an injunction would not interfere with the operation of either railroad nor would it be injurious to the public. He said it might be contended that the injunction would interfere with the distribution of dividends on the stock of the securities of the company, or at least on a

Effect Upon the Market.
NEW YORK, July 15.—The announcement of the Northern Securities decision caused a convulsive bound in Union Pacific to 9 1/2, and in Southern Pacific to 2 1/2. Both stocks then ran off, the former 3/4, and the latter 1 point. The decision had been so accurately and confidently foreseen for three days past that the disposition was to take profits in the market after the announcement, and prices increased all around in this instance. The enormous absorption of the Union Pacific convertible bonds was a feature of the trading. On the curb Northern Securities were selling at 10 1/2 and dropped abruptly to 10.
At the office of the Northern Securities company in this city it was said that President Hill would not say anything on the subject, at least until after he had read the judge's decision.
Representatives of J. P. Morgan & Co. and E. H. Harriman said they did not care to discuss the decision until their attorneys had read it. It was said that Mr. Morgan's office, however, that an appeal would be taken.

Union Pacific in the course of successive advances during the afternoon got as high as 7 1/2 and Southern Pacific touched 5 1/2. The response in the general market was very moderate, although there were considerable recoveries at one time in sympathy with the movement in the Pacific, but the market subsequently became rather dull and sluggish. Northern Securities rallied a

going from doctor to doctor to receive local treatment, with little or no result. In Pe-ru-na these women find a prompt and permanent cure. Thousands upon thousands of testimonials to this effect are received by Dr. Hartman every day. The good that Pe-ru-na has accomplished in this class of cases can scarcely be overestimated.
Imitations of Pe-ru-na.
Pe-ru-na has come to be recognized as the greatest remedy for catarrh in the world. At first competitors tried to deny this and insisted that their remedies were just as good. This was found to be impossible, however, and now imitations are springing up everywhere. To successfully pain off an imitation of Pe-ru-na even for a short time is sure to be a money-making scheme, but no one who has ever taken Pe-ru-na can be fooled on these imitations. No conscientious druggist would sell one of them. Every purchaser should look carefully at each package of Pe-ru-na, buy to be sure that he is getting only genuine Pe-ru-na.

fraction on the curb, but sold off again to the lowest.
Manderson and Kelly Talk.
In speaking of the decision General Solicitor Manderson of the U. S. & M. said: "The decision has but little significance. The case will be appealed to the court of appeals and probably will be taken from there to the supreme court of the United States. It's a long road in which the present decision is simply a step."
Judge W. R. Kelly, general solicitor of the Union Pacific, said regarding the decision: "It only disposes of the application for an injunction. Upon allowance of the injunction the case stands on regular order for final trial or other disposition. The decision is in favor of the Harriman interests. The application for the injunction was made before Judge Kirkpatrick of the New Jersey jurisdiction, but he died just a few days prior to the hearing and Judge Bradford of the Delaware jurisdiction was appointed to hear the arguments, which were made in the latter part of May. The injunction enjoins the distribution of the assets of the Northern Securities company on the plan agreed upon by the board of directors until a final hearing is had."

cepts cut off their source of income while the expenses go on as usual.
Merchants all over the city still complain that there is no business and the declaration is made that unless the trouble is settled by Monday there will have to be a reduction of help, in order that the expenses may be reduced.
Vice President Vail had this to say last night: "The situation still remains unchanged. There is very little work being done at the packing houses here. We have not lost any of our men by desertion so far and do not expect to. From the way the men talk we expect them to stay it out to the finish." When asked about how many men were out in South Omaha Mr. Vail replied, "In the neighborhood of 5,000." As to the number of unskilled laborers out Mr. Vail said that he did not know but that the number at nearly 2,000.
Meetings of the leaders were held with Mr. Vail at headquarters last night and the situation thoroughly discussed. Plans for a lengthy campaign are being made although Mr. Vail says that he still thinks that there is a chance of a settlement of the difficulty.

END OF CONTEST IN SIGHT
But a Few Days More Left in Which to Hustle for Votes.
VOTING CONTEST ENDS NEXT SATURDAY
List of Candidates Swelling in Number Every Day and All Indications Point to a Fierce Struggle at the End.
Only one week more and The Bee's July voting contest for ten free trips to St. Louis and return will close. What will be the outcome no one can predict. The tendency of candidates to hold the larger portion of their votes in reserve makes the result a complete mystery. Only one thing is sure. The trips will go to those having the ten largest votes and the three highest will receive a week's free accommodation at the Inside Inn. The result in any instance may hinge on a small surplus and no candidate can afford to fall short of having just that very small surplus. The vote at 3 p. m., Friday, July 15, was:
