Big Jack's Southpaw Too Cunning for the Hoffer Hard Hitters.

DES MOINES DROPS ANOTHER TO OMAHA

Fine Crowd of Hawkeye Visitors Root Hard for the Losing Team, and a Splendid Ball Game is Played.

Big Jack Pfeister went in to win yesterday afternoon, and the all-conquering pace which he set in the first inning never once abated, and 8,500 fans from lows and Nebraska saw Omaha win from Des Moines by 2 to 1. It should have been a shut out, but the worst that can be said is that it was a great game. The Prohibitionists played without an error through the whole afternoon. The thing which saved Des Moines from a shut-out was a blunder by Howard, when he dropped an easy fly in the sixth. With two men out, this error permitted Hoffman to score. Howard had an off day and no mistake. In the third inning, he made two errors in quick succession, which luckily proved of no purpose to the Prohibs.

It was Pfeister from start to finish. Until the ninth inning the visitors culled but two hits. It was then that they added two more, but Pfelster pitched himself out of the hole and Omaha had won. He struck out eight men, walked but two and himself made two hits, one good for as many bases, out of two times at bat. Omaha won the game in the eighth. Howard started with a walk. Miller hit

to Hoffman and reached first on that fielder's choice, Howard going out, Harry Veich came along with a hit to the left field fence, and by the time that Thiel had corralled the ball and driven it within bounds. Welch was at third and Dusty Miller had tied the score. Lawler, who is playing in Dolan's place nowadays, hit Lobert, who fielded him out at first, but Welch had crossed the rubber thing for the second and winning run.

Crowd Was Big and Nolsy. Pa's lawn party was a blase of murky heat and glory. The center of the big grand stand was a solid mass of strange faces. Strange sounds emitted from this fandom coterie which had come to Omaha to root for Des Moines. Bill Hoffer's colored quartet sang a short volume, and then Pa's German band was turned on and the fans were given all kinds of music. Mingled with the rooting, which was unusually strenuous, the music was great. "He's all right."

And sundry other sounds were emitted from the ranks of the Iowans, who were not reluctant in making themselves known. They yelled and pounded on the fist-banged boards for nearly two hours and were as noisily good natured when they lost as when the game began. These crowds were brought from Iowa in two special trains over the Rock Island. One was a through train, directly from Des Moines, the other an accommodation and the total number estimated by Papa Bill Rourke and Fred P. Rutherford, division passenger agent of the Rock Island, who have been working on the scheme since last Christmas, was 2,000: A general jubilee was held with the team at the Millard when the first batch of Iowans with their band landed. They did not wait for the game to begin their rooting. Score:

Practicing on the Tower.

NORTH PLATTE, Neb., July 17.—(Special Telegram.)—Tower practice is the order of the day, preparatory to the shooting tournament which begins tomorrow and continues three days. Today Ralph Starkey, one of the local shots, made twenty-five straight off the tower, following this with forty-eight out of fifty. Fred Gilbert, Spirit Lake, Ia., J. W. Gsrnet, Colorado Springs, Colo.; Frank C. Reihl, Alton, Ill.; Gus Schroeder and Dan Hray, Columbus, Neb.; Gus Sievers, Grand Island, Neb.; G. J. Campbell and Frank Miller, Broken Bow, Neb., were on the grounds today and tried their skill at shooting on the tower method with fair success, but, as Fred C. Whitney, of Des Moines, who is here says, tower shooting is deceiving, very deceiving. Sixty or seventy of the crack shots of the country will be here before the tournament ends. Will Furnish Meat.

There will be no scarcity of meat from now on in Omaha or elsewhere," said Mr. Cudahy emphatically. "There is no shortage in any kind of pork products and there will be no change in prices."

Aside from the loading of cars no work was performed at the Armour plant. The slaughtering of cattle and sheep will commence today, said General Manager Howe. These departments at Armour's will start operations today-Lard reffrery, sausage factory, packing and shipping departments. An increase in the cattle and sheep killing gangs is to be made. The hog killing department will not start up right away, as Mr. Howe declares he has plenty of hogs in the coolers at present.

"With the commencement of the working week tomorrow," said Mr. Howe, "there will be plenty of meat, fresh and smoked. Prices will remain the same as they are for the time being. As production creases prices will ease off. I think the limit has been reached on prices."

Firemen and Engineers Scale. "The firemen and engineers have no grievance," said Mr. Howe, "and I do not think that they will join the strikers, especially as we have their new scale of wages under consideration and negotiations

As for his fire department Mr. Howe said that he had discharged all the men Saturday and their places had been taken by nonunion men. These new men are now being drilled by Chief Gus Williams. Quiet reigned all day and evening at labor headquarters. About the usual number gather at the association offices during the forenoon, but very few were around in the afternoon. Aside from the reports of pickets there was no news.

Vice President Vall said last evening that he had not given up hopes of arbitration. "I have heard nothing from President Donnelly in regard to negotiations being broken off. Of course I noticed by the papers that such was the case, but I have heard nothing official.

Strikers Are Firm.

"There is really no change in the situapackers claiming that a large number of strikers will apply for workstoday, there is nothing in it. Such statements are purely bluff on the part of the packers. Our men are standing firm, and I am satisfied that not a single one will desert and go to work today or any other day for that matter until the strike is settled. We still feel confident of winning and consider that our cause is growing stronger every day." At police headquarters at roll call last night Commissioner Nolan addressed the men and explained certain laws and rules of the board. He urged the men to keep cool, not get excited, and advised them how to handle crowds in case they are called upon to clear a walk or a street.

> A BACK LICK Settled the Case With Her,

Many great discoveries have been made by accident and things better than gold mines have been found in this way, for example when even the accidental discovery that coffee is the real cause of one's sickness proves of most tremendous value because it locates the cause and the person has then a chance to get well.

"For over twenty-five years," says a Mis ouri woman, "I suffered untold agonies in my stomach and even the best physicians disagreed as to the cause without giving me any permanent help, different ones saying it was gastritis, indigestion, neuralgia, etc., so I dragged along from year to year, always half sick, until finally I gave up all hopes of ever being well again.

When taking dinner with a friend one day she said she had a new drink which turned out to be Postum and I liked it so well I told her I thought I would stop cof-fee for awhile and use it, which I did. "So for three months we had Postum without ever having one of

my old spells, but was always healthy and vigorous instead. "Husband kept saying he was convinced it was coffee that caused these spells, but even then I wouldn't believe it until one day we got out of Postum, and, as we lived two miles from town, I thought to

use the coffee we had in the house. "The result of a week's use of coffee sgain was that I had another terrible spell of agony and distress proving that it was the coffee and nothing else. That settled it and I said good bye to Coffee forever and since then Postum alone has been ou not mealtime drink.

"My friends all say I am looking worlds better and my complexion is much improved. All the other members of our family have been benefited, too, by Postum in place of the old drink, coffee." Name given by Postum Co., Battle Creek, Mich. Ten days' trial of Postum in place of coffee or tea is the wise thing for every coffee drinker. Such a trial tells the exact truth often where coffee is not suspected. Results:

DRUM PROVES TO BE WINNING FEATURE

Indications Are That Epworth League Assembly, Which Beets August 3, Will Be a Most Successful One.

(From a Staff Correspondent.) LINCOLN, July 17 .- (Special)-Three religious organisations battled for the crowd last night around the favorite stamping ground at Tenth and O streets and the Ministerial association, which broke into the game for the first time under the leadership of Rev. Batten, certainly came out third best. The other two contestants were the Salvation Army and the Volunteers of America, which had the sympathy of the crowd. Friends of the ministers, however, assert that it was the drum and the musical instruments in the hands of the army and the Volunteers that drew the crowd and not the superiority of the sermons preached. It is expected as the summer progresses, the fight will warm

Enworth League Assembly. Lincoln is preparing itself for the greatest event of the summer, the encampment of the Nebraska Epworth assembly, which begins August 3 and continues until the eleventh. This year the event will be greater than ever before and it is expected that more people will be in attendance than heretofore. Among the speakers that Nebraskans will be glad to hear is Governor Robert M. LaFollette of Wisconsin. Other speakers are Dr. Bristol and Dr. Wilbur F. Crafts of Washington, D. C., C. B. Mason of Cincinnati, John Merritte Driver, pastor of the People's church, Chicago; Dr. Iyanaga of Japan, Dr. Byron W. Ring of Pittsburg, Charles Callen Smith of Chicago, Gail Laughlin of New York. The Slayton Jubilee Singers and the Lotus Glee club of New York will assist in the entertainment.

Big Boulder All Ready.

The contractors have about completed the boulder purchased by the Daughters of the American Revolution to mark the meeting place of Lewis and Clark with the Indians at Fort Calhoun, and it will be on exhibition at Fifteenth and O streets Wednesday and Thursday. It will be shipped to Fort Calhoun in time to be in place for the ceremonies there August 3. The boulder is 7x8% feet in diameter and

37 inches thick, and is computed to weigh between seven and eight tons. The stone is remarkably hard and takes a fine polish. The pinkish purple surface has a delicate incrustation of green lichens. The boulder resembles a turtle in shape, and will form a most effective monument. Two sides of the stone have been in scribed. On one side is the inscription. "1804-1904. Lewis and Clark," above the

insignia of the Daughters of the American Revolution. On the other side are the words: "Placed by the Sons of the American Revolution Daughters of the American Revolution and the State Historical Society of Nebraska." The idea of the monument originated

with and has been carried out by the Daughters, but it was thought best to add the second inscription in order to give credit to the Sons and historical society. both of whom contributed to the financial part of the undertaking and are to assist with the program. The monument will be placed on the

distance away, can be obtained. A program of exceptional interest is under arrangement and excursion trains will be run on August 2 to allow as many as possible to attend the ceremonies. Majo William Hancock Clark of New York, grandson, of Captain Clark, is expected to be present. Mrs. S. B. Pound of this city has been asked to unveil the monument, as it was largely owing to her energy and enthusiasm that the boulder has been obtained.

Good Prospects for Fair. Indications thus early are bright for a glorious state fair this year. steel Trains. NORFOLK, Neb., July 17 .- (Special.)-Returning tonight on the Bonesteel special in order to find out the representation of the different states and the political sentimeat of the people in the seventeen heavily laden coaches a vote was taken for the various candidates for president of the United States. It was found that seven teen states and territories were represented upon the trains, Nebraska leading with 212; Iowa, 207; Missouri, 198; Kansas, 12; Illinois, 2; Okiahoma, 5; Wisconsin, 4 Colorado, 4; Indiana, 3; New York, 2; Texas, 2; Alabama, 1; New Jersey, 1; Ohio, ; Pennsylvania, 1; Wyoming, 1; Virginia, The vote as shown by the figures below indicates the sentiment that is apparent all over the country, a sweeping victory

for Roosevelt and Fairbanks: Roosevelt, 555; Parker, 234; Debs. 15 (socialistic); Swallow, 25; Bryan, 8; Watson, 6 (populist); people's independent, 4; refusing to vote, . Even grand old Missour! might be now ermed good fighting ground, for it, with its 198 people on board, gave Mr. Parker only one majority. Numerous parties that cast their votes in the Parker column did so against their wishes, as he is very distasteful to the western people, who are not in harmony with the St. Louis platform and its candidates. Such remarks as "Teddy, first, last and all the time," "Stand Pat" and "Teddy is good enough for me," were very much in evidence. On being questioned as to state affairs and the action of the Chicago convention we found the four Wisconsin people on board ardent supporters of "Bob La Follette," which indicates state and national affairs in an unsettled condition in the Badger state. Oklahoma voted solidly for Roose.

egram.)-Governor Mickey participated in the celebration here today of the semicentermial celebration of the establishment of Methodism in Nebraska. The local church of the denomination was filled with people from all the surrounding country and a very attractive program was carried out. The governor's presence and part in the service was especially fitting owing to the fact that in pioneer days when there was no Methodist organisation at Osceola his membership was with the Columbus church. He spoke today on "Character Building," giving the parents in the congregation most excellent advice in the training of children, in the course of which many interesting cases-which have come under his notice in public life were tellingly resited. Pastor G. A. Luce gave an address on the local history of Methodism and Rev. D. T. Olcott, a pioneer clergyman, now disabled, told of the circulriders' experiences in this part of the state in the long ago.

Governor Mickey spoke again especially to young people this evening, his address being followed by quarterly meeting, with Presiding Elder Millard in charge of the service. The day has been notable in local church history.

TECUMSEH, Neb., July 17 .- (Special Telgone to Chicago for the purpose of taking care of Miss Bertha Young, Mrs. McCoy's sister, and the young lady whom the Assoclated Press dispatches of a day or two ago said was lost in the windy city. The report was she was found wandering on the street, was taken in charge by the police awaiting word from this city and that she had considerable money with her. Miss Young started for Freeport, Ill., to visit relatives and her friends here do not know why she went to Chicago.

Head Still on Straight. GRAND ISLAND, Neb., July 17 .- (Special Telegram.)-A. Parhurst, a retail meat man, received a letter ordering him to place \$500 in a box at the rear of his store or the writer or writers would blow his head off. He received the letter two hours after the time at which he was to have placed the money there and found his head still on straight. The police have the letter. It is considered either a joke or the work of some one half witted.

Narrow Escape for Boy. TECUMEH, Neb., July 17 .- (Special Telegram.)-Master Selby Butler, the young son of Mrs. Florence Butler of this city, came near drowning in the Nemaha river. He was fishing from the mill dam when he lost his footing and fell into the water

below the dam and within the flume wheel whirlpool. Rev. W. F. Smith happened to be near and witnessed the accident and as the boy came up the second time he pulled him from his perilous position. Balks on Parker. PAPILLION, Neb., July 17 .- (Special.)-G. M. Mullins, democratic nominee for

county attorney of Sarpy county, has withdrawn from the race. He gives as his reason the fact that he cannot accept the gold standard plank in the democratic platform. The democratic county central committee will meet later and fill the vacancy on the ticket. Giel Burned by Lamp FREMONT, Neb., July 17 .- (Special.)-A 10-year-old daughter of Martin Screnson,

who lives at the corner of Seventeenth and school grounds at Fort Calhoun until F streets, was quite badly burned by aceldentally overturning a lamp yesterday evening. The lamp set fire to her clothing and the furniture in the room. Her injuries are very painful, but not dangerous Boy Still Unconscious GRAND ISLAND, NEB., July 17 .- (Special telegram)-Mercer, the son of J. F.

Coates, who was kicked in the head by a mule Friday afternoon, still lies unconscious, but there are some slight signs of improvement. He has now been uncon sclous fifty hours.

LITTLE CHANGE IN STRIKE

(Continued from First Page.)

out on strike has been returned to their former position without prejudice.

Cattle buyers and other men who have been with the packing houses for years have given up their jobs rather than fill the positions of the strikers and we would be ingrates if we accepted any plan or acquiesced in any movement which would not result in the immediate re-employment of these men who have been faithful to us.

"Negotiations were broken off last wight have accepted." night by Armour. We would have continued negotiating indefinitely. This strike is only in its infancy; it will be the most gigantic in the country since the coal strike. The meat strike affects a workingman; it enters into the personal life of every home, for meat is an absolute necessity.

"No riot shall take place in Chicago or other packing center, and the union officials and the men must see to this even if they have to stand insult to avoid it There were no riots as reported in Chicago and South St. Paul, merely brawls between our own men. "We have had the representatives of the

trades unions who are employed at the

packing houses say to us: "We are at your command." "Whenever we say that they shall come out they will march out to a man. This strike will never be forgotten. It whi prove one of the greatest educators in the history of the country. It will illustrate the pre-eminent standing of the brother

hood of man." At the conclusion of the meeting President Donnelly, in an interview, stated that according to information he had received from John Joyce, international secretary of the Butchers' union, the packers of the trust killed between 500 and 1,000 cattle during last week, as compared with \$6,000 to 120,000 head during the same period one

year ago. "In three months' time," said Presides Donnelly, "If the strike should happen to last that long the packers can not get skilled men sufficient to kill over 5 per cent of the regular run of cattle.

"Should a sympathetic strike be called it will include the union men in every division of employment in the packing houses. This will include the firemen, engineers, electrical workers, carpenters, plumbers, painters, coopers, steamfitters, drivers and railroad men. The latter will refuse to handle goods consigned to and from the packing houses. This call will not be made until it is deemed absolutely necessary, but I am assured that all will come out."

Situation at Ennanc City. KANSAS CITY, July 17.-There was practically no change in the local strike of the packing house employes today. At two plants, Fowler's and Schwarmschild & Sulaberger's, a small amount of killing was done despite the fact it was Sunday and that at the six big plants preparations were made for opening tomorrow on a large scale. The different managers aswork mowing, using a high sickle. When serted that they were constantly employing more men and were in fair shape. The president of the Central Labor union, which controls the engineers and other others badly injured. Sixty stitches were labor still at work in the plants, asserted necessary to sew up the wounds. It is tonight that unless the strike is settled thought that the boy will recover, but had before next Sunday these men will be

called out. President Donnelly is expected. here next Sunday,

Prepared for an Attack.

SIOUX CITY, Ia., July 17 .- For their protection in case of an attack by the strikers the Cudahy Packing company today distributed revolvers among all its nonunion employes. Matters at the plant were quiet today, no violence being reported. The plant will resume killing with a fair force of men tomorrow morning. On the mayor's return from several weeks' absence the Cudahy Packing company appealed to him for additional police protection at the plant.

Prospect of Trouble.

ST. PAUL, Minn., July 17 .- "Our struggle with the strikers will soon be won or lost," said Joseph Burns, the superintendent of the Swift and company packing plant at South St. Paul tonight.

Superintendent Burns stated that he had engaged 200 men, all of whom, with the aid of the sheriff of Dakota county and the nayor of South St. Paul, he expects to take into the Swift yards tomorrow at 6 'clock.

"So far as we are concerned," said Mr. Burns, "the strike is at an end, although we will take back any or all of our men at the wages they were receiving before the strike.

"I will have 200 men ready in the morning to enter the yards and I will engage any other able-bodied men who present themselves ready for work at that time." President Willis of the local union, while not predicting violence, says that 500 strikers will be at the gates to oppose the enegram.)-Mr. and Mrs. J. W. McCoy have trance of the men Superintendent Burns has hired. The strikers are determined and there are fears of serious trouble if

Mr. Burns carries out his plans. Governor Van Sant is carefully watching the situation and is said to be ready to call out the militia in case the local authorities at South St. Paul are found unable to cope with the strikers. There has been no demonstration today.

Start Killing at Boston. BOSTON, Mass., July 17.-By permission of the police commission, the Brighton Abattoir was opened today in preparation for tomorrow's demand for meat. Friday night eighty-three cars of live stock were received at the stock yards and since then double force of butchers has worked day and night. It is believed that the demand can be met so long as stock is received here on the hoof. Most of the beef being dressed here will go to consumers in this city and vicinity. Large consignments are expected early this week. Local dealers have very little beef in cold storage.

Sports at Concord.

CONCORD. Neb., July 17.—Special to The Bee.)—Concord will have a race meet and carnival Angust 19. There will be a base ball game, Allen vs. Carroll. horse racing for large purses on the Concord fairgrounds, basket ball game, balloon ascension, bands, shows, etc. The town is preparing to entertain 10,000 people.
