Pires at Burglar. The police are looking for a man who is thought to be carrying a revolver bullet in his leg. Shortly before 1 o'clock yesterday morning a man with presumably crimfual intentions cut the screen on one of the windows of the house occupied by Mrs. William Gardiner on First avenue, adtotning the First Rantist church, Mrs. Gardiner was awakened by the noise and she promptly reached for the revolver which she keeps on a chair beside her bed at night. She fired two shots in quick succession through the window and she is of the cpinfon that at least one of the bullets struck the would-be intruder, Mrs. Gardiner says she heard the man groan and as she fired low she thinks she must have hit him in the leg. The cottage occupied by Mrs. Gardiner sits low and the burglar was to be found.

LEWIS CUTLER MORTICIAN. INCREASE IN TUITION FEE

Board of Education Discusses Proposal to Raise on Nonresidents.

NOT PAYING THE AVERAGE PER CAPITA

Action is Deferred Until the Next Regular Meeting-Call for Better Sidewalks Near Avenue B School.

At the meeting of the Board of Education last night Chairman Davenport of the finance committee recommended that the tuition fees charged non-resident pupils be increased to conform to the per capita cost of education in the public schools of the city. The present rates are \$20 for the high school and \$12 for the grade schools per annum. Colonel Davenport recommended that the rate for the high school be placed at \$35 and that for the grade schools at \$20.

In support of his recommendation Colonel Davenport submitted a statement showing that the actual running expenses of the schools, including teachers' salaries, janitors, coal, supplies, textbooks, repairs and interest, but excluding any amount that may be expended in erecting buildings, amounted to about \$140,000 for the year. Taking the school year just closed for example, the total enrollment was 5,507. On this basis the per capita cost per pupil would be \$25.50; the average monthly enrollment was 4,810, and on this basis the per capita cost would be \$29; the average daily enrollment was 4,257, and on this basis the per capita cost would be \$33. Colonel Davenport gave it as his opinion that the average daily enrollment should be taken as the basis for estimating the

per capita cost. President Hess thought that to increase the rates would work a hardship in certain cases and would result in some children being unable to continue through the high school course. After considerable desultory discussion it was decided to postpone action on the committee's recommendation

until the regular meeting in August. A resolution was adopted calling upon the city council and West End Improvement club to take some steps looking to the betterment of the condition of the sidewalks in the vicinity of the Avenue B school

The salary of Miss Bertha Vincent, the newly elected teacher of German in the high school, was fixed at \$80.

Passenger Train Ditched. Milwaukee pasenger train No. 3, due in Council Bluffs at 2:45 p. m., did not reach the city yesterday afternoon until about 4 having met with a mishap at Greendale, about two miles east of the city. The spreading of a rail resulted in several cars leaving the track. Efforts of the train crew to get the cars back on the ralls proved futile and the passengers were transferred to the smoker, baggage and THE CHICAGO, MILWAUKEE & ST. mail cars and brought to the city, while a wrecking train was sent to replace the five aches on the rails.

While some of the passengers were more or less shaken up none was seriously in-jured. Jöseph Biganego of Oakland, Oal. on reaching this city, was taken to the oman's Christian Association hospital,

Citizens Must Be Shown. F. W. Miller, chalrman of the Commercial club committee appointed to promote the organization of a local independent telephone company, is seeking to secure pledges to guarantee the expenses of a special election at which the question of granting a franchise to an independent telephone company may be submitted to the people. Mr. Miller is circulating a paper which he hopes to get signed by twenty citizens of Council Bluffs, each of whom will guarantee to contribute \$100, or as much thereof of that sum as may be needed. So far, it is understood, Mr. Miller has not met with very flattering success, as the citizens asked to pledge such an amount want to first ascertain who will comprise the proposed independent company.

Christian Home Opening. Rev. J. G. Lemen, manager of the Christian Home orphanage, extends a cordial invitation to all to be present at the opening of the new building recently completed at the home. The building will be open to the public Thursday afternoon from 3 to 6, and in the evening from 8 to 10. There will, be music and refreshments.

PLATFORM IS BROAD ENOUGH

Governor Cummins Expresses Himsel on Republican Tariff Plank.

DES MOINES, Ia., July 19.-The repub lica i state convention, which convenes tomorrow, has so little of excitement in store that the attendance of delegates will be smaller than in some years. There is no contest whatever for places on the state ticket, save for the rallroad commissionership, and interest is light. Secretary of State W. B. Martin, State Treasurer G. S. Gilbertson, State Auditor B. F. Carroll and Attorney General Charles Mullan will be nominated without opposition. For railroad commissioner there are five candidates in the field, but the fight seems to lie between N. S. Ketcham of Marshalltown and Dr. W. S. Porterfield of Atlantic. Governor Cummins tonight added consid-

erable interest to an otherwise dull convention gathering by a vigorous defense of liberal tariff views and of the Iowa idea. He declared himself in favor of immediate revision and added that the republican national platform was broad enough for both him and the republicans who opposed revision of the 1897 schedules.

GEORGE C WHITMORE (From a Staff Correspondent.) IOWA CITY, Ia., July 19 .- (Special Telegram.)-The democratic state convention of Huron for congress.

was fully up to the sovertised quality as a harmony convention. Only a few times during the day were any notes of discord heard and the Parker men were so overwhelming in their control that it was quite easy to control. All efforts to stir up trouble in the resolutions committee were frowned upon and the ticket as made up recognizes all elements of the party.

The work of the convention was done in short order after the speechmaking was the company, was authorized to appeal done. The speeches were of the regulation from the decision of Judge Bradford in order, patterned after various expressions heard at St. Louis. Chairman Stiger talked ing the distribution of the company's asof imperialism, tariff and trusts. He sets on the prorata plan. evoked but little applause until near the At the meeting Jacob H. Schieff of Kuhn, close, when he spoke for harmony, especially in the Second district of Iowa. Chairman Sullivan, who followed him, rejoiced because the militant democracy of

Iowa is again on deck. Congressman Wade received the honors of the day and was called before the convention for a speech, which set the audience wild. He spoke of the St. Louis convention as "one of the grandest conventions ever held," and contrasted it with the convention in Iowa two months ago, when the democrats went crazy on Hearst. The resolutions committee turned down a proposal to bring the state committee troubles into the convention by rescinding the action of the last convention, making Charles A. Walsh, a member of the national committee, a member of the state committee. This was stifled 5 to 6. Near the close of the convention an effort was made to bring it into the convention, but it was killed off by motion to adjourn.

The resolutions adopted merely endorsed the work of the national convention and pledged hearty support. The convention also sent a congratulatory telegram to

The ticket was largely in accordance with the prepared slate. W. O. Schmidt of Davenport, one of the candidates for elector-at-large, has been a gold democrat and out of the party several years, while J. B. Romans, of Dentson, the other candidate, was a free sliver republican and is fresh in the party.

Henry Riegelman of Des Moines, for treasurer, is a gold democrat who found it impossible to follow Bryan, E. F. Medary of Waukon, for auditor, and Charles A. Dickson of Sloux City, for secretary of the Hearst instructions. Maurice O'Connor sational charges of Frank Hromako, a of Fort Dodge, for attorney general, has former convict, against members of the taken little part in politics recently, and J. police force and matron, whom he claimed P. Manatry of Fairfield, for railroad commissioner, and J. W. Sullivan of Kosauth county, for judge of the supreme court, are wholly unknown in state politics. Judge Moon of Ottumwa sent a telegram

declining to be a candidate for attorney The only roll call was on auditor of state, when Medary received 461 to 312 for C. E.

Monroe of Mahaska county. The committee held a meeting after the onvention and S. B. Morrissey of Harlan presided as chairman, with C. W. Miller secretary and T. J. Kelley as treasurer. Headquarters will be opened in Des Moines at once.

One of the most conspicuous features of the convention was the small importance of Charles A. Walsh, national committeeman for Iowa. An effort was made in the committee on resolutions to humiliate him and he won with a margin of only one. The disposition was general to eliminate all the free silver men, but the nomination of J. B. Romans as a candidate for electorat-large was a recognition of that element and it was accomplished only by breaking the slate prepared by the more radical element

The Sixth district was entirely in the hands of the opponents of Charles A. Walsh and he left the caucus before it was half over. The following were selected at caucuses

as district electors, given by districts in order: P. E. Boesen of Jefferson county, L. F.

Fay of Clinton, D. D. Myers of Dubuque, R. W. Schag of Clayton, E. R. Moore of Jones, J. H. Tucker of Poweshiek county, physician saved her from the attempt. Ginnis of Decatur, O. P. Weyland of Shelby, E. C. Jordan of Boone county, George C. Whitmore of O'Brien county.

It originates and develops in the blood, and, like other diseases of the blood, is frequently inherited. The poisonous acids with which the blood is charged circulate through the system, breaking down the

health, irritating the nerves, settling in joints and muscles, and causing the sharp, cutting pains peculiar to Rheumatism. Unless the blood is purified, joints and muscles become coated with the acrid matter and are rendered stiff and sore, and the nerves are completely wrecked, well man.

Columbus, O., May 80, 1903. I had a severe attack of Inflammatory Rheumatism. I was laid up in bedfor six months, and the doctors I had did me no good. They changed medicine every week, and nothing they prescribed seemed to help ms. Finally I left off their medicine and began the use of S. S. S. My knee and elbow joints were so swellen and painful that I could not close them when opened. I was getting discouraged when I began S. S. S. but as I saw it was helping me, continued, and to-day amasound, well man.

tional blood disease, requires internal treatment. Liniments, plasters and such things as are applied outwardly, give only temporary relief. S. S. S. is the recognized greatest of all blood purifiers and tonics, and in no disease does it act so promptly and beneficially as Rheumatism, neutralizing the acids and restoring the

blood to a pure, healthy condition and invigorating and toning up the nerves and all parts of the system. It is guaranteed strictly vegetable, containing no Potash or other harmful drugs. vided life at Bonesteel and enroute is not grared at too high a speed. Prostrated by Hent.

The fourth person to be prestrated by the heat was Jehn Comfort of 1704 Webster street. He was driving a coal wagon near Twenty-fourth and Nicholas streets and fell back unconscious. He was attended by the police surgeons, who say that his condition is not serious.

## The Vital Question

Most Names by Which Diseases Are Known Are Merely Technical Terms to Distinguish Slight Differences.

Chronic maladies are due to two conditions: First, to poor blood and disordered circulation; second, to a lack of nervous force and unequal distribution of it. In other words, we may look to the blood and nerves for most of the lingering ills that weaken, plague or wreck human kind. This explains why Dr. Chase's Blood and Nerve Food cures so many diseases that bear distinctive names. It puts the blood and nerves right, and through them the whole system comes right. This concentrated Food is a blood builder, which so improves the vital fluid that it thoroughly nourishes every part of the body. It is also a powerful vitaliser, that gives an abundant store of energy to the nerve centers, which is distributed to every part, according to its needs. Price 50 cents, five boxes, enough to give it a fair trial, \$2.00. Weigh yourself before taking it. Book free. Sold and guaranteed by Myers-Dil-lon Drug Co., Omaha, Neb.
