Talk of Cold Storage Plant. Fellowing the location of another grain elevator in Council Bluffs comes the proposition to install a cold storage plant here. The matter is now in the hands of the executive committee of the Commercial club, which is hopeful of bringing it to a successful culmination. While the plans as yet are but in an embryonic state, the plant, it is proposed, will be built and owned by tocal parties.

The erection of a cold storage plant in this city would undoubtedly fill a long felt want and would receive, it is said, patronage from the surrounding towns, and assurances have been received from Glenwood that the upple growers of that thriving crops, apples, it is said, are not doing as town would have occasion to use it at all well as might be and, in fact, growers are times of the year. C. H. Chisam, F. J. Day and others are year.

Change in System Causes Confusion at State Institutions.

TURN DOWN STATE UNIVERSITY VOUCHER

Decided Upon, but Board Not Ready to Give Out Figures at Present.

(From a Staff Correspondent.) DES MOINES, July E.-(Spreial.)-State fficials disagree as to the manner of reckoning up the amounts due under certain appropriations of the legislature, and their isagreement is resulting in some embar assment to the institutions of the state. For many years the fiscal periods comnenced when the appropriations went into effect and this was supposed to be about April L Some of the appropriations were made later than this, but it was the custom to regard them as all commencing April 1. The legislature that winter undertook to unify the system and make all appropriations commence at the baginning of the biennial period, July 1. The appropriations were, therefore, for a period of twenty-seven months, or nearly that time, instead of twenty-four months. A question arose as to how to draw the appropriations, which are required to be paid quarterly, but are reckoned in annual amounts and are continuing. The attorney general has ruled that the annual appropriations shall commence July 1 and that for the period of three months or two Fred F. Hokuf is very weak from loss months and a half preceding, which would fill in the time between the appropriations of the last two general assemblies, the would be in effect adding to the annual appropriations. The state auditor has, there fore, not followed this rule. A few days ago the treasurer of the State university presented vouchers for a quarterly payment to the university on the \$35,000 an nual appropriation for a full quarter. This was in accordance with previous oustom; but the attorney general holds that the Omaha April 14 the grand commandery university is entitled to only two and a accepted the tender of Mount Calvary half months, because it is only a part of a quarter. Hence the university got nothing. The difficulty arises in trying to make an invitation also was extended to all the change in time of beginning the fiscal years without interfering with the appropriations or leaving institutions without support for a brief time.

Matheson Wants New Trial. A case of a technicality reached the court today, that of the State against George Matheson, from Pottawattamie county, where an effort is made to get a new trial on the ground that the name of one of the jurors was spelled wrong. Matheson sho and nearly killed J. C. Baker, a deputy sheriff, who was going to arrest him. He fled and was captured in Minnesota.

At Work on Assessments. The members of the State Executive council are hard at work on the assessment of corporation property and just now are concerned with making estimates or the valuation of telephone lines in the state. It is believed that the council has practically agreed upon the assessment of express lines and railroad property, but the figures will not be given out until the work is completed. The council has de cided there will be no change in the reports of personal property valuation in the state and the county auditors are being notified of that fact. Members of the counat Des Moines, Thursday evening, has been cil have been working until midnight on sment problem.

Grave Was Made Deep. A local undertaker a few days ago re ceived from the mother of Mrs. Nellie Prince, in Los Angeles, Cal., a box of orange blossoms with the request that he place the same on the grave of "Charley" Prince, who is buried in Woodland ceme tery. Prince was killed in Quincy, Ill. rumors. Had I desired the nomination I made investigation and found that the grave had been dug twenty feet deep and in such a manner that the exact location of the buried canket is not known to any save the undertaker who had the job in hand. Prince was a notorious desperado and his wife has been much wanted for various crimes.

Beware of Spectacle Peddlers

The stock of such spectacle stalers is as defective as their knowledge of optical The lenses are carelessly ground, and the lens in one eye is frequently different from the lens in the other eye. Wearing them will soon result in pain in the eyes and injury to the sight.

Then there is frequently the condition of unequal vision-that is, your eyes may differ in focus and each may require a different, specially prescribed lens. In such cases similar lenses, such as you would select for yourself or a peddler would give you, must of necessity prove injurious to one or both of the eyes.

We, on the other hand, have the knowledge and appliances necessary to detect the unequal vision or any other defects, and grind the lenses to suit. Nine-tenths of the cases of defective vision require glasses ground especially for the patient.

Democratic Presidential Candidate Fixes Tenth of Next Month for

Notification. ESOPUS, N. Y., July 21.-Judge Parker has fixed August 10 as the date for the peremonies notifying him of his nomination by the national convention as candi-

date for the presidency. Judge Parker reached his decision concerning the date in a long consultation with William F. Sheehan yesterday and a elegram was at once sent Champ Clark of Missouri, chairman of the committee named by the democratic convention to notify the numinee for president.

Representative Clark is expected to call a meeting of his committee, probably to every promise of being the biggest kind of be held in New York, and he may also ome to Rosemount to talk over the arrangements with Judge Parker, although

The program for the ceramonies at Rossmount in August will follow precedents laid down for similar events. It is known ination for vice president. The specches both times were marked because of their brevity. When President Cleveland wes notified in 1885 he made a long speech and the ceremonies were far more formal than any other which have been broughtto the attention of those who are arrangof vocal and instrumental music, including It is the plan now at Rosemount to have the notification follow closely the form of the earlier ceremonies. It is not expected that Judge Parker will talk at length, nor that he will discuss intimately any of the campaign issues, but will leave this to the letter of acceptance, which will be issued

s week or so later. BEDFORD SPRINGS, Pa., July 22.-Hon. Henry G. Davis, democratic candidate for vice president, has decided to have the notification meeting at White Sulphur Springs. W. Va. The date has not yet een fixed, but it will be about the middle of August. Senator Davis says that he is here for rest, and as this in the only opportunity he will have, he does not intend to talk or think of politics during his ojourn here. He intends leaving next Thursday and will go straight to his home at Elkins, W. Va.
