OMAHA STRIKE CONDITIONS. (Continued from First Page.) their duty." The packers declined to state just what their line of action will be, but it is understood that a meeting of the managers is to be held this afternoon to discuss the situation. More Police Go to Work. A meeting of the Fire and Police Board was held yesterday afternoon and the situation talked over. It was decided to put on fifty special police at once. A portion of this number has already been sworn in and the balance will be given their uniforms this morning. One innovation the board has made is mounted policemen. Ten of the specials that are to go to work this morning are to be mounted. These men will cover the outside districts. With this large number of specials on duty it is presumed that the police board can spare a few men to prevent trouble passing on stock yards property. General Manager Kenyon has requested the board to enforce the city ordinance which prohibits trespassing on stock yards property. Conditions at the Plants.
