

WHEAT CORNER FALLS FLAT

Attempt to Clinch the Market Proves Failure at Last.

KANSAS CITY FIRM HAS TIGHT SQUEEZE

Short One Hundred and Fifty Thousand Bushels, It Barely Makes Last Delivery on July—End Comes Early in Day.

The Omaha July wheat corner missed connections. The Kenney Grain company of Kansas City, short to the extent of 150,000 bushels, made the last of its deliveries of July wheat this morning. There isn't any question in the minds of local dealers but what it has been forced to very strenuous effort in order to get the grain here. This month was, in fact, really admitted by the company's Omaha broker, Mr. Van Dorn.

Wheat has not been coming into the market with anything like the records of previous years, late harvest and scarcity of the cereal being responsible, and the Missouri shorts were forced to rush wheat up from their home town, all their deliveries having been made in the last three days.

Eight trains of wheat came through on express schedule. Of the first arrivals twenty-eight carloads failed to pass inspection as contract grade. This wheat was loaded again, taken to Council Bluffs and "spaced" until it was good enough to stand the test as No. 2, when it was brought back to Omaha.

All these "extras" made the wheat expensive to the Kansas City people, but the cost was nothing to what it would have been had they defaulted and the longs had bid the market up to a high point for settlement.

Large Crowd Disappointed. There was a large crowd on "change" this morning in anticipation of a repetition of the scenes of May 31, when May wheat soared. They were disappointed, however, for the end had been reached long before the noon hour. The deliveries were prompt, but too late to allow the longs to take advantage of the dollar rate in Chicago.

"As for the net profits, it does not seem possible that either the longs or the shorts could have cleaned up much cash," said a grain man. "It cost the latter too much to get the wheat here on time and the longs, while they may have made some money earlier in the deal, have a lot of high-priced wheat on their hands—what 'Old Hutch' used to call the corpse—a mighty expensive body, although with the present unfavorable news on crops and the wonderful milling demand for the grain, wheat at this time is anything but a dead commodity."

Mr. Van Dorn was the broker for the Kansas City people. He made the regular commission on the 135,000 bushels of wheat which he delivered.

Fertile Valley of the Mississippi. While it is true Oklahoma, Indian Territory and Texas invite the homeseeker and others in search of a profitable investment and business competency, there is another field along the Frisco System quite recently opened to those interested in a personal betterment of financial resources.

On June 1st, the line of railroad heretofore known as the Memphis, Memphis & Southeastern (now Frisco System), was extended to St. Louis, thus making a territory in Missouri and Arkansas, along the west bank of the Mississippi river, accessible by way of St. Louis.

The present service consists of passenger train leaving Union Station 7:10 a. m. daily, for Cape Girardeau, Lurore, Carruthersville and intermediate points to Memphis, also the Cape Girardeau accommodation (daily), leaving Union Station 4:30 p. m.

Some years ago, perhaps a quarter of a century, this section was a roiled by reason of want of development or progressiveness; now, however, it is considered equal, as the homeseeker and investor may measure, to Oklahoma, Indian Territory and Texas.

The change in condition throughout was accomplished by large governmental expenditure, a progressive people and extended railroad facilities promoted and maintained by the Frisco System, operating, as it does, nearly 700 miles of railway in the immediate Mississippi valley, less than 20 miles distant from St. Louis.

The soil is exceedingly fertile, crops invariably abundant, timber interests extensive and resourceful. Those desiring additional particulars will receive immediate response.

CONNOLLY WANTS TO CUT IT. Favors Slicing Down Fee Which Law Says Already is Too Low.

Cunningham R. Scott is having trouble with the Board of County Commissioners over his claim of \$500 for defending James J. Reed, the murderer of Glenn Hines. Judge Day allowed the claim, but the county commissioners cut it to \$400. Now Judge Scott insists upon having the amount allowed by the court and at today's meeting of the county board he asked for action on the claim.

"If Judge Scott is not willing to accept the \$400 offered by the board, let the claim be recommitted to the committee on finance and perhaps we can cut it down to \$300," remarked Commissioner Connolly. "I have consulted the county attorney and he advises me that the board is not required by law to pay the amount allowed by the court, but has the right to do as it pleases in allowing compensation for services of this kind. I move the claim be recommitted to the finance committee."

OMAHA MEN ARE GOOD SHOTS

Soldiers from Department of Missouri Make Good Record at Fort Riley Contest.

The bulletin for the two-day small arms target practice, for the cavalry at Fort Riley shows up remarkably well for the cavalry of the Department of the Missouri. The figures following the names of the contestants show the grand total of averages in slow, rapid and skirmish firing and the standing of the contestants among 250 or more competitors from all parts of the military northern division:

Captain Henry C. Benson, Fourth Cavalry, totals 946, standing No. 19; Captain William H. Hays, Tenth Cavalry, totals 900, standing No. 8; Captain Harry La T. Cavasano, Tenth Cavalry, totals 883, standing No. 3; Sergeant P. W. West, Company B, engineer battalion, totals 367, standing No. 2; Sergeant R. Johnson, Troop K, Tenth Cavalry, totals 289, standing No. 2; Corporal M. Kelly, Company C, engineer battalion, totals 270, standing No. 7; Sergeant William Walters, Troop C, Fourth Cavalry, totals 248, standing No. 15; Sergeant Henry Torbush, Troop D, Fourth Cavalry, totals 233, standing No. 14; Sergeant Major Eugene P. Frierson, Tenth Cavalry, totals 207, standing No. 5; Trumpeter Benjamin Bette, Troop A, Tenth Cavalry, totals 181, standing No. 17; Sergeant Robert Glover, Troop I, Tenth Cavalry, totals 166, standing No. 12; Second Lieutenant Frank I. Otis, Eighth Cavalry, totals 392, standing No. 4; Captain S. A. Cheney, engineer corps, totals 388, standing No. 10. The excellent record made by these marksmen will entitle them to become contestants in the United States army marksmanship competition to be held later in the season at New York, and from the contestants there will be selected the best marksmen to participate in the international world's contest.

The arms used in the tests at Fort Riley are the standard army weapons, manufactured by the United States government, and include both pistols and carbines.

FIGHT FOR INFANT'S LIFE. Five Leading Physicians Struggle to Save Baby of Mr. and Mrs. F. A. Nash.

Five leading physicians of Omaha are united in a valiant fight for the life of the 15-month-old infant son of F. A. Nash, president of the Omaha Electric Light and Power company and general agent for the Milwaukee railway.

The baby, which bears the name of Edward W., after its wealthy uncle, is lying at death's door at the Nash home in the West Farnam district, and only a sliver of hope for his recovery remains. About five weeks ago the child was taken suddenly ill after being given its bath. Since then some kind of intestinal trouble, constantly growing worse, has made it impossible for the stomach to perform its work.

The doctors are in dispute as to the exact nature of the little one's illness. The sickness is diagnosed by some of the doctors as spinal meningitis, while others hold that the infant's stomach has been poisoned. Mr. Nash has practically given up his office for the last several days and has spent all his time at the bedside of the infant son.

YOUNG MAN WEEPS IN COURT. Charged with Stealing Three Coats, Defendant Sheds Tears and Hearing is Deferred.

Sherman Bell of 121 Douglas street has been arraigned in police court on the charge of grand larceny. The young man pleaded guilty to a volume of tears when arraigned and requested the hearing put off until such time as he can consult with his aunt. The case will be tried Monday morning.

Bell is charged with the theft of three cravenette coats from Browning, King & Co., the value of the coats being \$60. Bell's alleged scheme was to go to Dr. C. M. Headrick's office, 228 New York life building, Wednesday afternoon and telephone to the clothing house for the coats, which were promptly sent to the address given. When the messenger arrived at the doctor's office, with the garments Bell is said to have taken the coats and said the doctor could be found on the tenth floor. While the bearer of the coats was trying to find the doctor on the upper floor, it is reported, Bell slipped out with the plunder.

NEBRASKA AND IOWA DO WELL. Get Fifty-Six Out of First Hundred and Nine Hundred and Forty-Five of Two Thousand.

Nebraska and Iowa fared well in the Roubid land drawing, the two states getting 96 claims out of the first 2,000 drawn from the box. The amount was almost evenly divided, Iowa securing 49 claims and Nebraska 46.

In this number some of the lowest figures are included, Nebraska getting twenty-six out of the first seventy-five drawn and Iowa getting nineteen out of the same list, or combined total of forty-five out of seventy-five claims. In the next twenty-five numbers drawn Nebraska secured one-fifth and Iowa six out of twenty-five, making a total of thirty-one out of the first hundred for Nebraska and twenty-five for Iowa, or claims more than one-half of the first 100 claims for the two states.

SECOND TRADE EXCURSION

Crusade Starts Off Wednesday with Promise of Great Success.

LARGE CROWD WILL MAKE THE TRIP. Commercial Club and Live Stock Exchange Have All Plans Laid for Their Campaign for New Business.

The second trade excursion of the Omaha Commercial club and the South Omaha Live Stock exchange promises to be a great success. Nearly all the prominent firms in the jobbing trade will send members of the firm or representatives and many of the largest houses will have two men to look after their interests.

Newspapers along the line of the tour are working up interest and the excursionists have the promise of hearty welcomes at all points.

For some time the Commercial club and Omaha jobbers have been endeavoring to secure rate concessions from the North-western railway that would be to the advantage of jobbers and induce increased lines of trade in the towns to be visited on this occasion and it is expected the present trip will emphasize the importance of closer relations between Omaha and points on the itinerary.

Wednesday night is the time set for the departure of the trade boomers and Saturday night next a tired but enthusiastic body of men are expected to return with fresh laurels and promises of numerous fat orders.

Personnel of Party. The full list of the excursionists has not been completed, but the following have signified their intention of going and the great majority have already deposited the necessary \$25 to secure accommodations:

DOUBLE HEADER AT VINTON. Regents, Originals and Nonpareils Play for Honors in the City League.

Despite the fact that Pa Bourke and his family of ball players are out of the city a double-header will be played at Vinton Street park this afternoon. The Regents against Originals and Nonpareils against Nonpareils are the teams that play. The Regents have this season once defeated the Nonpareils and call themselves the city champions. The Nonpareils and Originals are even, each having won and lost a game, so that their contest this afternoon will be decisive of superiority between them, while the game between the Originals and Regents is expected to fix the title of championship. All these teams have been playing very fast ball and there is every reason to believe that the games will be highly interesting. The first game will be called at 5:30.
