SHOUX CITY, In., Aug. 14.-(Special Telegram.)-Before a crowd of \$500 people. of whom 750 were strong-lunged, energetic roofers for "Pa" Rourke's boys, Omaha defeated the Bloux in a double header today, winning the first game by a score of 3 and the second, a seven-inning contest, by a score of 1 to 0. The games were fought with spirit and it was only a case of sheer buck that the teams did not break Omaha was much in evidence. A band, fellowed by hundreds of rooters and preceded by a trio of pickaninny mascots, paraded the grounds before and after and broween the games, and the yells of ensouragement were enough to make any

Both teams played with spirit, but the everlasting lamming done at Lindaman's pitching in the first and the fortunate (for Omaha) error of Breyette in the second won the games.

Brown was in fine form, as was Lindaman, in the first of the game. Both pitched winning ball and the Sloux got their runs early before Brown got down to steady work. Firming came in on a wild pitch and Curley followed up with a three-sucker, crawling into home at an

The Omaha men then tied the score and the interest was intense. Then the Omahas fell on Lindaman for a succession of long hits, which resulted in the piling up of three in the seventh. Two more were made In the ninth by hits and by infield errors.

The second game was cut short owing to the necessity of both teams taking the train. The score of the Omahas was made In the first, when Brevette had the chance to retire Carter. The little shortstop took in a fine throw by Kelly in plenty of time, but dropped it. A long bit by Howard scored Carter.

The rest of the game was a one, two three affair.

Hot Sun Quieta All. Quiet peigned about the atreets and packing houses yesterday. A small consignment of men reached the Swift plant during the afternoon, but aside from this there was nothing for the deputy sheriffs to do but to hunt the shady sides of the streets and wait for the 6 o'clock whistle to blow. The heat was unusual in the yards and on Q street and hardly a person could be seen stirring but the deputies and they moved as few times as possible. The regular police on beats were compelled to pull boxes and report every hour, but it was an effort to walk the distance required in the hot sun.

There was no sign of strikers' pickets during the day and there being no meetings of importance most of the union men remained at home during the afternoon and evening.

All of the packing house men were at their offices yesterday morning, but had nothing to say that would interest the public. The usual Sunday rumor of a conference was affoat. This was brought about by a dispatch from Chicago that J. Ogden Armour had abandoned a trip to Boston, Mass., on account of a meeting of packers and Mayor Harrison, to be held in Chicago today. On this matter R. C. Howe, general manager of the Armour plant, said:

"You may may there is no truth in the report that J. Ogden Armour left the train as he was about to start for Boston. Mr. Armour left Chicago on the train he intended to and is now in Boston. Just how long he will remain I do not know, but he will not return for any conference for the reason that there is to be no confer-

WHEN THE BOYS COME HOME AGAIN

Happy Crowd of Rooters on a Train from Sloux City.

from Steam City.

The Northwestern excursion train bearing the Omaha base ball fans who spent Sunday in Bloux City and witnessed Pa and his bunch knock the Bloux aggregation into dreamiand in both games arrived at the Union depot at 10:38 last night. Loud and various were the exclamations of the happy crowd, but above the pandemonium and din could be heard the sing-song of enthusiastic rooters.

"He couldn't put it ov—er."

It was what they yelled at Bloux City, and the recollection of the intense biles and enjoyment of the two games witnessed opened their lips and they gave voice to seng. Others there were whose feelings of contentment could not be adequately described in words of the English dictionary, and these ki-yied and yap-yapped like a bunch of cow punchers on a spree.

Seven hundred and fifty went on the excursion and all were happy with the exception of a few ardent souls who had lost their hats or coats during the day.

At Slouz City the Omaha lambs flooded the grandstand with a rush and with stentorian lungs brought cheer to the hearts of the players. On the return the whole affair was one shout, with the Kiplinger band playing the accompanisment. The band marched from coach to coach blowing "to beat the band." The music was not varied or classical, but it was inspiring. There was one tune, and that the old familiar one of "Hot Time." At every station the shout grew into a roar and the band paraded the platform.

Pa Rourke and most of the team, in their modesty, came into Omaha on a train a few hours shead of the excursion. Pa wasn't talking much. He tried to, but every time he opened his mouth he would have to wipe sway a smile. After many

Saloon Keeper Arrested. Saloon Reeper Arrender.

Last night for the first time in a long while the police made an arrest on the charge of violating the Sunday closing orthinance. The man to fall foul of the law in this instance was Charles Nish, a barender at a saloon at Fifteenth and Caplool avenue, belonging to George Wallaca. The police say that there was a deal of some and disorder in the saloon and it was or this reason that the bartender was affected.

50 PER CENT OF THE ADULT POP-ULATION SUFFER FROM ONE PAINFUL AILMENT.

Think what this means. Imagine the amount of misery that exists and is endured simply because people do not know there is an absolute cure.

The only way to cure any complaint is to remove the cause. There are very few diseases or ailments that can be cured by external application-and piles is not one of them. Piles can be cured; the treatment must, however, be internal, for the cause of piles is an internal disorder of the liver or the bowels. Even catarrh of the stomach and bowels can be cured by Dr. PERRIN's PILE SPECIFIC, The Internal Remedy. Here is an instance of what this practically infallible remedy will do:

Dr. C. A. Perrin, Helens, Mont.—Dear Siri I have nearly finished the former bottle of Perrin's Pile Specific and am practically My case was one which most physicians would have pronounced incurable, as I was afflicted with a dysentery and compelled to go to the toilet room from three to five times each day and each time would bleed from one-half to one teacupful. I had to resort to bandages and absorbent cotton to check the flow of blood, and now the past ten or twelve days there has been no sign of bleeding and my appetite is good; have gained ten pounds in weight and feel like a new lease of life was given me.

Very truly yours, T. R. HARRIS,
