Preparations for the carnival and street fair to be held the week of September 3 to 10, have begun in earnest.

The arch at the main entrance on First avenue and Pearl street has been placed in position and work on the erection of the booths on First avenue progressed rapidly yesterday.

The ticket and cashier's office, which will be located at the right of the main entrance, as it was last year, was constructed yesterday.

It is the intention of the committee to have everything in readiness this year, so that when the gates open Monday afternoon, September 5, there will remain nothing to do in the way of construction or fitting up of the booths.

The material for the band stand, which will be located as before in the east section of the park, is on the ground.

Commencing next week the committee will send up nightly 100 balloons in all and attached to each will be a season ticket for the carnival, which will become the property of the person finding the balloon.

Marshalltown Man Takes Ladsman and Cuts His Throat.

MARSHALLTOWN, Ia., Aug. 17.—(Special Telegram.)—Albert C. Sharp, a real estate dealer living in this city, was found early this morning in Riverside cemetery in supposed a dying condition. As a result of the autopsy it was determined that three ounces of laudanum from an up town store, having the same charge on his daughter. As his wife is sick, the clerk suspected nothing wrong. Some time last night it is believed that he went to the graveyard and drank the poison and laid down never expecting to wake up. He evidently took too much and waking up this morning he attempted to finish the job by cutting his throat. The wound in the throat was two and a half inches long and two inches deep. The trachea was severed and the arteries laid bare, but neither jugular was cut. When found he was lying in a pool of blood near the receiving vault. He had removed his coat and vest, which were found hanging near. Two letters, one addressed to his wife and the other to his daughter, were pinned to the vest, marked "Private," and were not opened. When found the man was dead to all appearances and placed in an ambulance and taken to an undertaking room. After the ambulance had backed to the curb and the stretcher party had removed the supposed corpse raised his hand, and at the sign of life was quickly taken to his home. At a late hour the prospects are that the man may recover.

County Seat Fight Ep Again.

CEDAR RAPIDS, Ia., Aug. 17.—(Special Telegram.)—The county seat fight in Linn county, that was thought to have been settled, has bubbled up again and will be taken to the courts. Some time ago a petition was circulated asking a vote on the removal of the county seat from Marion to Cedar Rapids. A remonstrance was also circulated and the Board of Supervisors canvassed both and decided that the petition did not contain enough names to call an election. Now the petitioners have filed a motion asking that the court review the work of the board and determine the question of a sufficiency of the petition.

ADDED COST OF FLOUR CAUSES TROUBLE

State at Loss to Know What to Do with the Big Pipe Organ Presented to Industrial School by Ex-Governor Larrabee.

(From a Staff Correspondent.)

DES MOINES, Aug. 17.—(Special Telegram.)—The sudden rise in the price of flour, due to the increased prices demanded for wheat at the milling centers, has brought on a war among bakers in Des Moines. An advance of 10 cents was announced today, which, added to other advances recently made, amounts to nearly 25 cents on a barrel of wheat.

The independent bakers are in favor of reducing the size of their pound loaves by two and a half ounces, and continuing the same size. The Des Moines Bakery company, which controls the flour in this city, is in favor of changing the price and allowing the weight to remain. A meeting has been called for tomorrow night to settle it.

Thus far Des Moines people have been getting bread at the same price as in the past. John Corn of the State Board of Control has become alarmed over the rise and what it means to the state. The board buys annually from 15,000 to 20,000 barrels for the state institutions. Mr. Corn anticipates an advance of nearly 25 cents on a barrel, which would be quite expensive to the board, as there is no way the board can secure funds to make up the advance.

The board is paying something like \$75,000 a year for coal more than a few years ago and the income from which the support is derived is the same.

Embarrassed by a Gift.

The state of Iowa has been somewhat embarrassed by a gift. Ex-Governor Larrabee purchased and placed in the Iowa building at St. Louis a beautiful pipe-organ. He has decided upon giving it to the state at the conclusion of the fair and having it go to the Iowa industrial school at Eldora.

Chairman Robinson of the state board has gone to Eldora today to arrange for placing it in the chapel, but finds that it is too large. If it is placed on the stage it will cover the entire stage. It is probable the board will make some alteration in the chapel to accommodate the gift. Colonel L. D. Drake, the superintendent at Eldora, today filed his annual report, which shows that since the last school year the number of boys and girls have been admitted 3,145 boys and there are now 603 at the school. During the past year 111 were admitted. The produce from the school farm was valued last year at \$12,724.

TENNIS GAMES ON NEWPORT COURTS

Number Rather Than Quality.

NEWPORT, R. I., Aug. 17.—The feature of the second day's tennis on the Casino courts was the number of matches played. Thirty-five matches were disposed of, twelve of them being won by default. The winners at the men's singles were: J. C. Vandewark, Windsor, defeated K. I. Galt, Newport, 6-2, 6-1; J. C. Vandewark, Windsor, defeated W. F. Pillsbury, Newport, 4 up, 2 to play; J. C.
