INCORPORATION FEE LAW

People of Hawthorne Do Not Object to Moving Their Town, but Balk on Having the Name Changed.

(From a Staff Correspondent.) DES MOINES, Sept. 2.-Miss Elizabeth Pearson of this city, president of the Des Moines branch of the Women's Foreign Missionary society of the Methodist Episcopal church, and other officers of the branch, which is co-extensive with the Des Moines conference, embracing all southwestern lows, are engaged in an effort to raise a special fund of \$7,000 with which to make good a loss of that amount by reason of a bank failure last winter in Bombay, India.

The remittance, received at Bombay just before the failure, was to pay the salaries of the missionaries from this state-Misses Wood, Evans, Maskell, Wells and Elickerwith their assistants, and for the support of orphans and to complete buildings. The building operations under way include an orphanege and hospital at Khandwa, in charge of Miss Elicker, and the Stanley-Huston building at Hyderabad, in charge of Miss Evans. In order to avoid great loss these buildings must be finished soon.

Try to Defeat lown Law. The petition was filed in district court today of the Sloux City Gas company to recover from the secretary of state and other state officials \$1,500, which it is claimed was collected from the company erroneously. Congressman Walter I. Smith is attorney for the complainant, and it is set up that the law under which fees are collected by the secretary of state for new incorporations is not valid because it was not passed according to the terms of the constitution The twenty-ninth general assembly amended the fee law by taking off the limit, so that instead of \$350 being the highest fee that could be paid, there would be no limit at all, but fees would increase In accordance with the capitalization.

Change Name of a Town. An interesting question has been raised regarding the rights of a railroad company in the moving of a town and changing its name, in a controversy in Montgomery county. When the Burlington railroad was located it was given a turn so as to go through the pioneer town of Hawthorne, but the town has never grown. Last year the company straightened its line and left Hawthorne out in the country. A new town was platted recently about a mile and a half from Hawthorne and the company has opened a station called Hebard, after the first surveyor of the line. The reason for not calling the station Hawthorne is that there is another Hawthorne on the Burfington system, over in Illinois, The residents of Hawthorne are invited to move over to Hebard and a movement has been started to have the postoffice name changed to Hebard, but some of the old-timers object. They say they do not so much mind moving their town, but they do not want to give up such a pretty name for their town. An effort is to be to have the town of Hawthorne moved over bodily to Hebard and the old plat be "abandoned.

Question on Demurrage. The lows ratiroad commissioners are called upon to decide whether or not heavy and continuous rains excuses a shipper will prevent the collection of demorrage charges by the company. It is a new attorney general has decided that the demurrage system is egal in lows and that the only thing required is that the charges

Doubt Death of Banker. The grave of George D. Woods, banker, of Colfax is to be opened to determine whether he really died or not. CHILDREN OUT IN FORCE IN AFTERNOON

Eagles Whoop Things Up at Night and Swell Paid Attendance for the Day to Over Eleven Thousand.

Children's afternoon and Eagles' night at the street fair and carnival yesterday attracted the largest crowd of the week. With over 11,600 paid admissions and no count kept of the children, who were admitted free, it is estimated that 15,060 persons, young and old, passed the carnival gates yesterday.

In the afternoon all children under 12 years of age, and it was surprising how young the children of Council Bluffs can be on such an occasion, were admitted free, and the children of the Christian Home and the Associated Charities' creche were special guests of the management. The grounds were literally covered with the young folk and it undoubtedly was a red letter day in many of their young lives. At all of the attractions reduced were made for the little folks and as a result of this concession all of the shows were liberally patronized by those youngsters who had a few nickels or dimer to spend. To the child not thus provided the free shows and other outside attrac-

tions sufficed. There was a large attendance of Engles at night and they helped to keep things moving, especially the confetti, barrels of which, designated by the spielers as "orien tal face powder." found a ready and steady

Case, pastor of the First Eaptist church of this city, is moderator, and will proside over the session. Rev. W. I. Cole of Hamburg is secretary of the association.

Riche is an old soldier and receives a pension of \$300 a year, half of which under a recent order of the department in Washington is paid to the wife The suit was vigorously fought by Mrs. Riche and it developed during the testihis wife's instance on a charge of disturbing the peace and had been put under bond not to molest her or go near her house for a whole year. This being the case the court held that a charge of desertion had not been proven and denied Riche the di-
