Figures on Expenses at the Penitentiary Juggled to Make Showings.

AUDITOR'S ACCOUNTS TELL THE STORY

Nineteen Thousand Dollars Discrepancy in Six Months Under the Regime of Warden Hopkins

(From a Staff Correspondent.) LINCOLN, Sept. 10.—(Special.)—A discrepancy of something like \$19,000 has just been discovered in the sworn statement of Warden Hopkins made to Governor Poynter in the cost of the fuel and light and board and clothing used in the state penitentiary for the six months beginning December 1, 1903, and ending May 31, 1904, and the records on file in the auditor's office.

Warden Hopkins, in his statement, says that the fuel and light and board and clothing used for the six months \$10,000, or just \$1,000 more than was reported to Governor Poynter.

The discrepancy is interesting just at this time to show the careless manner in which the fusionists managed the state institutions from a financial standpoint, and interesting also for the reason that the fusionists are making claims that under the fusion administration the expenses were managed at less cost than under the present administration.

Based on the sworn statement to Governor Poynter made by Warden Hopkins, the cost per capita for maintaining the penitentiary during those six months, with an average of 278 prisoners, would be \$36.35 per capita during the six months, or just \$11.75 less per capita than did the fusion administration for the same period of time.

As shown by the figures on file, there was spent during the six months beginning December 1, 1903, out of the regular appropriation for maintenance—\$13, for food, clothing, light, heat, etc.—\$13,309.07. At that time the warden of the penitentiary had a right to use the penitentiary special labor fund for the expenses of the penitentiary and out of this fund he spent \$2,458.67. This makes the total expense of maintenance under the fusion administration, not including salaries, \$22,304.14.

Warden Hopkins reported to Governor Poynter that he had spent for light and heat \$1,025.25 for clothing and board \$2,023.29, or a total of \$3,048.54. This, subtracted from the amount drawn out as shown by the vouchers, leaves \$19,255.60 not accounted for in the report.

When the books were finally returned to the office under a change, the bookkeeper holding over from the old administration being superseded by order of your excellency, it was found that the books were in such a chaotic condition that I then submitted to the Board of Public Health and Buildings and to the competent expert accountants to examine the books and to make a report on the mystery of the wonderful discrepancy of meaningless figures, for the reason that the original vouchers and books of entry had been destroyed by fire. One of the accountants expressed his firm belief that the discrepancy would be explained if the accounts as they stood. The books failed to balance by something like \$19,000.

L. N. Wagoner, conductor, and William Ross, motorman, were the men arrested last night for running their car too near to the one before. A policeman boarded the car and, in making the arrest of the conductor, he rode about half a block. When they got off the car the conductor wanted to collect fares for the motor. The officer went near the traction office and other employees ran to give encouragement to the conductor. A fight started and one of the police struck the conductor. FORGERIES REACH A MILLION

List of Banks Defrauded by Harroun's Crooked Deals.

CREDITORS SEEK A SETTLEMENT

Nothing is Said About Prosecution Pending Efforts to Recover on Worthless Paper—Harroun Not Worried.

ST. JOSEPH, Mo., Sept. 10.—(Special Telegram.)—Attorneys for the creditors of W. H. Harroun, the president of the Harroun Elevator, say tonight that his forgeries of bills of lading and other crooked transactions will aggregate about \$1,000,000. Mr. Harroun has given out the following list of banks holding large amounts of paper, alleged to be mostly worthless: Commercial National Bank of Chicago, \$250,000; Mercantile National Bank of New York, \$50,000; Tootle-Lamon bank of St. Louis, \$15,000; Union Trust company of St. Louis, \$10,000; National Bank of Commerce of Kansas City, \$20,000; Whitney National Bank, New Orleans, \$10,000; American National Bank, Kansas City, \$10,000; other unsecured creditors, \$30,000. Total, \$390,000.

Mr. Harroun tonight said: "I have been advised by my attorney to say nothing on the failure and will not discuss it until a thorough understanding is reached."

The creditors do not state whether or not they will prosecute Mr. Harroun, but they are at present being apparently busy upon securing the best possible financial settlement. Harroun seems to feel no fear as to the legal consequences of his alleged wrongdoings. A meeting of the creditors is to be held here tomorrow and at that time a concerted plan of action will be discussed. It is almost impossible to determine what the assets of the Harroun Elevator company will amount to, as so much of the paper now outstanding is alleged to be bogus.
