COMMITTEE ASKS FOR FURTHER TIME

Contracts for Plumbing, Electric Wiring and Heating Not Signed, but Contractor Will Attend to it at Once.

What inscription the cornerstone of the Carnegie library building shall bear is still an unsettled question among the members of the Board of Trustees. The committee to which the matter had been referred in the hopes of a solution of the vexatious question reported at the meeting of the board last night that it desired further time, and its request was granted:

The committee to which was entrusted the arrangements for the laying of the cornerstone made its report and was duly thanked for the efficient manner in which the exercises had been carried out.

The contracts for the plumbing, electric lighting and heating of the new library building have not been signed as yet, as the contractors apparently did not seem to understand that payment was to be made from the the Carnegie fund and that the board was in no case responsible for the liability. This being explained to the contractors, the papers will be signed this

It was decided that notice be given Landlord Merriam of the Merriam block that the rooms occupied at present by the public library would be vacated the moment the new building was completed.

Criminologist Said to Have Found Evidence of Murder Instead of Suicide.

NEW YORK, Sept. 12.-According to statement published today by a New York daily paper an expert criminologist has made startling discoveries connected with the finding, in April last near Hempstead, L. I., of a body which was buried by the authorities under the name of Martha Laimbeer.

Circumstances then pointed to the sup position that the woman killed herself. Her beauty and evident refinement lent interest to the case, increased by a letter which the authorities received containing a \$100 bill "to save the poor woman from a sulcide's grave."

It is stated by the American that the expert made discoveries which satisfied him the woman was murdered with a blow on the forehead by her husband while the two were quarreling in a carriage; that, aided by a friend, he took her body to the spot where it was found, more than ten mlies distant, and after arranging her clothing in a theatrical manner, poured carbolic acid into the mouth and thus hoped to create the impression that she

## WOMAN IN CLUB AND CHARITY

The extension committee of the Young Women's Christian association has planned to enlarge its work this year to include branches that have never been covered in Omaha. This was decided at the meeting of the committee Saturday afternoon. In the past the extension secretary has given much of her time to the work in the central rooms, but this year only the mornings will be occupied there. Noon meetings have been held and literature distributed at M. E. Smith's and Byrne-Hammer's, and It is the intention to include several other factories this winter. Assistance will be required from outside for this speakers to talk to the young women in the factories on current topics at noon, singers and people to give magazines and periodicals and to help distribute them. There is especial need of the extension work in the extreme south part of the city, and this, too, may be taken up before the close of the year. The work at South Branch is to be strengthened, too, and a special feature will be made of the social side of the association. A new tennis club has been organized and a good court is at the disposal of the members. Friday evening of this week a rally of members has been called at the branch for a discussion of work and plans for the winter. Tuesday evening. October 11, has been announced for the formal opening. There will be a program and announcements of the year's work will be made. Miss Flora Ticknow will be it charge of the work.

A distressing case of Fibroid Tumor, which baffled the skill of Boston doctors. Mrs. Hayes, of Boston, Mass., in the following letter tells how she was cured, after everything else failed, by Lydia E. Pinkham's Vegetable Compound.

Mrs. Hayes' First Letter Appealing to Mrs. Pinkham for Help: "DEAR MRS. PINKHAM: - I have been under Boston doctors' treatment for a long time without any relief. They tell me I have a fibroid. tumor. I cannot sit down without great pain, and the soreness extends up my spine. I have bearing-down pains both back and front. My abdomen is swollen, and I have had flowing spells for three years. My ap-

petite is not good. I cannot walk or be on my feet for any length of time.
"The symptoms of Fibroid Tumor given in your little book accurately describe my case, so I write to you for advice."—(Signed) Mrs. E. F. HAYES, 252 Dudley St., (Roxbury) Boston, Mass. Note the result of Mrs. Pinkham's advice-although she advised Mrs. Hayes, of Boston, to take her medicine - which she knew would help her -

her letter contained a mass of additional instructions as to treatment, all of which helped to bring about the happy result. "Dear Mrs. Pinkham:—Sometime ago I wrote to you describing my symptoms and asked your advice. You replied, and I followed all your directions carefully, and to-day I am a well woman.

The use of Lydia E. Pinkham's Vegetable Compound entirely expelled the tumor and strengthened my whole system. I can walk miles now. "Lydia E. Pinkham's Vegetable Compound is worth five dol-

lars a drop. I advise all women who are afflicted with tumors or female trouble of any kind to give it a faithful trial."—(Signed) Mas. E. F. HAYES, 252 Dudley St., (Roxbury) Boston, Mass. Mountains of gold could not purchase such testimony—or take the place of the health and happiness which Lydia E. Pinkham's

Vegetable Compound brought to Mrs. Hayes. Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women; all ovarian troubles; tumors; inflammations; ulceration, falling and displacements of the womb; backache; irregular, suppressed or painful menstruation. Surely the volume and character of the testimonial let-

ters we are daily printing in the newspapers can leave no room for doubt. Mrs. Hayes at her above address will gladly answer any letters which sick women may write for fuller information about her illness. Her gratitude to Mrs. Pinkham and Lydia E. Pinkham's Vegetable Compound is so genuine and heartfelt that she thinks no trouble is too

great for her to taken return for her health and happiness. Truly is it said that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women, and no other medicine; don't forget this when some druggist wants to sell you something else. \$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

> PACKERS TAKE BACK OLD MEN About Forty-Eight Hundred Union Men Resume Places at Chicago.

CHICAGO. Sept. 12.-It is estimated that about 12,000 men applied for work at the stock yards today. About 4,800 of the applicants were taken back by the packers. Many of the nonunion men failed to report for work, but a number appeared on the Lake Shore & Michigan Southern and other ratiroads, giving rise to much dissatisfaction among the union men. Few clashes, however, were reported, chiefly fisticuffs between negro strike breakers and white unionists. About 14,000 nonunion

men are still at work in the yards. SIOUX CITY, In., Sept. 12.- The striking packing house employes reported for work

today. Part of the men were re-employed. Strike at Steel Works.
