COUNCIL BLUFFS

BOYS FATALLY SHOOT MAN | ing runaway about 9:30 o'clock last night.

Victim Had Caught Them in Act of Stealing His Watermelons.

MAKE ESCAPE IN BOAT AFTER SHOOTING

Youths Who Did the Shooting About 15 Years of Age-Victim is Thought to Be Mortally Wonnded.

Fred Merrill, residing at 3421 Fourth avenue, was shot and probably fatally wounded yesterday afternoon by one of three boys who were raiding his melon journed regular meeting of the city council patch in the bottoms, within a short distance from the river. After the shooting the boys made their escape in a boat in tion, is the resolution calling for the paving which they had rowed, to this side of the of Broadway between Thirteenth and Eighriver from Omaha. Merrill was shot about teenth streets. The proposition is to pave g o'clock, and he lay in the field for an this portion of the thoroughfare as a hour before his cries brought assistance, and he was taken to his home in a wagon. Later he was removed to the Women's Christian Association hospital, where he died at 9:45 last evening.

The melon patch owned by Merrill is located about half a mile from his home on Fourth avenue and he has suffered considerable loss since the fruit ripened at the arming himself with a heavy cane, he started for the patch to hunt any thieves who might be there. On nearing the place he noticed three boys in his field, and he shouted to them to get off. Two of the boys were carrying rifles and one of them | Pearl street, only half a block from Broadtook a shot at him. 'The boy's aim, however, was uncertain and the bullet went wide of its intended mark. Merrill, noth- Pearl street, Council Bluffs. ing daunted, started after the boys, who still stood their ground. When within a few feet of them one of the lads raised his rifle to his shoulder and deliberately fired at Merrill. The bullet entered the right groin and Merrill fell to the ground writhing in agony. So close was Merrill to the boy who fired at him that the powder from the rifle burned his clothing.

Boys Come to Omaha. As soon as Merrill fell to the ground the boys turned and ran, making for the river, where they were seen to enter a boat which was moored to the bank and in which they had rowed across from the Omaha

Merrill lay in the field for an hour before his cries attracted the attention of and the assistance of neighbors and took some time Dr. M. C. Christensen was secured to attend the wounded man. As an operation was necessary to locate the but let if possible, Dr. Christensen ordered Merrill removed to the hospital, and this was done in the police ambulance.

Merrill was not able to give a very good description of the boys. The two larger boys, he said, appeared to be about 15 years of age, while the third was a little boy, about 10 years old. The two older boys, each of whom carried a repeating rifle, wore gray coats, but the smaller boy was in his shirt sleeves. From the appearance of Merrill's wound it was thought that the rifles carried by the boys were 22 cal-

Owing to the length of time elapsing before Merrill was found and notice of the shooting sent to the police, the boys had ample opportunity to reach the other side of the river before the alarm was sent out. As soon as the local police received word they at once notified the Omaha police. Merrill died at the hospital at 9:45 o'clock last night. He was only semi-conscious when he reached the hospital and soon

lapsed into unconsciousness. He was 23 years old, single and lived with his parents, Mr. and Mrs. L. W. Merrill, at the family home on Fourth avenue. Boys Say It Was Accidental.

The three boys charged with the shooting were arrested in Omaha and brought to Council Bluffs about 10 o'clock last night, They are Louis Jacobsen, 17 years old, who

In a scuffle brought about by Merrill trying to wrest the weapon from Willie Brocker.

To the police last night Brocker told the following account of the shooting: "My brother and I and Louis Jacobsen rowed brother and I and Louis Jacobsen rowed of cars between the several railroads and account for the account of the account of the morning.

The point is a convenient one for transfer of cars between the several railroads and account of the account. in a scuffle brought about by Merrill trying across the river from Omaha to the Iowa side and were shooting at frogs. We were not after melons, and, in fact, were unaware there was a melon patch anywhere near. We were in the act of shooting frogs, in fact, when Merrill came up to us and ordered us to get out. He threatened us and said he would give us just half a minute to get out. We ran and the other boys outstripped me, as I was lame somewhat from rheumatism. Merrill kept after me and kept prodding me in the back with a broom handle which he was carrying. I could not run fast enough to suit him, I suppose, because he suddenly seized me by near. We were in the act of shooting frogs, suppose, because he suddenly seized me by the shoulder and told me to hand over the gun to him. He selzed the rifle and a scuffle followed. I had my finger on the trigger and in the scuffle while the rifle was close up against the man's body, he having caught hold of it by the muzzle and was pulling it from me, it was discharged. After the shot the man ran around behind a clump of willows. The other two

Going to Identify Corns. ONAWA, Ia., Sept. 18.-(Special.)-The Monona county district court adjourned yesterday for the term. There will be at adjourned term held commencing October 5, but no jury will be summoned. Yesterday morning the case against Walter Hill, who was found guilty of the crime of sodomy, boys were about thirty feet away when was called, the motion for a new trial, happened. We then ran to our boat after argument, was overruled and the deand rowed back across the river. I did fendant was sentenced to serve three years not know at that time that the man was at Anamosa. The prisoner and Frank Gregg, convicted of larceny, will be taken to Anamosa in a few days, and at this time the sheriff will take a man along to identify if possible the man in the penitentiary from Delaware county who is alleged to be Ed Corns, the murderer of Sheriff W. E. Strain. The Castana man, who was sent up from Woodbury county, is positive that Corns is now serving a term in the penitentiary. He ought to know Ed Corns, who was known as John Morgan when working for David Counts near Castana, but not much stock is taken here in his story, and until he is fully identified by some one from this vicinity who is well acquainted with him

the story will not generally be believed. FORT DODGE, Ia., Sept. 18.-(Special.) The Fort Dodge Clay works, one of the largest brickmaking plants in the state, with a daily capacity of over 50,000 brick. was sold yesterday to J. M. Miller of St. Joseph, Minn., for \$60,006. The transaction was a cash deal and Mr. Miller will move to this city and take the active manage-

ment of the plant at once The Bee Want Ads Are the Best Business

No Other State Has One Board to Manage All State Educational Institutions.

DETAILS ARE NOW BEING WORKED OUT

Reports from All Parts of the State Indicate that No Damage to Speak Of Was Done to Corn by Frost.

(From a Staff Correspondent.) DES MOINES, Ia., Sept. 18.-(Special.)-Not a state of the union, so far as can be ascertained, has in operation a system for the management of state educational West Broadway and as the street is 150 institutions like that which is contemplated which are being worked out now by a committee appointed for that purpose to report ent Riggs has, on request of the committee, secured from the different states copies of the general school laws and information bearing on the subject of methods of management of colleges and universities. He has already secured from a number of the starter. The abutting property on this states the information which will be necessary before the committee can properly enter upon the investigation. A search the city will be called upon to bear but a of the reports fails to disclose that any state has adopted the system of having the larger educational institutions under the management of one business board. "If Iowa takes up the plan," said Super-

intendent Riggs, "it will have to go out into untried paths, for there have been none to make the venture." The committee is not so much to inquire into whether or not the plan is feasible

as to work out the details of the plan. leaving it to the legislature to decide. In the march and during battle and their fact, the attitude of the legislature was that of having already decided that the system should be adopted, but asking for more time in which to prepare the details. The committee was named to do this. In his correspondence with educators in

other states several of them have volunteered to Superintendent Riggs the advice that the scheme will not work and that it ought not to be tried. Iowa has, however, the example of successful manage ment of other institutions under one board when many had declared before that it would not do at all. Many of the features of the Board of Control law will be made use of in preparing a bill for the State Board of Regents. Superintendent Riggs is giving the committee all possible assistance in securing the information needed. Plans for Dipsomaniae Hospital.

The State Board of Control has before it the preliminary plans for the new building to be erected on the state property at Knoxville as a part of the state dipsomaniac hospital. One large building which was post carries an enormous amount of mail formerly used for the Industrial Institution for the Blind is to be remodeled and converted into a dormitory for the inebriates. Another building is to be added, and for this the board has \$125,000; but it is found that the allowance is so small that there paper. is some doubt as to whether a building such as that contemplated by the legislature can be erected for that sum. The plans contemplate a brick veneered building two stories high, of rather light construction. The board hopes to be able to et a contract very soon for the buildings so that early next year the institution can be opened and the inebriates from the various state hospitals can be transferred.

Favorable Report from Corn. From all sections of the state the reports frosts, and the belief is now general among hose who are especially interested in the corn crop that the frosts of the last week have not injured 5 per cent of the corn of the state and much of that only very little. In the northern part of the state, where the greatest harm was apprehended, there been damage done in only a few places. The greatest harm was in the valleys of the northeast part of the state. In the southern and central part of the state the travelers report that evidences of frost can be seen at only a few isolated places. The weather has changed so that here is now no apprehension of further danger until after October 1, when practically all the crop will be safe.

Newspapers and Lotteries. It is learned that subpoenaes have been saued which will secure for the federal grand jury, which meets at Council Bluffs this week, evidence relating to the publication in Des Moines newspapers of advertisements of lotteries in this city, and an effort will be made to indict. The particular offense has been that of publication of advertisements of a gift enterprise n connection with the vaudeville theater at Ingersoll park, where the management has been advertising to give away boxes of candy on certain days and that some of the boxes have money in them. The postoffice department is understood to have warned publishers repeatedly about these lotteries, but no attention has been paid to

Transmississippi Congress Convention Pursuant to a request from the officials of the congress, Governor Cummins has named the following as the Iowa delegates to the Transmississippi Commercial conto be held at the World's fair grounds, St. Louis, Mo., October 25 to 29, inclusive, 1904:

Inclusive, 1904:

Jay, assistant surgeon, Eldon; First Lieutenant A. B. Deering, assist surgeon, Boone; Major J. Fred Clarke, surgeon, Fairfield; Captain W. S. Conkling, assistant surgeon, Des Moines; Captain E. R. King, assistant surgeon, Arion; Major Donald Macrae, jr., surgeon, Council Bluffs; First Lieutenant P. McDermid, assistant surgeon, Fontanelle; First Lieutenant George M. Middleton, assistant surgeon, Davenport.

Search for Lost Child.

FORT DODGE, Ia., Sept. 18 .- (Special.)-A search for a missing child, which consumed twenty-four hours and engaged seventy-five people, ended today when the little one was found fast asleep and completely exhausted in a cornfield over a mile from its home. The 2-year-old daughter of Mr. and Mrs. James O'Conner, residing in the town of Vincent, disappeared from the St. front porch and after a neighborhood search an alarm was sounded and the entire population of the town turned out. Failure to find the little girl recalled that a covered wagon had passed through the town a short time before and possibly the inmates may have kidnaped her. The

child was not in it. All through the right IOWA'S FIRST NATIVE BISHOP wagon was traced to Fort Dodge, but the the weary searchers plodded over the fields and looked into every place where she

might be, but without results. Most of Elaborate Ceremonies for Elevation of Rev. them had given up the hunt, but two M. O. Lenihan to Hierarchy. women who persisted were rewarded with finding the object of the search asleep in a cornfield, suffering from exposure and

A large number of social affairs in the shape of farewells are being planned by the church at this city.

NEW YORK LABOR BULLETIN Fewer Men Now Out of Enloymen in Entire Country Than Last Year.

ALBANY, N. Y., Sept. 18.-The quarterly bulletin of the state department of labor, issued today, has this to say as to the situation in state and nation:

"In the first quarter of the year, owing to labor disputes, unusually cold and stormy weather and lessened activity in a few industries, employment was very poor but subsequently there was so much improvement that June and July actually surpassed the record year, 1902.

"Among approximately 100,000 wage earn ers in the various industries of the state 137 per 1,000 were reported idle at the end of June, 1904, as compared with 231 and 145 in June, 1903 and 1902, respectively. For the close of July in 1902, 1903 and 1904 the respective ratios were 156, 178 and 148. The principal cause of this improvement was the phenomenal activity in construction work in the leading cities.

"Conditions of employment in the entire country manifest similar improvement, ac cording to statistics collected by the American Federation of Labor. In the September issue of the American Federationist, the official magazine of the Federation, it is said that among \$5,450 members of 1,032 local unions making returns for July 1.6 per cent were without employment at the close of the month, while a month earlier the 1,891 unions making returns reported 5.1 per cenof the membership as unemployed, and is July, 1908, the percentage of unemployed

Referring to strikes, the bulletin says that the two overshadowing disputes for the second quarter of this year were the masters and pilots on the Great lakes and the New York clothing trades' strike against the "open shop."

It adds: "In the latter dispute about 25,000 employes were directly concerned, and probably as many more thrown out of employment for some part of the period of the dispute, the total number of working days lost being estimated at more than 1,000,000. About 500,000 days' time was lost by the 1,000 masters and pilots and the 10,000 other marine workmen from New York state affected by the former's dispute with the Lake Carriers' association. The total number of workers directly concerned in disputes began in April, May and June was 39,500 and the aggregate number of work days lost was 1.923,000. Twenty of the forty-three disputes resulted in favor of the employers and only five in favor of the employes, while nine were compromised The compromises were nearly all made on demands for increased wages, which was still the leading cause of dispute. The employers were almost uniformly successful in the disputes involving trade unionism."

Thousands of Negroes Attend AUSTIN, Tex., Sept. 18.—There were fully 30,000 negroes in attendance upon the big mission mass meeting held here this afternoon in connection with the national Baptist convention. Negroes came in from every section of Texas to be present today. During the morning hours religious services were conducted at all the negro churches in this city, as well as on the camp grounda and this evening every congregation and all visitors were massed in the big meet-ing. The convention will adjourn finally

Old-Time Telegraphers' Convention. Bishop Lenihan will return to Marshall-town September 29 and make preparations to leave for his new see. His first mass in this city as bishop will be said at 8 o'clock Sunday evening, October 2. At 7:39

A Companion.

A delightful little traveling companion, indispensable to many who travel, are the "Little Comforters"—Dr. Miles Anti-Pain Pills. By their southing influence upon the nerves of the brain and stomach, they prevent dizzinese, sick stomach and head-ache—car sickness.

Dr. Miles' Anti-Pain Pills

cures all kinds of pain quick and sure, are perfectly harmless and do not affect you in any way, except to scothe the nerves and cure pain. For real comfort never enter upon a journey without first securing a package of these "Little Comforters."

"I am pleased to recommend Dr. Miles" Anti-Pain Pills. They not only cured a chronic headache, but since, if my head shows a disposition to ache, one Tablet stops it. I give hundreds of them to sufferers on trains, and derive much satisfaction from the relief they afford.

M. H. CHARTUS, Traveling Salesman, St. Louis, Mo.
