FIFTEENTH CONSECUTIVE VICTORY FOR PA

Saints Give Locals a Warm Chase Chilly Atmosphere - Both Pitchers Do Great Work on Slab.

certainly looks like a cinch now. Six straight games for Pa from St. Joe. making the fifteenth consecutive victory. That's going some.

The rank and file of base ball votaries missed a fine game yesterday afternoon on the Vinton street playground, where Pa Routke and his glass eaters caught the Percy Chamberlain sword swallowers off watch in the eighth inning and then cinched the game. Up to the eighth the race was nip and tuck, each team playing, high-priced ball. Up to the seventh inning" the score was I to 1, with one hit to the good for the Saints, and there were large patches of gloom all over the face of the little boy on the centerfield tence and he was beginning to wish he had not bet that nickle his mother gave him for a new pair of suspenders. His courage was renewed and his face brightened in the eighth, how-

Clark was the first soldier of fortune to send out a safe hit. He opened the campaign by placing the ball down in deep conterfield. He rode to first on this effort, but reinforcements did not arrive in time advance his position. For the next three Innings the Saints went out in one, two, three order, three being struck out in the fourth. In the sixth Peer made the second hit for St. Joseph and Percy Chamberlain, who was sitting on the bench with his team, took off his overcoat and began to notice things. Peer was apprehended tryto steal second base and then Percy put his ceat on again. In the eighth the Saints actually made two hits and one fat, usclous run-an earned run at that. At this point Percy got aboard right and strode around the deck like one who had been used to such things all his days.

How Saints Escape Shutout. The story of how the Saints escaped a shut out is brief: Romig, who is being tried out on third base, made a three-base hit out in centerfield. Welch made a run for th. ball, which rolled to the fence before he could field it. Then Clark sent out another three-base hit and Romig scored.

In the fifth inning Dolan made the first hit for the Rangers, but at the end of the inning he was left on a sandbar. In the next inning Carter made a single and stole second without being pinched. Nick then telegraphed in for help to get him home, but help did not come, so Nick took to the first siding. In the seventh inning the Rangers started in to do something that would yield returns. Dolan and Thomas made two-base hits, Dolan scoring. Then in the eighth Quick slammed the first ball pitched to him and made a single and Brown followed with an infield grounder which was fielded by Clark, who threw the ball wild to first in an attempt to get Brown. The ball went wide of first base and was blocked, Quick and Brown both runricg in on one of the best get-richquick schemes seen on the Organa diamond since a week ago last Tuesday afternoon. when three Rangers scored or an error made by one of Jimmy Ryan's captains of

ALL SCHOOL CHILDREN ARE PREE Kids and Women Have Special Day at

Councilman D. J. O'Brien brought to a successful climax yesterday his p an to make this kids' day at Vinton Street park as well as ladies' day. He conceived the idea of admitting all children free to the grounds, presented his plan to President Rourke of the Omaha team and President Chamberiain of St. Joseph and readily secured their hoarty approval. All that remained then to perfect the scheme was to get the consent of the school authorities to a holiday for the children. Mr. O'Brien presented the matter to Superintendent Davidson and yesterday afternoon Superintendent Davidson, by direction of President Maynard of the board, prepared notices to the various teachers authorizing them to dismiss the pupils at 3 p. m. today, so they may attend the game, which is called at 3:4. Men for University Eleven Promise

Good Work.

SALEM, S. D., Sept. 22.—(Special.)—
Coach Markie of the Dakota university foot ball team is very enthusiastic over the prospects on the gridiron at Mitchell this fall. He says:

"If the material which we believe is coming in shows up Dakota university will have the best purely amateur foot ball team in its history. Besides most of the old men of last year's team, many new and strong men are coming. The latter are so well qualified for positions on the first team that the old men will have to look to their laurels if they expect to retain them. As I see now we will have a team that will average ten to fifteen pounds heavier than last year, making a 160 to 175-pound team. The positions of quarter and fullback, vacated by Brown and Peck, have several aspirants and some of them look good. Burton Tanner, who played on Northwestern last year, will be with us. He is good for any of the back positions and can play end. Coach McCornack said that up to the time Tanner got hurt last year that he was one of the best men on the team. Durkey, who played such an effective center for Redfield last year, will be with us in the same capacity. Durkey weighs 230 pounds and is six teet four inches tall. He has the reputation of being able to handle two ordinary men. Gust and Shearer will be in line for guards. Weak and Captain Evans will do the tackling stunt. The latter may be brought behind the line if his place can be acceptably filled. The need of strong, heavy and quick backs may necessitate this change. Evans demonstrated these qualities last year. Both of last year's ends, Waiter Seaman and Tillotson, will be in. We also have Herbert Hardy. Howard Seaman, Burton Tanner and his brother to make these important positions secure. In the back field will be Tanner H. Kingsbury, George Disbrow, Eugene Hager and a brother of Prof. Lardner's who has had several years' experience with the pigskin. Besides these there are several men coming in who claim a knowledge of line bucking from the

ST. LOUIS, Mo., Sept. 22—The semi-final of the Olympian golf championship will be played tomorrow by George S. Lyon of Toronto, Can., and F. C. Newton of Seattle, Wash, and B. F. McKinnie of St. Louis and National Champion H. Chamdier Egan of Exmoor. Each of these golfers won his match in the third round today after struggles that were more or less heartbreaking. First away in the morning, Mr. Lyon had A. B. Lambert of Gien Echo for his rival. Going out in 37, the Canadian had a lead of three holes at the ninth. Putting rather unsteadily on the incoming nine, the Toronto man totalled 78 for the first eighteen holes and was 4 up. At no time in the afternoon was the Toronto golfer likely to lose, but the local man kept him busy. Victory went to the Canadian, 5 up 4 to play. Play Semi-Finals Today.

the afternoon was the variation to lose, but the local man kept him busy. Victory went to the Canadian, 5 up 4 to play.

Seattle's young golfing wixard defeated Mason E. Phelps of Midlothian, 2 up 1 to piay, in a match abounding in every phase of the game, from the spectacular to the medicare. Newton had a lead of one hole at the ninth green in the morning, which he lost later, and Phelps wound up the morning play 2 up on his Pacific coast opponent. Nip and tuck they fought the race in the afternoon. Phelps losing one hole of his lead at the twenty-seventh, where he sent his tee shot into the pond. The match was squared at the twenty-eighth by Phelps sending a ball into the ditch. Newton won the thirty-first and thirty-second holes and 2 up 4 to go to, the Seattle man picked up his nerve and won. Burt McKinnies victory over Ned Sawyer of Wheaton removed another Chicagoan from the race, and as Champlon Egan eliminated H. W. Allen, the honor of representing Chicago in the tournament rested solely with the Exmoor-Harvard player.

Enjoying a lead of four holes on Sawyer at the end of the morning play, McKinnie put up steady and winning golf and made his victory 4 up 3 to play. Egan had a surprise in Allen. The latter played a wonderfully accurate long gams in the morning and was only 1 down to the champion. The latter gained no further advantage on his young rival until the third green was reached in the afternoon, when by holling a ten-foot put he became 2 up. Winning the twenty-third and twenty-seventh holes, Egan assumed a commanding lead of four holes and held it to the end. Upon several greens Allen either saved a hole for a half or won it from the champion by marvelous putting. Egan developed a fault of locking up from the ball and some of his putts were very medicare as a result.

Toronto will have one of the Olympian cups. In the finals for the fourth flight event President A. W. Austin of the Lambton Golf club of that city defeated S. J. Harbaugh of the Glen Echo club.

ADMISSION IS NOT EVIDENCE Chinese Immigrants Are Given Important Concession by United States Commissioner.

PORTLAND, Ore., Sept. 22.-By a ruling by United States Commissioner E, A. Mc Kee, the statement of a Chinese taken after his arrest for being illegally within the boundaries of the United States by the Chinese inspector or any inspector cannot be used by the government as evidence. The decision was made during the hearing of the case of Dong Sam, held for deportation.

Immediately after his arrest Dong Sam made a statement to Chinese Inspector Barbour which is prima facle evidence that the Chinaman is not legally entitled to remain in this country. When this statement was offered as evidence it was not admitted. Commissioner McKee assigns as his reason for making the ruling that when the statements are taken there is no lawyer present to advise the Chinaman

The decision will have the effect of making admission into this country easy for a large number of Chinese, as the government has frequently hitherto relied upon this evidence to secure deportation, it hav ing been found that the Chinese are more likely to tell the truth immediately after arrest than after they have had a chance to become posted by their countrymen. WASHINGTON, Sept. 22.-The attention of immigration officials here has been di-

rected to the decision of United States Commissioner McKee at Portland, Ore., holding that the first statement before rovernment inspector of a Chinese, after being arrested for being illegally in this country, cannot be used as evidence against

Acting Commissioner General of Immigration Larned said today that the decision would not affect the question of the admission of Chinese into the United States one way or the other, as that is confined to the decision of the executive officers. In the case of Dong Sam, he said, the issue presented was whether the Chinaman could reside in this country, which is a question for the courts to pass on and primarily a United States commissioner. "This decision," he said, "evidently proceeds upon the assumption, which has been repeatedly negatived by the courts, that a proceeding for an inquiry as to the right of a Chinaman to be in the United States is a criminal one. As such is not the case, the decision to exclude the testimony given by the prisoner before the executive officers seems to be one of doubtful validity. At all events, the action of the commissioner is binding upon no one except in the particular case. Until the decision has been affirmed by a court of competent jurisdic tion it cannot possibly affect the entrance of Chinese into the United States. There is no reason to apprehend that other commissioners will take a similar view."
