

CURRENT EVENTS OF IOWA COUNCIL BLUFFS

GERMANS PLAN CELEBRATION

Intention Is to Have Festivities Extend Over Three Days.

NEBRASKANS INVITED TO PARTICIPATE

Occasion is the Two Hundred and Twenty-First Anniversary of First German Settlement in America.

German residents of Council Bluffs, Pottawattamie county and other neighboring counties in this state and Nebraska will devote three days of next month to a grand celebration of "Deutschentum" in this city.

The idea of such a gathering of former natives of Germany and their descendants was conceived by Alois Becker, editor of the Free Press of this city, and in making arrangements for the grand celebration he is being assisted by a committee consisting of Mr. Roenke, chairman, Adam Kraemer, Harry Behringer, M. Blausch and August Haysen.

Parade on First Night.

An imposing "fackelzug" or torchlight procession, will be a spectacular feature of the opening of the fest on Wednesday evening. There will be music galore and after a parade through the streets of the city the marchers will adjourn to the opera house, where a number of addresses in both German and English will be given.

Herbert Kraus will be the principal speaker of the evening. Following the speaking there will be an elaborate musical program which will comprise chiefly solo songs of the fatherland.

On Thursday, the official day of the celebration, will open with a grand street parade at 10 o'clock in the morning in which the several German societies will take part. The city officials, police and the fire department will be in the parade and what promises to be a pretty feature of the procession will be the column of German school children. In the parade will be a number of floats decorated to represent familiar scenes of the fatherland and stories which are treasured by Germans from childhood.

With the disbanding of the parade the scene of the festivities will be transferred to Lake Manawa, where dinner will be served and an old-fashioned "Deutsches Volksfest" enjoyed. During the afternoon there will be a lengthy program of sports including target shooting, bowling, races of different kinds, "Ringlet" and other Teutonic sports. If possible a base ball game will be arranged for between the champions of this city and some Omaha team.

Friday morning at 10 o'clock the celebrators will assemble at Teutonia hall and from there march to Fairmount park, provided the weather is favorable, where a picnic dinner will be served, following which the visitors will be taken for a trolley ride around the city. The celebration will be brought to a close in the evening with a meeting at Teutonia hall when arrangements will be made for a similar gathering next year.

Civil Cases Coming Up.

The regular assignment of law cases will be taken up today in the district court. The assignment includes eighteen cases and of this number probably not more than eight or ten will reach trial during this term. The first to go before a jury is that of David Roach against Jacob Stein. Roach seeks to recover \$5,000 for alleged malicious arrest and prosecution. At a former trial Roach was awarded \$500 damages, but a new trial was granted on account of an error in the instructions to the jury.

It is not likely that any criminal cases will be tried at this term unless the defendants insist. With the pleading of lack of funds by four of the defendants indicted by the recent grand jury, the docket was pretty well cleared. The principal cases remaining are those of Robert Turner and Andy Hill, the negroes charged with the killing of George Chilton; Charles Stevens, charged with complicity in the Evans Laundry robbery; and those against Harry Bernstein and Fred Bunting, charged with receiving stolen property. It is understood that their cases go over to the November term.

Admiral County Attorney Heas stated yesterday that he was of the opinion that the remaining four weeks of the present term would be occupied with civil business and the criminal docket would be left to go over to the November term. As Mr. Heas will be more or less occupied campaigning, he being the republican nominee for county attorney, he is just as well pleased that it should be so.

The November term, which will open on November 1 with Judge W. R. Green on the bench, will be an unusually heavy one, owing to the large number of cases continued from this term.

Publics Warning Up.

County politics are commencing to warm up and the candidates on both tickets are beginning to campaign in earnest. From now on to the election in November some

active work on both sides can be looked for.

That the voters are becoming interested was indicated by the large attendance Saturday night at the republican township caucus in Lewis township and the democratic caucus in Garner township. The republican candidates—Heas, Batteny and Peta—were present at the Lewis township caucus and they were given a most enthusiastic reception. They also attended the market day celebration, earlier in the day at Minden and there also received quite an ovation.

The democratic candidates—McBride, Lenoeker and Platner—attended the Garner township caucus Saturday night, but despite the fact that it is a democratic stronghold, there was but very little enthusiasm, although there was quite a contest over the township ticket.

Loyal Temperance Legion Meeting.

The regular meeting of the Loyal Temperance legion will be held this evening in the club rooms on Fifth avenue and Pearl street at which time Miss Florence Henry will be present and assist in organizing physical culture classes for girls and boys. It is also planned to organize a basketball ball team. Wednesday evening the members of the legion will observe the anniversary of the birthday of Miss Frances Willard, when a special program will be given.

The man arrested at Missouri Valley Saturday night on suspicion of being the person who snatched McFarrell and Metcalf out of the worth of clothing, is now in the city jail. He was released yesterday.

Thomas Macrae, detective of Chicago, came to Omaha to identify the man who was charged with the murder of a woman in Chicago.

Although the saloons of the city were supposed to be closed tight yesterday, the police wagon was seen in the morning drinking to the city jail. Before 10 o'clock in the evening no less than six drunks had been taken to the city jail. It is reported that this number had increased to an even dozen. With two exceptions all of the men were strangers and most of them railroad laborers, judging from the transportation found on them.

Deny Henderson Story.

SIoux CITY, Ia., Sept. 25.—A special to the Journal from Dubuque says there is not the least foundation for the report that former Speaker David B. Henderson is losing his mind. Colonel Henderson and his friends are indignant over the report. Its publication has caused hundreds of inquiries from the ex-speaker's friends in various parts of the country. Colonel Henderson is enjoying the best of health. He has been occupying apartments in a hotel in Dubuque since his return early in the summer.

ONAWA, Ia., Sept. 25.—(Special.)—Judge Addison Oliver yesterday afternoon filed a notice of appeal from the findings of the Monona and Harrison county boards of supervisors, in city session, establishing the Monona-Harrison ditch and Sioux river cutoff, and lateral No. 1, as petitioned for by L. NEWSPAPERS ARE HARD HIT

Supreme Court Renders Sweeping Decision on the Law of Libel.

PUTS PAPERS AT MERCY OF THE PUBLIC

Federal Court Will Again Hear the Balliet Case, Arising Out of Sales of Mining Stock Said to Be Valueless.

(From a Staff Correspondent.)  
DES MOINES, Sept. 25.—(Special.)—The decision of the Iowa supreme court rendered the past week in a newspaper libel suit has caused surprise and chagrin among the newspaper men who have read and digested the document, and it is expected that as a result of this announcement of movement started by the supreme court in the law in Iowa there will be a strong movement to effect reform of the Iowa laws. Newspaper men do not hesitate to state that if the court has rightly interpreted and applied the laws of Iowa in reference to damages for libel there is but little chance of a newspaper publisher escaping wherever lawyers can be found to bring up suits that will result in an unsafe business in the state. The decision virtually places on the publisher all responsibility for proof and declares that his malice in publishing any objectionable article is to be presumed, also the fact of damages. Any publication that will tend to make anybody a fool is liable, and the court said that the decision is the most sweeping ever rendered by a court, and it was necessary to reverse a careful district court, where the whole proceedings had at first been thrown out. The increasing number of libel and damage suits against newspapers in the state has caused the newspaper men to feel that the law is entirely antiquated and not adapted to present conditions.

County Stewards to Meet.

A novel convention is to be held this week at Adel, being a convention of the county stewards of poor farms and superintendents of county hospitals. The program covers the whole of the program, discussion of thoroughbred stock for county farms, methods of purchasing supplies, care of walls and floors at county buildings, county farms as experimental stations and ways in which the State Board of Control has helped. There will be an address by Judge L. G. Kinn of the state board.

Wants More Yard Room.

The state railroad commissioners have made a date to be in Ottumwa next Tuesday to consider the application of the Milwaukee Railroad company for permission to condemn certain tracts of land for yards and additional depot ground. The company was unable to secure at the time of the building of the cut-off all the ground wanted. Now it is proposed that condemnation proceedings be resorted to and if successful the company will make large improvements. The first step is to go to Traer to consider an application to have an overhead highway crossing built over the railroad tracks.

German Editors Meet.

The German newspaper editors of Iowa, Nebraska and South Dakota are holding their convention in Muscatine. The association was organized here four years ago largely through the efforts of Colonel Joseph Elboeck, the veteran editor of this city, who is in attendance and delivered the address as president. There are about twenty-five of these editors in the three states.

Instructions to Veterinarians.

Governor Cummins is sending out to the county officials in every part of the state a circular letter in which is given a provision of the law in relation to making use of the services of the state veterinarian or his assistants not generally understood. It is explained that in every case in which the services of a veterinarian may be secured it is to have the majority of the county board or a township board or city council petition the governor to send a veterinarian, and when this is done the state will pay the expense. There have been many calls of this character recently and the law has not been strictly observed.

Will Try Balliet Again.

Preparations are now being made for an early retrial of the case of the United States against Letson Balliet for alleged frauds. Balliet gained a new promoter in Oregon and Washington by buying what is declared to be a worthless prospect and selling vast quantities of stock in his new companies. He was convicted and sentenced to a year in the penitentiary but got a new trial through the efforts of an agent of the National Masonic Accident association.

Failed to Pay Bills.

F. M. Harvey, alias F. H. Morton, is under arrest here for obtaining money under false pretenses. He was formerly in the railway postal service and later an insurance agent, and he is accused of beating board bills here and in Sioux City, Omaha and other places. He was arrested at Eagle Grove on information furnished by an agent of the National Masonic Accident association.

CANNON AND WATSON AT HASTINGS

Spent Sunday There and Will Speak Monday. (Special Telegram.)—Speaker Cannon and Hon. James E. Watson of Indiana, who are to address a big republican meeting at the opera house tomorrow, arrived here shortly after noon today. They were met at the station by Senator Dietrich, Mayor Miles, Mark Levy, C. G. Lane, Harry Haverlick, Joseph Yocum and J. Bailey, who composed the reception committee, and escorted to the Bostwick hotel, where they had been invited to dine with Senator Dietrich.

Enroute from Oxford the speaker and party of Michigan for a few minutes

advertised and a large gathering is anticipated. Speaker Cannon and Congressman Watson will each deliver addresses.

DAWSON PEOPLE ARE UP IN ARMS

Object to Release of Woman Who Beat a Boy.  
HUMBOLDT, Neb., Sept. 25.—(Special.)—The people in and around Dawson are up in arms over the action of the county attorney last week in dismissing the case of the state of Nebraska against Ida Pool, which was to have come up for hearing in the district court. This is the case which was first heard of about August 1, when Mrs. Pool, the wife of a well-known farmer, was arrested and charged with assaulting with intent to kill her 5-year-old half brother, William Warner, who was making his home with her. The woman was released from the county jail, where

she had been held pending a hearing of her case but when she returned to Dawson the feeling among the friends of the boy became so strong that she was at once rearrested upon a complaint sworn out by the citizens, and C. F. Reavis, a Falls City attorney, was retained to prosecute the case. It was the purpose of the law to be broken by popular subscription among those interested. The boy, who at the time the physician was first called was in a very critical condition, is slowly improving, the process of skin-grafting, which was necessitated by the torn scalp, having proven quite successful.

BARBECUE FOR POPULISTS

Roast Ox and Oratory to Be Served at Syracuse in Otoe County.

(From a Staff Correspondent.)  
LINCOLN, Neb., Sept. 25.—(Special.)—The populist state committee will give a barbecue at Syracuse October 2. George W. Bergs, candidate for governor, has been invited to speak and an effort will be made to pull off a joint debate with Mr. Bergs and Governor Mickey as the principals. It was the intention of the fusionists during the first of the campaign to hold barbecues in several places in the state, but the district court in Lincoln was such a disappointment, announcements for others have been rather slow.

F. D. McAvoy, until recently chef at the Lincoln hotel, is now an inmate of the county jail, at which place he has spent much time lately. Mrs. McAvoy, who was formerly a singer at the Lindell, is suing her husband for divorce. Instead of accepting the decision of his wife gracefully, McAvoy is charged with threatening to do her and her whole family great bodily harm. The wife became frightened yesterday and had him bound over to the district court on a peace warrant. Not having the \$200 bond to put up, he was put in jail.

Congressman Hinshaw was in Lincoln yesterday on his way to Shelby, where he spoke last night. Mr. Hinshaw has made a number of speeches over that district since he was elected. He failed to find the disaffected republicans he had heard so much about. Instead he had found many democrats and populists who were going to vote the republican national ticket and he was sure the republican and legislative tickets would have little trouble.

TRACKLAYING ON INTERURBAN

Two Miles of Rails Down on Homer.

DAKOTA CITY, Neb., Sept. 25.—(Special.)—Captain R. A. Talbot, general manager of the Sioux City, Homer & Southern Railway company, the proposed electric line to connect Homer with Sioux City by way of this place, made a large force of men and teams at work drawing rails from the yards of the Omaha railway at South Sioux City, and building track. Track laying commenced at the south of the Omaha railway tracks in South Sioux City and a few miles west of the city. The rails have thus far been laid. The eighteen months' franchise given by the board of county commissioners of this county to the railway company will expire on Friday of next week, September 30, at which time the franchise will be completed and operation of the road from Sioux City, Ia., to Homer, Neb. It will be an impossibility for the company to reach Homer in the time prescribed, but it is positively announced that the road will be in operation at this place by the 28th instant. A gasoline engine is expected from St. Louis next week, which it is expected to use until electric power can be installed.

War on Bootleggers.

DAKOTA CITY, Neb., Sept. 25.—(Special.)—Deputy United States Marshal John F. Sides yesterday took to Pender for examination on the charge of bootlegging, before United States Commissioner Sloan, and Attorney Charles Maney and Frank Orr, all residents of Homer. Bootleggers are commencing to find it a pretty hard row to hoe since the law-abiding element of the Homer and the United States authorities have started a crusade upon them, as the result of the arrests in the past week, brought about by Deputy Marshal Sides. The saloonkeepers of Homer, who have heretofore employed canvassers for business among the Indians, are commencing to realize where they are in the matter and to protect themselves are shutting off the Indian traffic.

Howard County Republicans.

ST. PAUL, Neb., Sept. 25.—(Special.)—The adjourned session of the republican county convention was held at the court house yesterday afternoon for the purpose of nominating the county ticket. The following candidates were nominated: Representative, Dr. F. S. Nicholson; county auditor, T. P. Bell; county commissioner, Third district, P. H. Behrns. This is a strong ticket, composed of good men. The next convention will be held at Grand Island on October 4.

Nebraska News Notes.

STROMSBURG, Sept. 25.—No frost has occurred in this county and the corn is well matured with a splendid crop.

TECUMSEH, Sept. 25.—Mrs. Barnes, wife of Dr. C. D. Barnes, was considerably injured by the explosion of a gasoline engine. Her body was enveloped in flames and her clothing set afire. The kitchen was set on fire and the neighbors put it out with a few buckets of water.  
FREMONT, Sept. 25.—Yesterday afternoon some men working in the Northwest house tomorrow morning, were covered by six inches of earth. They were working on the foundations of a building. The place where they were found is near the site of the old military road. It is possible they may have been laying there before the Union Pacific railroad was built.

All Ready for Corn Palace.

MITCHELL, S. D., Sept. 25.—(Special.)—Mitchell is all ready for the corn palace, which opens Monday evening with Sousa's band as the main attraction. The band plays an engagement at the Chicago Auditorium tonight and leaves by special train over the Milwaukee road at 12 o'clock for Mitchell. The parties who make up the street attractions arrived in the city today and the first performance will be given Monday afternoon. In the past few days over 1,500 strangers have come to the city and the streets are lined up with all kinds of attractions. Four special policemen from outside of town have been employed to take care of the grafters and big mitt men who may come here to ply on the unwary.

What is the Scheme?

LARAMIE, Wyo., Sept. 25.—(Special.)—For some time Prof. Trumbull, head of the department of mining of the University of Wyoming, has been hearing of a number of Nevada men who are working the Nevada scheme of getting investors to take shares with

Modern Woodmen of America.

The last week has been practically a rest week in Modern Woodmen circles, and but little has been done aside from the routine work of the various camps. The reception given to the prize winning team of Omaha camp, No. 139, for its gallant achievements at St. Louis was the feature of the week. The presence of Head Consul Talbot added to the pleasure of the evening. The decoration of the winning team with flowers by Ivy camp and friends was pretty.

Fraternal Union of America.

The anniversary of Mondamin lodge No. 111, which has been announced for Monday evening, has been postponed for another week. The date will be made later. The meeting of last Monday night was largely attended, a number of visitors being present from other lodges including a number from Council Bluffs. Five new applications were presented and one candidate was given the degree of fraternity.

Tribe of Ben Hur.

Omaha Camp No. 110 has since its organization in May last secured about 100 members. An effort is being made to double that number if possible before the end of the year. With that object in view an entertainment is being arranged for members only to be given at the lodge hall in the Patterson block, Seventeenth and Douglas streets.

Knights and Ladies of Security.

Unity council No. 119 met last Thursday evening and elected officers for the ensuing term. There was a large attendance and the reports of the various officers indicated the council to be in the most prosperous condition.

Improved Order of Red Men.

Few of the fraternal orders in the city are doing more active work this fall season than the Red Men. The membership is steadily increasing and the interest in the meetings is growing. This fact not only applies to the various tribes but to the auxiliary councils.

Bankers Union of the World.

A well attended meeting of this order was held in Royal Arcanum hall during the week. After a short business session the evening was given over to social diversions, in which dancing and cards were prominent features. Addresses were delivered during the meeting by Supreme President Dr. E. C. Spiney and Supreme Physician Dr. A. Pensch.

Fraternal Union of America.

Banner lodge No. 11 held a short session Thursday evening. Two candidates were given the degree work. After the lodge closed the remainder of the evening was spent in dancing and cards.
