RABIDS SHOW THEIR TEETH

Fontanelle Dictators Threaten to Knife John L. Kennedy.

SUCH IS THEIR DEFTY ISSUED TO THE BEE

Reputed Ringers Propose Thus to Force Rank and File to Support Their Candidates Named Under Protest.

The Fontanelle few already are showing their teeth in connection with the fight for their legislative ticket. They are openly making the declaration that if the Bee does not support each and every one of the successful candidates they will retaliate by plunging the knife into the prospects of John L. Kennedy, nominee for congress, in the next election.

The return part of the ticket was used as far as Denver, and after being fixed up was sent to the western agent and resold. In this way defrauding the Union Pacific of 500 miles of fare by increasing the distance twice of the ticket so that it could be used twice between Ogden and Denver.

Reports to the effect that John T. Ellis of Indiana has made a remarkable impression upon the voters of Nebraska in his presentation of political questions from the republican standpoint has caused the state committee to engage him for another week of stump speaking in that state.

The promoters of the big republican club rally tonight are much pleased at the responses they are receiving to their invitations. They expect a large number of prominent republicans will be here, among them nearly all of the candidates for state offices.

According to the books at the police station R. S. Durham of Springfield, Ky. is the latest victim to lose his money through misplaced confidence. The man from the Blue Grass state said he was separated from \$50 by a companion with whom he slept in a box car Wednesday night.

According to Durham's story he was sojourning in the Gate City during the carnival and intended to see all that was going on before he returned to his native haire, where chivalry, he now maintains, is quoted above par. Durham does not take kindly to the brand of chivalry he has bumped against here. Wednesday he met a man who gave the name of Whittier. The two became chummy and spent several hours seeing the wheels going round on the carnival grounds. They had supper together, smoked a whole cigar each and bought a sack of peanuts.

Should the curfew ordinance be suspended during the carnival season and the whistle sounded at 11 instead of 9 o'clock, asked the Careful Observer of the Old-timer Inhabitant.

As a matter of fact it does not look as if the Omaha curfew ordinance will be interfered with during the carnival season, although it is believed if a youngster wants to stay out to a street fair until 11:35. But things are different nowadays," replied the venerable taxpayer.

of loaded dice. Some months ago he was arrested and fined \$50 and costs for having a professional card hoodlum in his coat pocket. The officers testified in court that the prisoners are card "sharks."

A clever piece of forging has been discovered by the Union Pacific and is being investigated by the company. Some weeks ago a special rate to Los Angeles was adopted by the western railroads. Among the tickets issued was one at some eastern point on the Northwestern road. One of the purporters on the ticket read, "From Denver to Council Bluffs." Wednesday it was discovered the value of the ticket had been increased about 500 miles by making it read, "From Ogden to Council Bluffs." The ticket evidently had been used as far as Denver and after being doctored had been sent to agents at Salt Lake City or Ogden and resold.

The doctored was done in a novel way. The last three letters of the word "Denver" were erased with chemicals and the letters "og" had been worked in, making the ticket read "Og-den."

The work was so cleverly done it would scarcely be noticed upon the closest scrutiny. It first attracted the attention of the officials because the word "Ogden" was not squarely in the middle of the ticket, as it would be if it were genuine and printed for Ogden. Two punch marks in the coupon were plugged up and in a cursory examination would not be noticed.

The return part of the ticket was used as far as Denver, and after being fixed up was sent to the western agent and resold. In this way defrauding the Union Pacific of 500 miles of fare by increasing the distance twice of the ticket so that it could be used twice between Ogden and Denver.

ANDERSON PROVES INSANE. Man Shot in Arm Under Mysterious Circumstances Pronounced Mentally Unsound.

The theory advanced by Detectives Drummer and Maloney that Martin Anderson was mentally unbalanced Wednesday morning when, at 3 o'clock, he went to St. Joseph's hospital with a bullet wound in his arm, has been confirmed by the young man's actions since that time.

Anderson was notified and several police officers accompanied the patrol wagon to the hospital, where they found Anderson in a violent condition. The young man was taken to the county jail, from where it is thought he will be sent to the county hospital. A complaint of insanity has been filed against him.

Louis Jensen of 234 South Twentieth street, where Anderson had been boarding, said the young man left his room at 1 o'clock Wednesday morning, after having been given \$1 by Jensen. Jensen claims Anderson was then laboring under the hallucination that someone was going to shoot him and says he advised Anderson to leave town. In Anderson's coat pockets were found several packages of lunch. It now is believed by the authorities that Anderson's stories of the shooting were all the workings of a disordered mind and that he shot himself in a temporary fit of mental aberration.

Anderson is a young Swede and recently came to Omaha from Jensenville, Wis. Mr. Jensen says he left his place some time ago, without saying where he was going, and returned as suddenly as he left.

Signs of Disease. The First Signs of Disease are a Poor Complexion, Weakness, Emaciation and Lack of Vitality. The first sign of returning health is increase of flesh, strength and vigor. This weakness, emaciation and lack of vitality, signify that certain substances, which go to make up the blood and nerves, have become exhausted; and to renew flesh, muscle and strength, those substances must be restored. Dr. Chase's Blood and Nerve Food is composed of the same kind of substances that are lacking in the impoverished blood and nerves when in poor health, and abundance in the rich juices that flow through the system when in perfect health. If people would take this food occasionally when in health to keep their blood and nerves in good condition, many spells of sickness and wasting disease would be prevented. It makes sick people well, puts solid flesh and muscle on thin people, gives strength to weak people, restores the lost vitality to nervous people, imparts the tint of health to pale and sallow people. It adds years to life and puts life into years. Price 50 cents. Book free. Sold and prepared by Myers-Dillon Drug Co., Omaha, Neb.
