

A JAPANESE DRUG STORE

The Japs Use Pe-ru-na.

STREET SCENE IN TOKIO, JAPAN.

Pe-ru-na is Used the World Over.

JAPANESE SOLDIERS LEAVING FOR THE FRONT.

The Japs Use Pe-ru-na—This fact is testified to by recent travelers in Japan, who have observed Peruna displayed in Japanese drug stores, in show windows and by means of placards.

The Japs Use Pe-ru-na—This might or might not account for their strenuous, active habits. We are not prepared to say. The Japs are notably a healthy people. They are courageous, supple and capable of great endurance. Their climate is not very productive of catarrh and catarrhal diseases, yet they are in some degree afflicted with this world's scourge.

The Japs Use Pe-ru-na—They have been quick to adopt all American customs. They have adopted our manner of government, our fashions as to dress, our mode of warfare, our public school system, and they have even adopted our custom of taking Peruna for catarrhal diseases.

The Japs Use Pe-ru-na—The Japs are the Yankees of the Orient. They move quickly. They are positive. Peruna exactly fits in this sort of life. Busy people have no time to bother with catarrh. Colds are irksome and hold them back. They want to get rid of them quickly. Nothing acts so promptly as Peruna. Peruna prevents catarrh by nipping it in the bud.

The Japs Use Pe-ru-na—Quick action—this is characteristic of Peruna and characteristic of the Japs. It is very natural, indeed, and inevitable that the Japs should use Peruna. They are up to the times. They adopt all good things. They do not have to be told twice.

War Artists Use Pe-ru-na—Mr. H. B. Manly, Assistant War Artist to London "Black and White" and "Collier's Weekly" during the uprising in China, writes: "When a man travels in extreme hot or cold climates he realizes how valuable a friend he has if he carries a bottle of Peruna. I know of no article in my traveling outfit which I have learned to praise higher."

War Correspondents Use Pe-ru-na—Mr. F. B. Richards, 609 E street, N. W., Washington, D. C., war correspondent, writes: "Six years ago I was ordered to Cuba as staff correspondent of the New York Sun. I was in charge of a Sun despatch boat through the Spanish-American War. The effect of the tropical climate and the nervous strain showed plainly on my return to the States. A brother newspaper man, who had served in the war, induced me to give a faithful trial to Peruna. I did so. Today I am able to work as hard as at any time in my life."

Civil War Veterans Use Pe-ru-na—Corporal John Finn, veteran soldier of the Civil War, Grand Army man and commander of John A. Rawlins Post No. 1, Dep't of the Potomac, Grand Army of the Republic, writes: "Peruna was recommended to me by many of my associates. I have found it most agreeable and effective tonic, pleasant and soothing. I have suffered from rheumatism and catarrhal affections, and have found Peruna most beneficial."

Thousands Use Pe-ru-na—We have in our files thousands of testimonials like the above. We can give our readers only a slight glimpse of the vast array of interesting endorsements Dr. Hartman is constantly receiving from grateful people who have used his remedy, Peruna.

STORY OF NEBRASKA WEALTH

Surplus Farm Products Shipped Out in the Last Seven Years. STEADY INCREASE IN ALL CEREALS. Both Cattle and Hogs Also Show a Large Increase Over Ten Years Ago—Classes at 'Varsity Likely to Clash.

(From a Staff Correspondent.) LINCOLN, Sept. 30.—(Special.)—Nebraska's advancement and the increasing wealth of the state, now being so much talked about, can best be appreciated by a survey of the surplus commodities and a comparison thereof during the last ten years. The statistics of the State Department of Labor show that in 1890 the shipments of cattle amounted to 280,100 head and in 1902 the shipments aggregated 553,482 head, an increase of 95 per cent. The number of hogs in 1890 totaled 1,411,540 head, as compared with 2,102,141 in 1902. The number of sheep shipped in 1890 was 155,890 head and in 1902 680,751; 18,940 horses and mules were shipped in 1890 and 54,820 in 1902.

NEBRASKA'S ADVANCEMENT IN THE PRODUCTION OF CEREALS HAS ALSO BEEN MARKED IN THE LAST FEW YEARS, AS WILL BE SEEN BY THE FOLLOWING FIGURES:

Year	Wheat (Bushels)	Rye (Bushels)	Oats (Bushels)	Barley (Bushels)
1890	157,442,620	24,842,400	15,848,100	1,584,200
1902	175,247,542	28,287,707	42,690,318	2,748,245

INDICATIONS ARE GOOD FOR AN INTERESTING class fight between the sophomores and freshmen at the University of Nebraska this fall. Tuesday, when the second year class held its meeting for the election of officers, President Wolfe was instructed by the class to appoint a committee to take charge of the freshman class meeting and teach them how things should be done. This morning the various committees for the class were announced and it was also said that the committee which would deal with the freshmen had been named. The local college paper printed the names of all the big men in the class as members of the committee, but it stated that they could not vote for their own authenticity. The first year class is expected to meet in a few days, and then the first battle will be on. The faculty, it is expected, will step in and stop the trouble.

County Objects to Paying. County Attorney Caldwell filed a brief this morning in the supreme court in which he makes the point that the county is not obliged to pay the premium on the treasurer's guaranty bond. He contends that the statute is simply permissive, allowing the county board to require such a bond when it is considered necessary to ensure the safety of the funds. Under such a provision the county is not obliged to pay the premium out of the public funds. The case in which the brief is filed is that of County Treasurer Ben Knight against the county, the suit being to collect \$885 which the official alleges he paid in premiums on his bond.

County Gets a Rebate. PAVILLION, Neb., Sept. 30.—(Special.)—The sum of \$1,252.33 has been received from the state by County Treasurer Morrison, for taxes overpaid by Barry county to the state. In 1885 there appears to have been some discrepancy between the levies made by the state and county, resulting in the above amount being paid by the county to the state. A man from Lincoln has contracted with the county to go over the records and look for such claims. He has yet eleven years of the records to examine.

Increase in Railroad Taxes. PLATTSBURGH, Neb., Sept. 30.—(Special.)—Last year the Burlington paid taxes in Cass county to the amount of \$17,189.12; the Missouri Pacific, \$14,327.42, and the Rock Island, \$3,850.44. This year the Burlington will pay the sum of \$21,575.25, which will include the local shops and the bridge which spans the Missouri river; the Missouri Pacific, which operates three lines in this county, \$17,885.06, and the Rock Island, \$4,523.13, making an increase in taxes for the county of about \$9,416.46.

Veteran is Stricken. HUMBOLDT, Neb., Sept. 30.—(Special.)—During the exercises yesterday afternoon Jacob McDougall, a veteran of the civil war, suffered a paralytic stroke and had to be removed to his home, where he still lies in a critical condition. He was the victim of a similar stroke about a year ago and has hardly recovered from its effects and on account of advanced age his recovery is a matter of doubt.

Nebraska City Woman Insane. NEBRASKA CITY, Neb., Sept. 30.—(Special.)—Mrs. J. S. Gallant, mother of the three Gallant brothers, who were drowned in the Missouri river last spring, became insane last night and was found wandering in the South Table creek, crying, tearing her hair and calling for her youngest son, Oliver. After a hard struggle several men succeeded in getting her to her home, where she struggled to regain her freedom. The bodies of her sons have never been recovered and is the cause of her insanity.

Nebraska News Notes. BEATRICE, Sept. 30.—In a runaway accident here today Mrs. John Osowski was seriously if not fatally injured. PLATTSBURGH, Sept. 30.—W. A. Swearingen succeeds C. F. Stoenenburgh as station agent for the Missouri Pacific in Plattsburgh. BEATRICE, Sept. 30.—The Driving association has been compelled to postpone the races booked for yesterday and today on account of rain. PLATTSBURGH, Sept. 30.—Ex-District Judge R. S. Ramsey declines to allow his name to be placed upon the democratic ticket as a candidate for county attorney. The race with C. A. Kewell for the honor. PAVILLION, Sept. 30.—There will be two grain elevators erected in Pavilion, aside from the one to be erected by A. W. and D. Clarke, J. C. Wright & Son will build a modern elevator, with a capacity of 5,000 bushels, with gasoline engine for power. Plans are all drawn and work will begin as soon as the material arrives. FREMONT, Sept. 30.—The raising of sweet potatoes is likely to develop into quite an industry on the sandy lands along the Platte near Fremont. John Haurigan, who is one of the pioneer sweet potato raisers, has a big crop, southwest of this city, and is shipping them by the carload to South Dakota and Wyoming. The average yield is about 150 bushels to the acre and they are retailing on the streets at 25 per bushel. Earlier in the season they sold at \$2. The quality this year is good.

HON. CHARLES H. GERE DEAD

Editor of Lincoln Journal Succumbs to Attack of Neuritis of the Heart.

(From a Staff Correspondent.) LINCOLN, Sept. 30.—(Special.)—Charles H. Gere, editor of the State Journal, died tonight of neuritis of the heart after a short illness. He leaves a widow and three daughters. Mr. Gere was one of the best known men in Nebraska, having been a prominent citizen for many years. For thirty-three years he had been editor of the State Journal and at the time of his death was also president of the Journal company.

He was born in Galesville, N. Y., sixty-seven years ago, and was a graduate of Dickinson college. He taught school in the east for some time and was later admitted to the bar in Baltimore. He came to Lawrence City in 1865 and since his residence in Nebraska has held many positions of trust and prominence. Mr. Gere came to Lincoln in 1868 and started the Weekly Commonwealth, which he changed in a short time to the State Journal. He served a term as a representative in the legislature and was a member of the state senate for five terms. For twelve years Mr. Gere was a member of the board of regents of the State university and was also a member of the constitutional convention. He was postmaster at Lincoln during Harrison's term. He has been identified with many of Lincoln's enterprises. Funeral arrangements have not yet been made.

Night Watchman in Trouble. CRETE, Neb., Sept. 30.—(Special.)—Night Watchman Charles McNamara and Sidney H. Brick of this city were arrested and brought before Justice E. D. Fay today upon the complaint of Mrs. Anna Kotmel, who charged them with wilfully and maliciously breaking into her house, attempting violence upon and abusing her. Upon the recommendation of County Attorney Kohout the charge was slightly modified. The men pleaded guilty and were fined \$5 apiece and costs, leniency being shown them on account of McNamara's age and mother, whom he can with difficulty support now, owing to the loss of his job. It seems that the men, while partially under the influence of liquor, entered the home of Mrs. Kotmel, a young Bohemian widow, on the night of September 8, and threatening arrest upon a trumped-up

Carnival at Humboldt.

HUMBOLDT, Neb., Sept. 30.—(Special.)—The old soldier's day of the carnival passed off very pleasantly, with large delegations of the veterans present from the surrounding towns and the adjacent country. The program of the day consisted of a realistic portrayal of camp life, the daily routine, the court-martial, execution of a deserter, foraging expeditions and punishment of offenders by drumming out of camp. The sham battle and many other things of interest entertained the crowd, which was quite large. An accident to the electric light plant threw the city temporarily into darkness early last evening, but it was soon repaired, and then came a drizzling rain, which, however, did little to check the fun, but laid the dust so that today's program is being carried out with less discomfort than yesterday.

Nebraska Farmers Arrested. IAKOTA CITY, Neb., Sept. 30.—(Special.)—William Stanga and Bud Peterson, two farmers of Thurston county, residing about nine miles south of Homer, were last evening arrested by Deputy Sheriff John Kloster of South Sioux City, as being fugitives from justice, on complaint of C. J. O'Connor, banker of Homer. When arrested Stanga and Peterson were in the act of driving thirty-five head of fat cattle onto the bridge into Sioux City to place them on the market. After spending the night in jail at this place, the parties were taken to Emerson this morning by Deputy Kloster and turned over to the authorities of Thurston county, where they will answer to the charge of attempting to remove mortgaged property out of the state. The cattle were taken back to Homer in charge of O'Connor.

Albion Fair a Winner. ALBION, Neb., Sept. 30.—(Special.)—Yesterday was a record breaker at the county fair. The attendance was the largest in the history of the association. The gate receipts amounted to nearly \$1,000, which is nearly \$500 more than was ever taken in before on any one day. The balloon ascension was one of the prettiest ever witnessed here, as the conditions were perfect. Two very good races were pulled off and the Cedar Rapids High school beat

Nelson at Hartington.

HARTINGTON, Neb., Sept. 30.—(Special.)—In the presence of an audience that packed to the utmost capacity the large court room, Prof. Frank Nelson of Kansas last night delivered a ringing speech that formally opens the campaign in this locality. The speech was an able and eloquent argument in defense of republican principles. The rational issues were forcibly presented and the well rounded sentences of the distinguished speaker were heartily cheered. Dr. P. O. Robinson, chairman of the county central committee, presided. W. A. Meserve of Creighton and Frank P. Votter of Laurel, candidates for the state legislature, occupied seats on the platform and made short addresses.
