

Uricsol the Only Cure for Rheumatism

If you are suffering from rheumatism there is a chance for you to become absolutely cured. You may cure yourself and do it quickly if you will lay aside your prejudice and skepticism.

Sherman & McConnell, the Omaha druggists, 18th and Dodge Sts., carry Uricsol, the California remedy, and we hereby authorize them to guarantee a cure.

Uricsol cures rheumatism in the only possible way it can be cured.

Uric Acid and Urates are the cause of rheumatism.

These deposits in the tissues, blood vessels and joints of the body.

These deposits must be dissolved and eliminated from the system before a cure can be accomplished.

Uricsol is a solvent of these and tones up the system, stimulates the kidneys, liver and bowels and thus drives them from the system.

Uricsol is harmless and no injurious results can possibly come to any part of your body.

KENNEDY AND HITCHCOCK

Republican for Judge Endorsed by Democrats, Who Also Name Congressman.

TOO STRONG FOR ANY OPPOSITION

Howard Kennedy is Pronounced Unbeatable by C. J. Smyth—Three Conventions Held in One Day by the Minority Party.

The democratic judicial convention yesterday, after a speech by C. J. Smyth favoring the action, endorsed Howard Kennedy, Jr., the republican nominee, for district judge. Mr. Smyth spoke in the highest terms of Mr. Kennedy's merit and fitness and said he could not be defeated. The convention was very brief and was presided over by H. S. Daniels. It followed immediately in the wake of the congressional convention and with the same delegates which nominated Congressman Gilbert M. Hitchcock for congress. That preliminary piece of business was performed at Royal Arcanum hall, where the untried today held three conventions, the county, congressional and judicial.

Frank A. Broadwell, chairman of the congressional committee, called the convention to order at 3 o'clock. Clark O'Hanlon of Washington county was made chairman of the convention and Dan Butler secretary. Congressman Hitchcock was renominated unanimously without frills. Chairman O'Hanlon announced the convention was ready for nominating speeches. An awkward contest followed, then Ed P. Smith said a few words of encouragement and mentioned Mr. Hitchcock's name. The congressman made a speech detailing his record in congress.

The following resolution was offered by C. J. Smyth and adopted unanimously:

Resolved, That we, the democratic convention of the second congressional district, have learned with deep regret of the death of Hon. George F. Hitchcock, a citizen of this state, a man of eminent ability, who loved liberty, was loyal to the fundamental principles of our government and ever fearless in their defense. In his death America's best citizenship has sustained a great loss.

County Convention

A small fraction of the last democratic county convention assembled in Royal Arcanum hall yesterday, and after much labor, succeeded in formally picking out 100 delegates to represent Douglas county in the congressional and judicial conventions this afternoon. All of the faithful present were bestowed with honors, and everyone else that memory could produce had his name favorably acted upon. Just how notice is to be given to all of the absentees so they can get together this afternoon was left to the ward leaders to determine.

"We don't expect to have a very big convention," said Tom Ryan, "we don't need it. There will be enough there to do business, and that's all necessary."

James Brennan, the "statesman from Clontarf," presided at the so-called county convention. There were no flowers and no cheers. Everything done was unanimous. None had any interest in the matter.

POPS WILL HOLD A CONVENTION

Thirteen Faithfuls Decide to Follow Tibbles' Inspiration.

Inspired by the indefatigable Tibbles, the thirteen populists of Douglas county have been called upon to assemble in "mass convention" and proceed to attach approval to some candidates for county and legislative places. Accordingly a call has been issued to the other eleven in the matter by chairman, and T. G. Kellogg, secretary, source of authority and scope of jurisdiction not clearly defined. Washington hall has been designated as the place of "massing" and the time Saturday, October 8, at 8 o'clock in the afternoon. No one has taken to the other eleven in the matter yet to find out prospects of what will be done.

R. B. Howell, the favorite candidate of the bosses of the Fontanelle club, and himself for member of the Water board, appeared in the office of the treasurer of the republican city committee this morning to file his name as required by the rules. He had overlooked the matter of getting a petition signed by fifty voters asking that his name go on the primary ballot, however, so he had to leave without filing and circulate among the Fontanelles for a while. E. R. Emble, a produce commission man, has filed as a candidate for member of the school board.

H. W. Cowdroy, who had announced his candidacy for nomination on the republican ticket for a seat in the lower house of the legislature and filed his fee, has withdrawn from the race. This was the last day on which those who filed could withdraw.

FEEDING A DOCTOR

His Boy Changed by Change in Food.

A convincing bit of testimony to show what a simple change of food can sometimes do to end apparently incurable disease is told in the following article by a Chicago physician:

"The case is my own. I had been suffering for more than 25 years with nervous dyspepsia, insomnia, occasional kidney trouble and general disturbance of my whole system. My appetite was affected and so I lost weight and strength, but most serious of all was the gradual failure of my memory, proving that my brain and nerves were not getting the proper food any more than the rest of my body.

"Three times I made the journey to Carlsbad and spent a fortune consulting famous physicians and specialists in this country and Europe, but never got any permanent results. All the medicines known to science failed to give me even temporary relief in spite of the fact that I was always exceedingly careful in my diet. I was on the verge of despair and never looked forward to being well again.

"One day about two years ago I was staying at a hotel in Minneapolis accompanied by a famous European physician, Dr. Werner of Berlin, and there we noticed a new food on the menu called Grape Nuts. Having little desire to eat, I ordered some just to see what it looked like and then was persuaded to try it.

"What I experienced was not short of wonderful. "Not only did the new food taste so good, I relished it, but for the first time in many years I felt entirely free from the terrible pressure on the stomach which I had always suffered even after the lightest meal. On my return to Chicago my very first act was to order Grape-Nuts sent to my home, where the whole family relish it, so they use it daily without any urging, and we expect to do so as long as we live.

"As the result only of this change of food to Grape-Nuts, the awful disease which I suffered with for more than 25 years disappeared entirely in about THREE WEEKS. I have regained my health, strength and vigor and about 25 pounds in weight. All of this is due only to the thoroughly nourishing and completely digestible character of this food—Grape-Nuts." Name given by Postum Co., Battle Creek, Mich.

MAYOR BACK TO GREET KING

Frank E. Moore Returns from Hot Springs Improved in Health.

Mayor Moore returned to Omaha yesterday after an absence of two months spent at Hot Springs, S. D., for the benefit of his health, in order to welcome King Ak-Sar-Ben X and to observe the workings of the fair camp-fires. He reported himself as feeling well and twenty pounds heavier than when he went away, although his throat continues to give him some trouble. He will assume the duties of his office Monday, relieving Harry B. Zimman, president of the council, who has been acting mayor longer than any previous head of the council.

The mayor held a sort of informal levee in the city hall corridors just before noon and a long line of people passing in and out passed through his hands and congratulated him upon his improvement.

"Hot Springs is destined to be a great place," said the mayor. "I did nothing there but loaf and stay on the diet prescribed. The waters are excellent. Sergeant Gibbons of the Omaha police force, who was carried there on a stretcher a few weeks ago, is not able to get around. W. A. Smith, general manager of the street railway, is among the Omahans now recuperating there.

"The soldiers' sanitarium now being built at Hot Springs is being constructed almost entirely by Omaha firms and about \$200,000 will come to the contractors and business men of this city thereby."

NEW LAND GRABBED IN IDAHO

Homesteads Taken by Illinoisans Who Are Impressed with the Western Country.

George L. McDonough, colonization agent for the Union Pacific, has returned from a trip to Idaho, where he accompanied a party of capitalists. The capitalists had a Pullman to themselves and invested largely in the Twin City district, where 2000 acres of land are to be opened to public entry next month. In the party were: J. Crocker, George Conover, J. B. Stoutenborough and J. H. Angell of Maroa, Ill.; R. E. Persinger, George Wise and A. M. Thrift of Decatur, Ill.; R. E. Armstrong, W. E. Parrish and John Malone of Chicago, Ill.; B. W. Campbell of Clay Center, Neb.; H. Malone of Emery, Ill.; John Costello of Argenta, Ill.; P. J. Costello of Blue Mound, Ill., and James Culton of Denver.

Each of the easterners took a quarter section of land after looking over the ground. The men were particularly impressed with the beauties of Boise City, where they spent a day. The land in the new territory to be opened soon will cost the investor \$20 per acre and after the first year will cost \$10 per acre. Mr. McDonough says two crops of alfalfa are grown the first year and three crops after that. Fruits and small grain are grown in abundance.

NO CRIMINAL CASE FILED

All Actions in Federal Court Last Quarter Were Civil and Equity.

During the three months ending September 30 cases were filed in the United States circuit court for this district. All of these are equity and civil cases. The most important case heard during the quarter was the trial of the 15 or more strike cases that show cause why the defendants should not be committed for contempt. The most important measure filed during the quarter was the injunction order of July 20, restraining the South Omaha packing house strikers from interfering with or undertaking to intimidate strike breakers.

No criminal case was filed in the district court during the quarter, all of the criminal hearings being held before the United States Commissioner Anderson. The more important ones were those of strikers arrested for assault on strike breakers in violation of the strike injunction order and the counterfeit cases developing at Krug park July 2.

WOMEN IN LIVELY POW WOW

One Accuses Other of Having No Husband and That Starts the Trouble.

With one hand bandaged, a large bump on her head and anguish in her heart, Mrs. J. J. Clark of Thirty-fourth and Boyd streets called at the police station and filed a complaint of assault and battery against her neighbor, Mrs. Peterson, alleged to have caused the mental and physical suffering of Mrs. Clark. "My husband has been a soldier in the Philippines for two years and I have raised our four children the best I could during his absence. Mrs. Peterson has accused me of not having any husband, said I was all that was mean, sent one of her boys to my yard and told me she would forbade me to step on the walk in front of her house. I tell you it is hard for a woman with four children at home and her husband thousands of miles away to hold her own against that woman," said Mrs. Peterson, she showed the bandaged hand, which she said Mrs. Peterson had lacerated with her teeth. Mrs. Clark said the Peterson woman struck her over the head with a base ball bat and has threatened to kill her and her children.
