The pishs are now drawn to cover a structure extending from the Young Men's Christian association building to years of my residence in Omaha. Seventeenth street and from Douglas street You know all this, but notwith to the alley seven stories in height. The Young Men's Christian association building will remain, but the west wall will be rebuilding so as to form one continuous structure of a depth of 264 feet on Douglas

On Independent Lines. "The seven-story building will be erected independent lines as a modern up-todate retail store building, containing such modern conveniences as have been adopted by the larger stores in the east.

teenth street and on Seventeenth street.

By reason of the existing grades the entrance, on Seventeenth street will lead directly from the street to the second floor. The Douglas street entrance will be located centrally between Sixteenth and Seventeenth street and midheight between the first and second floors, and the grand staircase will lend to the first and to the second "The bank, which is to form a conspicu-

ous feature of the new store building, will be located between the Seventeenth street entrance and the Douglas street entrance, and by its location on the second floor will be easily accessible from all portions of the store and three streets "The Douglas street entrance

built with a view of its joint use as a carriage entrance, bank entrance and store entrance. The grand staircase in connection with it will incidentally lead to the

Elevators Head of Subway. "It is proposed that the six passenger elevators be located at the head of the subway, in close proximity to the grand staircage and in hine with the Sixteenth and Seventeenth street entrances. By this arrangement, which probably will be ac-

have been practically determined upon, and the arrangement here described embodies in spirit what is desired by the owners. "It is at present proposed to erect the

new building with a skeleton construction of steel. The filling between the steel beams has not yet been decided upon. The exterior of the building will be of stone. The cost of the building will be \$500,000." While neither the owners nor the archi-

tect is willing to talk for the present about the future of the old Young Men's Christian association building, it is understood the plans contemplate the removal of that building eventually and the erection of an eight or ten-story , building in its place, finishing the Sixteenth street frontage and harmonizing the architecture of the entire half block which has been acquired by the Brandels institution, although this will not be done for several years. When the building is finally completed the property will represent an investment close to \$1,200,000.

& Beautiful Ningara Picture. There is nothing better to hang on one's study wall than a fine picture of some grand scepe of nature. Niagara falls is probably the grandest sight on earth, and one of the finest pictures of the cataract is the water color of Charles Graham. This has been reproduced by lithography in twelve colors, 15x24 inches, on heavy plate paper and will be sent to any postoffice the world on receipt of 50 cents, in stamps or sityer. Address O. W. FROM OUR LETTER BOX

OMAHA, Oct. 4, 1904.-To the Editor The Bee: Some time since you charged me with being a "stool pigeon" of the Omaha Water company, a corporation that came into possession of the Omaha water plant through foreclosure proceedings

Mr. Howell Explains.

You further charged that my father, since deceased, was an attorney in New York connected with W. A. Underwood, a former president of the water company, and that at his (my father's) instigation I introduced in the last legislature, in the interests of the Omaha Water company, the measure now known as the Howell-Gilbert

To refute and shortly dispose of your infamous libels I stated that I had never been connected with that company, in any way. Because of this statement you now phia and Chicago to inspect the largest re- charge that I am guilty of falsehood, and in support of such charge you reproduced in last evening's Bee a voucher signed ence, and particularly to examine the up- by myself March 4, 1888, nearly seventeen

The voucher shows upon its face that it to make the new Brandels store building is a voucher of the American Water compare favorably with those erected for Works company, a corporation organized the big department stores of the east. in 1885 under the laws of the state of Illi-Speaking of the proposed building Architect nois, and not a voucher of the Omaha Latenser yesterday went into details of the Water company, a corporation organized In 1896 under the laws of the state of 'The new location of Brandels' big store," Maine. It could not have been otherwise, said Mr. Latenser, "will cover, besides the as this voucher was signed eight years bepresent location, the entire half block fore the Omaha Water company came into

> It is a matter of common knowledge, at least among my friends, that I originally came to Omaha as an engineer for the American Water Works company and was employed by that company during the first

You know all this, but notwithstanding you deliberately and with malice aforethought charge me with falsehood and publish this voucher as evidence of my moved and the floors adjusted with the new guilt, believing that you could thus de- President Loree of the Rock Island ceive the people of Omaha-that they system. WHAT SANBORN IS FIGHTING FOR Member of First Auditorium Board Says Sanborn is Contending for the Right Principle.

In talking of the dissension in the Audi torium board, C. C. Rosewater said yes erday: "As a member of the Auditorium board I wish to state that the reference to Mr. Sanborn as a deposed president of the Auditorium company is ot treating Mr. Sanborn fairly, nor is it strictly in accordance with the facts.

"In the first place, I am sure there would e no Auditorium in Omaha today had it not been for the hard work of E. E. Sanborn. He gave up his time from his own business month after month, and I know there were weeks when he didn't spend an average of two hours a day at his office. Mr. Sanborn did not stand for re-election his business interests. He could have had the presidency again if he wanted it.

"This fight of Sanborn's is bound to win out because he is right. The Auditorium was built with the idea of making it a place where all the people of Omaha could go and be entertained and instructed at prices everybody could afford. That is the only way the Auditorium will be a success and the principle for which Mr. Sanborn is contending ought to have the backing of the town in the fight that is being made."

ALL WHISTLES WILL BLOW Sirens in Omaha Will Announce Launching of Battleship Ne-

branka Today. A pandemonium of whistle-blowing will break loose in Omaha today at pre- the popular favorites. cisely 4:13 p. m., and people who hear it must not forsake their homes and rush for the timbers, for it will be a harmless omen. It is in this gentle and quiet manner that Omaha will announce to the outside world that a great battleship, named Nebruska, is being shoved off the earth into the briny deep at Seattle. This program will be carried out in accordance with the expressed wish of Governor Mickey, who will be at the launching.

LOCAL BREVITIES.

Following the Fairbanks-Delliver meeting Monday night the next strraction at the Augitorium is Frof. Gleason, the horse breaker and trainer, who has engaged the big building for five nights.

Martha Kemmin, formerly of Gay Parce, now of 311 Dodge street, was fined 25 and costs in police court, where she was arraigned on the charge of being drunk and disorderly. A man is said to have been in the case and an ice pick was introduced in court as the piece de resistance used by Miss Kemmin in her threatenings. The woman denied being strunk and declared she had no ulterior motives in wielding the instrument.

LOREE GETS ALL THE CASH

Deposed President of Rock Island Nearly Million Ahead.

HOLDS ROAD TO ORIGINAL CONTRACT

Though Forced to Resign, He is Paid Full Eight Hundred and Seventy-Five Thousand Dollars.

Great interest is created in railroad circles by the announcement sent out from Chiengo that L. F. Loree, the president and director of the Rock Island railroad system, has resigned. The fact that he is to be succeeded by Robert Mather, the first vice esident and general counsel of the road, is taken as a matter of course and occasions no surprise. The surprise rests in what is regarded as the retirement of Loree, Mr. Loree was one of the party of Rock Island officials who passed through Omaha about two weeks ago on the way to Denver. At that time the Rock Island sky ppeared to be clear.

Mr. Loree received \$875,000 for the nine months he was at the head of the system. When the controlling interest in the Rock Island started after Mr. Loree he was at the head of the Baltimore & Ohio road, a man of great and varied experience. With the recently acquired 'Frisco system and the Chicago & Eastern Illinois attached to the Rock Island, it was deemed necessary to secure the best possible head. As a result this offer was made to Mr. Loree at \$75,000 a year for five years whether or not he served one day or five years; in case of his death the salary on the same basis to go to his widow.

Fight with Winchell, Then came a battle between Ben L. Winchell, the president of the Rock Island road. separate corporation, erties into one great homogeneous system more & Ohio he was given a bonus of \$500,000, making his total salary for the nine months \$675,000. His resignation carried with it that of the president of the Rock Island system, chairman of the ex-

onnel. This year the even numbered dis- PLAN TO SETTLE DISPUTE tricts no opponents have been placed in Proposition of Auditorium Directory is to Leave Decision on Proxies to Committee.

The contest in the Auditorium directory for control took another turn yesterday, when it was practically agreed by the contending factions to leave the decision regarding the way questionable proxies count to the tellers of the election, T. F. Byrne, A. C. Smith and George W. Hoobier. Mr. Hoobier, who represents the stockholders who desire the election of ten members of the board, to overthrow Nash's majority, requested that two other men be added to the tellers' committee, but this President Nash declined to do, holding that such a course would seem to impugn the integrity of the original members. It is given out that the tellers will meet Saturday, if possible, and recanvass the vote. Men on both sides of the fight have agreed to abide by the deci-Both, however, claim to have contrary legal advice regarding the Union

Stock Yards company's votes, President Nash has announced that ever counting the stock yards vote against the re-election of the old board, only five new members would be elected. This would not be enough to change the majority which supports the policy of President

DAN CUSTER'S NEW WEAPON Defender of the Unterrifted is Re cipient of Cane from a Friend.

Daniel Booke Custer, unremitting foe of ditical "porch climbers, river rats and midnight assassins," has just been presented with a testimonial of esteem by his friend, W. H. Beverly of Geddes, S. D. The gift is in the form of a curiously made cane, constructed of steel covered by leather buggy washers, the whole being varnished and decorated. General Custer contemplates using the stick as an effective weapon in defense of the Douglas County Democracy should the animosity of the Jacksonian element ever necessitate a reversion to primordial methods.

AK-SAR-BEN VISITORS.

We say to you emphatically there is no place where you can buy new fall suits and overcoats for men to equal these at \$10. In fact, you cannot buy their equal for less than \$15.00. We purchased 1,000 suits and overcoats from a leading New York manufacturer at a price that he disliked very much to accept. But he considered that a quantity of 1,000 suits and overcoats could not be disposed of very often at one sale, as there is only a limited number of merchants through the land that could entertain such a purchase at this stage of the season. When you come to examine these suits and overcoats you'll say they are the smartest styles you've seen this fall-there's an indefinable exclusiveness that will appeal to good dressers who have been taught to appreciate clothes that are right-all made of the newest patterns used by the custom tailors.

JUDGMENT AGAINST CITY

Decree Entered for Ninety-Four Thousand Dollars Due on Warrants.
