CHECK INCREASE IN FLOATING DEBT

Over Six Hundred Thousand Dollars of Expenditures Represented by Permanent Improvements in

Four Years.

(From a Staff Correspondent.)

LINCOLN, Oct. 19-(Special.)-An investigation of the public records in the office of the state auditor should demonstrate to a fair-minded person that this year is a good year to "let well enough alone" and not change the complexion of the state administration or the state legislature. According to the figures compiled by Deputy Auditor Anthes it is shown that the state has been running in debt for years at the rate of \$100,000 a year. The same records show that at this time about \$200,000 a year more is being collected than has been collected in former years. This will not only prevent a further increase of the state debt, but will also enable the

administration to decrease the state debt at the vate of \$100,000 a year. The floating debt of the state January 1,

1901, was \$1,748,892.70, and to this must be added as a legacy from the fusionists in the shape of deficiencies and other claims amounting to \$182,735.97, making the total debt at that time \$1,931,638.67.

June 1, 1904, the floating debt of the state was \$1,982,457.45, showing a net increase of \$50,828.78 for the first three years and five months of republican administration. This reduction in the increase of the state debt was made in the face of an appropriation

of \$617,063 for permanent improvements

the last two sessions of the legislature was for permanent improvements. As taken from the books of the auditor the items follow:

Welcome to Foot Ball Team. Members of the vanquished university foot ball team were given the reception of conquerors upon their arrival this afternoon from Colorado. At least 500 students and many teachers were at the station and acted as escort to the university campus, where a number of talks were made and the team was given to understand that its members were just as welcome home in

defeat as in victory

Many Nominations Not Filed. Next Thursday is the last day nominees have to file their certificates of nomination by convention. Up to this time there are many nominees who have failed to get the necessary papers to the office of the secretary of state, and unless they do so before Thursday evening they will be barred forever in this election from going onto the

official ballot Commercial Club Election.

The Commercial club will elect directors at a meeting to be held tomorrow. Nearly all of the old members of the board have declined to serve again, believing that some new blood ought to get into the management of the club. Two tickets will be voted on and it is believed a larger number of wholesalers will be placed on the board than heretofore

Congregational Association Closes The general session of the Congregational churches closed tonight after a sermon by Rev. James B. Gregg of Colorado Springs.

The attendance today was larger than any of the previous days of the meeting, there being probably 250 delegates from various parts of the state. The time was mostly taken up in listening to reports from the, various committees.

Killed by a Train. BASSETT, Neb., Oct. 10.-(Special Tele-

gram.)-An eastbound freight train on the Northwestern line ran over an old man by the name of Taylor Ewing in the yards here this morning a little after 8 o'clock, cut one of his legs off below the knee and crushed the other above the knee. Mr. Ewing was walking up town from his home in the northeastern part of the village and had passed the train which struck him. On arrival of the physicians it was found necessary to amputate both legs above the knees. Mr. Ewing died during the operation. Mr. Ewing is somewhat deaf and undoubtedly did not hear the ap-

proaching train. He stated soon after the accident happened that he thought he was walking far enough from the train. Mr. Ewing was 56 years of age. He had served in the civil war and was a highly respected citizen. He had lived in this county about seventeen years and moved to Bassett from his farm about three years ago. He leaves a widow and three sons, two of whom are married and reside in the county. The other son lived with his parents. The

funeral will be held tomorrow Organize Against Horsethieves.

PLATTSMOUTH, Neb., Oct. 19-(Spe cial.)-In Louisville yesterday more than 100 farmers assembled and formed a cor poration with a capital of \$1,000 and elected the following named persons: President, W. H. Hell; vice president, C. G. Mayfield; ccretary, G. P. Meisinger; treasurer, J. D.

Ferguson, and with the above four persons named as directors was added the name of Fred Shafer. Some of the more enthusiastic were in favor of forming a vigilance committee, but the others outnumbered them. The corporation is formed for the purpose of stopping the stealing of horses and the burning of barns in Cass county. A committee will be formed in each township and the first person who steals a horse is flable to be strung up by the neck to the first telephone pole reached after his capture.

Good of Peru, Nemaha county, for senator to succeed himself, and William Ernst of Graf, Johnson county, for float representative These men both have wide state reputation, are from the best men of their counties and their nomination is equivalent to election. The pops nominated Simon P. Robertson of Brock, Nemaha county, for senator and David C. Snyder of Tecumseh for representative. The work of the democratic convention was perfunctory, they merely indorsing the nominees of the populist convention.

Fusionists Seek Candidates.

Members of the fusion aggregation are trying hard to get someone to stand as a Pawnee City, recording secretary, and Mts. candidate for the senate and as a candidate for the house of representatives. Tomorrow they have set apart to accomplish the deed, but none of them yet know whether the event will be pulled off. Some of them are hoping that William McLaugh lin, former county treasurer, will consent to stand for the senate and that J. E. Miller of the firm of Miller & Paine will stand for the house. They are basing their hope of success on the grounds that neither has as yet declined emphatically to run.

Evidently H. C. Palmer of Clay Center is going to allow his chickens to do a little running around and he wants to be able to get them home again. Schoenleber of Ceresco, a strong anti, was nominated by acclamation for state senator. Editors Eric Johnson of Wahoo and J. B. LaChapelle of Ashland, anti-fusionists, were chairman and secretary. Only six delegates were present from Saunders county and none from Sarpy.

Harold R. Second of Gretna, democratic committeeman for Sarpy, was here for the convention, sizing up the situation regarding fusion by democratic endorsement of Schoenleber, but the populists were so strongly opposed to the democrats that fu-sion is believed to be out of the question.
