CEMENT SIDEWALK ORDERED

Pave Up to Freight House.

AWARDS FOR SOFT COAL RESCINDED edifice on Mynster street.

Assessments for Paving on Third Street Are Reduced on Several Pieces of Property-New Paving Specifications.

The city council last night turned down the request of the Burilington railroad that the librarian to purchase a copy of Jacob it be permitted to cut out the cement sidewalk in front of its freight house on South Main street and instead pave clear up to its platform. Contractor Wickham was instructed to go ahead without further delay with the laying of the new walk in conformity with the rest of the street.

Lucius Wells, Charles McDonald and E. H. Merriam were present as a committee from the Warehouse Construction company, owners of the big implement warehouse building just south of the Burlington freight depot, to protest against the Burlington's request being granted. They were spared, however, the trouble of making their protest, as Alderman Maloney, as soon as the petition of the railroad was read, moved that it be received and placed on file. The motion carried and then another motion instructing Contractor Wickham to at once go ahead with the sidewalk prevailed. This done, the committee thanked the council and retired.

The action in awarding the coal contracts at the last meeting of the council was rescinded. It developed from a statement made by City Clerk Zurmuehlen that some of the dealers had complained that the advertisement calling for bids had not been sufficiently explicit. It was decided to readvertise for bids and that bidders be invited to submit prices for carload lots delivered and f. o. b. on track, both for the municipal buildings and for the Indian creek dredge. At the former meeting the contract for Centerville lump coal for the fire houses was awarded to E. J. Gilbert and that for mine run coal for the city heating plant to the Council Bluffs Coal and Ice company.

In accordance with the recommendation of the committee of the whole, it was decided that in future all resolutions for street paving should include the paving of and of this \$2,205.77 has been collected, leavall driveways to the outside of the sidewalk lines.

The Burlington was granted a right-ofcompany.

Third street paving assessments were re duced as follows: Toole estate property, from \$1,200 to \$800; Henniger property, from \$2,500 to \$2,000, and Iowa State Land and Improvement company property, from \$1,200 nacle meeting last night. He then contrasted the records of the two organizations on economic questions to the advantage of the former and urged the popular support of the ticket beaded by President Roosevelt. Congressman Smith of Iowa also spoke at this and other stopping points of the day. The later day stops were Kearney, Grand Island, Central City, Columbus and Fremont.

Speaks From Stand at Kearney. KEARNEY, Neb., Oct. 10.-Kearney was the first stopping place of the day at which Senator Fairbanks was taken from the train. Here a speaker's stand was erected in the middle of the main street and it was surrounded by a large crowd. In his speech the senator referred to a visit made to this state in the campaign of 1896, when he said the industrial conditions were very different from what they now are. As an Iliustration of the progress made he said the bank deposits of the state had increased from \$30,000,000 in 1896 to \$80,000,000 in 1903. He also said that the mortgages of a few years ago had been largely cancelled. Indeed, he continued, the state is now enjoying unparalleled prosperity and he claimed that this condition is due to the fact that the administration of the country's business has been in republican hands. Senator Fairbanks presented the claims of President Roosevelt in strong language, saying that no other man understood the needs of the west better than he. The president's name was loudly applauded.

Judge Smith made a plea for the support of the entire republican ticket and represented that party as better equipped than any other party to promote the material welfare of all the people in all sections of the country. He spoke especially of the tariff duty on cattle, saying that it constitutes the best possible protection against the Beef trust.

Good Words for The Ree. CENTRAL CITY, Neb., Oct. 10 .- At this place Senator Fairbanks discussed the curency question, referring to the contrast of 1896 over the gold standard and complimenting Edward Rosewater, proprietor of The Omaha Bee, for his staunch advocacy of sound money. Mr. Fairbanks contended that the victory of the gold standard and of the republican party had had a generally beneficial effect. Up went the price of cattle, he said, up went the price of wheat, of hogs, of everything, and up went also some democratic statesmen

forth, of St. Joseph, Mich., tells how she was cured of falling of the womb and its accompanying pains and misery by Lydia E. Pinkham's Vegetable Compound.

"Dear Mrs. Pinkham:—Life looks dark indeed when a woman feels that her strength is fading away and she has no hopes of ever being restored. Such was my feeling a few months ago when I was advised that my poor health was caused by prolapsus or falling of the womb. The words sounded like a knell to me, I felt that my sun had set; but Lydia E. Pinkham's Vegetable Compound came to me as an elixir of life; it restored the lost forces and built me up until my good health returned to me. For four months I took the medicine daily and each dose added health and strength. I am so thank al for the help I obtained through its use."—Mrs. Florence Danforth, 1007 Miles Ave., St. Joseph, Mich.

A medicine that has restored so many women to health and can produce proof of the fact must be regarded with respect. This is the record of Lydia E. Pinkham's Vegetable Compound, which cannot be equalled by any other medicine the world has ever produced. Here is another case: -

"Dear Mrs. Pinkham: — For years I was troubled with falling of the womb, irregular and painful menstruation, leucorrhoza, bearing-down pains, backache, headache, dizzy and fainting spells, and stomach trouble.

"I doctored for about five years but did not seem to improve. I began the use of your medicine, and have taken seven bottles of Lydia E. Pinkham's Vegetable Compound, three of Blood Purifier, and also used the Sanative Wash and Liver Pills, and am now enjoying good health, and have gained in flesh. I thank you very much for what you have done for me, and heartily recommend your medicine to all suffering women."—Miss Emma Snyder, 218 East

Center St., Marion, Ohio. "FREE MEDICAL ADVICE TO WOMEN." Women would save time and much sickness if they would write to Mrs. Pinkham for advice as soon as any distressing symptoms appear. It is free, and has put thousands of women on the

right road to recovery. Mrs. Pinkham never violates the confidence thus entrusted to her, and although she publishes thousands of testime women who have been benefited by her advice and medicine, never in all her experience has she published such a letter without the full consent, and often by special request of the writer.

NEWBRU'S HERPICIDE,

The original remedy "that kills the candraft germ."

DON'T BLAME YOUR MIRROR

Many ladies compel their mirrors to bear silent witness to needless hair destruction. Day after day they see beauty and attractiveness despoined by the removal of great combfulls of slightly diseased hair that could be saved. If your mirror could talk it would plead with you to "save your hair—not the combings. It can be done with Newbro's Herpicide which kills the microbe that causes duil, brittle and lusterless hair, also dandruff and failing hair. Destroy the germ and the hair's natural luster and abundance will return. Maryelous results. An exquisite hair dessing.

Everything has to have a beginning, and one of the most prolific sources of the diseases and weaknesses so prevalent among men is the result of abuses in early life or neglected or improperly treated pel a diseases, such as Gonorrhoae, etc. While Gonorrhoea is considered one of the simplest contagious diseases, yet through neglest it develops into Stricture and Gleet, insidiously progressing and tenaciously fastening itself upon the system until it has invaded the kidney, bladder and prostatic region, rendering it so complicated as to be incurable in some cases. Perhaps the first symptom was a little discharge, which if properly treated, could have been cured in a few days. Rheumatism is another result of improper treatment of this condition producing not only exeructating pain, but if frequently warps and twists one, or more of the foints in the body, producing horrible deformities, frequently depriving the individual of the ability to carn a living for himself, leaving him a helpless and tortured cripple for life. Another deplorable result of this disease when improperly treated is swellen glands, that are not only painful, but will finally destroy a man sexually, and in many cases physically. When this disease, through neglect or improper treatment by its extension has caused a cysticic invasion of the bladder, thence by its extension has caused a cysticic invasion of the bladder, thence by its extension we gleet or improper treatment, consider this a trifling aliment and rely upon pritent medicines, druggists and unskilled doctors in an effort to secure relief for the cost of a hottle of medicine, and by this procedure allow the disease to make such serious inroads upon the sexual and nervous systems that it incapacitates them for the physical, mental and sexual duties of life, and the patient pays dearly for his economy, or the selection of incompetent attendance.
