

WESTBERG'S CHARGES DEAD

Admits Through Attorney He is Done with His Contest.

FINDS CHARGES OF FRAUD WITHOUT BASIS

No Satisfaction of Protestant County Committee Proves He is Wrong—Howell's Cry to Be Heard.

The republican county executive committee, meeting as a convention to canvass the returns of the county primaries Friday, actually disposed of the protest raised by John N. Westberg as to the correctness of the figures returned by the judges and clerks and directed the chairman and secretary to certify the nominations as already announced yesterday afternoon after an all-day hearing on the Westberg complaint.

It was found that no attempts at fraud had been made or were alleged so far as shown, and for several reasons, not the least of which was the fact that it would be physically impossible to recount the ballots before the time for filing expires Monday, the committee declared the returns of the canvassing board final.

Attorney W. F. Gurley, who with B. G. Burbank represented Westberg, said after the meeting had adjourned he contemplated no further effort to have Mike Lee's place on the legislative ticket filled by his client.

The committee overruled the objection against the East Omaha election in the afternoon. The second objection raised was to the returns from the Third ward, where a recount of the votes was asked. Gurley declared the returns were not legal because not properly certified to, holding that this was true, also, of the list of voters made by the judges and clerks. He said the returns should either be thrown out or the ballots recounted. Mr. Lee pointed out that all objections to the Third ward returns were purely technical and that they were correct in substance. Chairman Cowell remarked that if the ballot box for one ward was opened it would likely precipitate fresh contests in other wards involving Candidates Shepard and Katz besides Westberg and Lee, and he did not see how the whole vote could be checked in time to get the ticket in the field.

If One, Then All.

Committeeman Dodge said in his opinion if one ballot box was opened all would have to be. He remarked further that he would not consider the direct primary plan a success unless the law was changed so as to demand a recount of the votes by way of auditing by the county committee in all cases where the direct scheme of nominating is used. In motion to quash the Third ward objection was adopted unanimously.

The next matter and the last taken up was the protest against the returns from the Fifth ward, where Westberg alleged that at least twenty votes had been lost to him because voters made their cross below his name, which appeared last in a group of legislative candidates. His lawyers contended that these crosses should have been counted for him and that the ballots should be checked over to determine the exact status.

The committee agreed that it would be folly to attempt the delicate task of interpreting the intent of the voter and for this reason and the lack of evidence of fraud, the objection was overruled.

The city committee will meet at 10 o'clock this morning in Treasurer Morgan's office in the New York life building to take up R. B. Howell's demand that he was not treated fairly in the election.

INTERIOR GRAIN RATES CUT

Schedules to Omaha Reduced by the M. & O. Railroad Which Issues New Sheets.

The Chicago, St. Paul, Minneapolis & Omaha railroad has issued a new rate sheet on grain from Nebraska points to Omaha. The new tariff makes reductions of 1 to 2 cents per 100 pounds on wheat and flour and about the same amount on corn, oats, rye, barley and meal.

The points affected by the new reduction, the old rate and the new tariff are as follows:

From	Wheat	Flour	Corn	Oats	Rye
Chicago	1.00	1.00	1.00	1.00	1.00
St. Paul	1.00	1.00	1.00	1.00	1.00
Minneapolis	1.00	1.00	1.00	1.00	1.00
Omaha	1.00	1.00	1.00	1.00	1.00
Nebraska points	1.00	1.00	1.00	1.00	1.00
...

Each Theater for itself. An agreement was reached Tuesday by the Omaha Theatrical Managers' association that hereafter each play house shall advertise as it sees fit and canceling restrictions as to lithographing, banners and their forms of display apart from the bill boards. Local managers say there is no truth in statements of a theater war here. The resumption of advertising is a goodly number of complimentary tickets, but the loss will be borne by the companies that do it, and not by the theaters.

No man, woman or child should be without this famous underwear. No man or woman is who has experienced the keen sense of comfort and vigor which its use promotes.

Recommended by leading Physicians everywhere.

CAPTAIN SWOBE IN OMAHA

Returns to Take Up Office of Assistant Chief Quartermaster in Old Home.

Captain Thomas Swobe, quartermaster, U. S. A., formerly stationed at Sheridan, Wyo., arrived in the city Tuesday evening to assume his duties as assistant to the chief quartermaster, Department of the Missouri.

Captain Swobe is well known in Omaha, where he resided many years. He was one of the builders of the Millard hotel, which he operated for some years. He left here in 1898 when he joined the army and went into the Spanish-American war.

"I like army life," said the captain, who looks like he was pleased with everything. "The exhilaration of its outdoor exercise is one of its best features. I enjoy getting back among my old friends and neighbors."

RUMOR COAL RATES GO BACK

Report Has It Northwestern Restores Tariffs from Saxton, Ia., to Omaha.

It was announced this morning that the Northwestern had restored the coal tariff on its line from Saxton, Ia., to \$1.04. The story excited considerable interest in traffic circles. When the Burlington issued its last rate sheet some weeks ago it showed a table of distance tariffs based upon \$1.01 from its Iowa mines. These figures made a reduction from the rate which went into

TARTAR IS A TARTAR

Soft, spongy, sensitive gums result from tartar accumulation. It should be removed at once by your dentist and thereafter prevented by the use of

SOZODONT TOOTH POWDER

and its complement, SOZODONT Liquid. The Powder is slightly abrasive, is absolutely free from grit and acid, and is just the thing for those who have an inclination for the molesties of every-day life.

3 FORMS: LIQUID, POWDER, PASTE.

Listen! Ladies;

NEEDLESS DRAG.

Just think what an amount of strength you waste every day when you wear heavier shoes than you need! You lift a few ounces of useless weight at every step, and this amounts to more than a ton of useless lifting between sunrise and sunset.

I say "useless" lifting because this additional weight of leather need not be in the shoes to make them either strong or enduring.

There are at least three ounces of unnecessary weight in an ordinary pair of women's shoes, and this means just so much needless drag on the feet. The only shoe that saves this weight for you is the "Dorothy Dodd."

The scales tell the story when you buy; your feet tell the story when you wear the shoes.

Oxfords, \$3.00 and \$2.50. Shoes, \$3.50 and \$3.00.

For Girls—A Sterling Silver Thimble
