S. A. McWhorter: Nothing to indicate
Armous operations either way so far. The
volume of business is not large, but offerings are light and market responds readily.
Primary requipts and shipments: Wheat
1,109,000 bu., sgainst 1,003,000 bu.; corn, 248.000 bu., against 468,000 bu. Shipments:

Duluth and St. Louis.

Exchange Grain Co.: Country acceptances of last night's bids on corn were small, only 40,000 bu. Of this 25,000 bu. was Nebraska at ic over previous prices. Kansas City wires 50,000 bu. wheat was sold this morning to go to a northwestern mill and there is a bid for 50,000 bu. more here. It seems to take only a little show of strength to start the millers buying.

Price Current says: Weather has continued favorable for crop situation. Corn maturing well. Crop of 2,405,000,000 bu. or more assured. Much more than last year of marketable grain. Total of cereal only once previously equaled and is 7 per cent greater than the average of past five years. Exportable wheat of United States and Canada. 1900,000,000 bu. or more. Packing for week. 165,000 hogs, against 280,000 last year.

Edwards, Wood & Co.: Line from Minneing for week. \$65,000 hogs, against 280,000 last year.

Edwards, Wood & Co.: Line from Minneapolis says: Sentiment is very bullish this
morning, because it is believed the market
had the best of support, and the news
which is now of a kind that will centinue
to favor holders, was the strongest in over
two weeks. The premium for cash wheat
over the December was advanced another
cent in Minneapolis and 5c to 5c at southwestern points. Advices from the spring
wheat territory state that deliveries are
falling off and the quality of the grain arriving at accumulative centers does not improve, instead, the opinion prevails in the
trade, that it will grow steadily worse, because fields where rust developed most and
the damage was greatest, are now being
threshed.
