FINANCES ARE IN BAD SHAPE

One-Half of Fiscal Year Gone and Number of Funds Almost Expended.

SEWER FUND IS LARGELY OVERDRAWN

Fire and Police Departments Have Kept Well Within the Appropriations for Those Purposes-Statement by Auditor.

How to tide over the remaining half of the fiscal year is a problem which the city administration is finding extremely difficult to solve. With but six months of the fiscal year gone the appropriations for the maintenance of certain of the municipal departments are practically exhausted and the law strictly prohibits any expenditures in

excess of such appropriations. The police and fire departments have up to date kept within their respective appropriations and with proper management the balances in these funds will be sufficient for the remainder of the fiscal year. The same is true of the engineer's department, but in several other departments there is a very different story by City Auditor Smith's report for the six months closing

The sum of \$8,000 was appropriated for streets and alleys and of this sum the committee in charge of this department, of which Alderman Tinley is chairman, has already in the first six months of the year expended \$7.763.31, leaving but the paltry balance of \$236.69 with which to clean and otherwise care for the streets and alleys of the city for the remaining half year. This balance is not even sufficient to meet the salary of Street Commissioner Avery.

For the contingent fund \$6,900 was appro priated, but the fund is now practically exhausted. To date \$6,615.02 has been expended out of this fund, leaving but \$284.98 with which to meet any contingencies that may arise during the next six months. Out of the contingent fund appropriation the city has paid for the new municipal heating plant and building. The question has been raised whether this could be legally deemed a "contingency" and the cost of the building and heating plant paid out of the contingent fund.

Sewer Fund Overdrawn. The cost of the dredge for Indian creek and the expense of operating it has been paid out of the sewer fund, for which a tax of 1 mill was levied. This levy realizes about \$3,733, added to which there was a balance of about \$2,836 left ofer by the republican administration when it retired from office on April 1 last, thus making a total of \$6,568 for the sewer fund. Up to date, however, warrants aggregating \$7,220 for the dredge alone have been drawn on the sewer fund, not to mention the ordinary running expenses of the sewer department, which have in the first six months been about \$1,700. These extraordinary expenditures resulting from the excavating of Indian creek will cause a big overdraft in the sewer fund, which will have to be met out of next year's levy.

The improvement fund has also been heavily drawn n, the city having within cial Telegram.)—Jake Leabouits, aged 25 the first half the fiscal year paid out a Jew from Milwaukee, while walking or the first half . over \$5,000 for its share of the cost of street | the Northwestern tracks west of Missouri paying and other improvements which it

Long Termer is Insane. John Gregory, the horse thief and desperado who was sent to the Fort Madison penitentiary for twenty years in May, 1900, from Council Bluffs, has become insane. Word to this effect was received yesterday by Freeman Reed, clerk of the district court, from the State Board of Control. Last week Gregory was examined by the prison physician who pronounced him insane, and the State Board of Control has ordered his removal to the insane department at the Anamosa penitentiary, where he will be confined until he completes his sentence or is cured, in which latter event he will be taken back to Fort Madison. Gregory, who had served several terms in the penitentiary, was convicted here under the habitual criminal act. His arrest here followed the theft of a team of mules in Nebraska, which he drove into this state. He was tracked to a grading camp at Loveland, where he shot and seriously wounded Constable Hardin Moss. After shooting the officer he forced young Joe Morgan, a son of the then sheriff, John Morgan, to get into a buggy with him and drive him in his effort to escape. He finally let young Morgan go and then, in Garner township, forced a farmer to hitch another team to his buggy to take the place of the other horses, which were exhausted. He was intercepted on the road near the Iowa School for the Deaf by Officers Albro and James of the city police force, and after a running fight, during which a number of shots were exchanged. Gregory was shot in the knee by Albro and

Hodge and Andrew Sorensen with nitroglycerine and burglar tools in their possession. It is believed the two men were about to leave town to do a job of safe blowing. They are charged with the Van Meter postoffice robbery. It is believed the two men are at the head of a going of bank robbers which has its headquarters it Des Moines. Sorensen has a wife and four children.

When arrested the men had stuff which has since been analyzed and pronounced nitro-glycerine. They, also had bull's eyes and skeleton keys and other burglar materials. The Van Meter postoffice robbery with which they are charged, was committed September 29, and about \$400 ge cured. Frank Gicason, who is also charged with the crime. Is in the county fail.

Supreme Court.

The engineer on a rallroad engine doesn't have to pull the whistle lever and the bell cord at every private or farm crossing, according to the supreme court. In a case from Iowa county, wherein James Nichols sought recovery because a Milwaukee engine killed his horse, the claim of negligence was made because no warning was given by the train as it neared the crossing. It was shown that the crossing was not a public crossing, and the supreme court holds that there was no obligation on the part of the company to give the warning there.

The court today flied the following decisions in appealed causes:
James Nichols, appellant, against Chicago, Milwaukee & St. Paul Railway; Iowa county; Judge Byington; affirmed. Opinion Btate against Dan Donovan, appellant;
Muscatine county; Judge Jackson. Affirmed, by Sherwin.

Green Bay Lumber company against Independent District Odebolt; Sac county;
Judge Elwood. Affirmed in part and reversed in part, by Bishop.
Eiste Fowbel against Wabash Railway,
appellant; Monroe county; Judge Eichelberger. Reversed, by Ladd.
E. F. Brown, appellant, against Eugene
Brown; Wayne county; Judge Towner, Affirmed, by Decmer.
Emit Kinfike against Bettendorf Axle
company, appellant; Scott county; Judge
Bollinger, Affirmed, by McClain. y Weaver. State against Dan Donovan, appellant; fuscatine county; Judge Jackson. Af-

A BOON TO SICK WOMEN

After four years of vain endeavor to regain her health by taking other medicines, Miss Beatrice Wood was made a perfectly well woman by taking Wine of Cardui, the most successful menstrual regulator and woman's tonic known to the science of medicine.

She took Wine of Cardui, and that is what we advise you to do.

Will you follow her example and be a well woman? We could show you letters from 10,000 other women who praise Wine of Cardui as she praises it.

WINE OF CARDU

After four years of vain endeavor to regain my health I became acquainted with the merits of Wine of Cardui, through personal experience, and found it so excellent that I feel it due to you to acknowledge the fact. I had been suffering with irregular, scanty and most painful menstruation, and when the periods occurred I was unable to be up and had to stay in bed for a day or two. Nothing I took helped me until I used Wine of Cardui. It proved to be just what I needed. Within two months the serious pain had disappeared, my hendaches were less frequent and not so severe and felt very much encouraged, but had to use your medicine for four months before I was entirely well and regular. I have enjoyed the finest health now for eighteen months. I am very regular and have no more pains and eat and sleep as well as could be desired. I feel your medicine is a boon to sick women, and most heartily do I recommend it to those suffering as I did, feeling sure that they will be cured if they will let other medicines alone and take Wine of Cardui.

Transurer, Arts and Crafts Guile.
