private sources estimate the losses of the Japanese left army during the recent battle at about 5,000. The number of Russian dead is largely

increased by the further discovery of bodies, notwithstanding the nightly removals by lantern light.

The Russian forces have been reinforced by about 50,000 men of the Seventeenth corps, a large portion of the Tenth corps and portions of the Fifth and Sixth Siberian corps, which recently arrived. In all six divisions of the Russian army now confront the Japanese left army.

Heavy rains have impeded the movements of the opposing force, since October 17. Additional casualties of the center army just reported are twelve officers killed and

night, bringing 100 coolles, who left Port Arthur because they feared injury from the Japanese shells. These coolles say that on October 13 there

was fierce fighting for several hours on the slopes of Rihlung mountain between comparatively small forces, during which the Japanese lost 300 killed or wounded. The coolies were unable to give details of the fighting, but apparently it was the result of one of the numerous sortles made by the Russians against the Japanese, who were attempting to advance from their trenches.

Japanese wounded say that the soldiers in the trenches suffer severely from the cold, although the Japanese army is now almost completely supplied with winter outfits. It is said that the Port Arthur garrison

is frantic for news of the operations of General Kouropatkin, from whom the defenders expect relief. The news that the Baltic fleet had sailed for the Pacific was announced to the garrison and greatly en-

Davis, who has just completed a canvass of his own state, will attend the meeting. It is the present intention of Mr. Davis to accompany the Nebraskan to Huntington

and Charleston. Mr. Bryan speaks here at 3 o'clock, at Huntington in the evening and at Charleston Saturday night. Democratic state leaders conferred with Mr Davis today relative to state election machinery. It was decided to organize vigilance committees to watch the polls in certain parts of the state.

MARINES WILL STAY IN PANAMA

Fear that Disgruntled Element May Cause Trouble.

WASHINGTON, Oct. 20.-American ma rines will be retained on the isthmus of Panama for the present, prepared to meet any emergency which may arise as the result of the disgruntled elements in the new republic. This decision was reached today and orders have been issued for a new battalion of marines to go to the isthmus about November 15 to relieve the battalion which has been there for a year. The new battalion will be commanded by Lieutenant Colonel Thomas N. Wood.

That the situation on the isthmus is still not all that could be desired is the news which came to Washington today in a personal letter from an official now in Panama. While the Panama government is entirely neutral, it seems that there are certain disgruntled elements in the isthmus, and in view of the case with which revolutions are started in Central and South America it is the official opinion here that the marines should remain there for the present.

It is hoped that the mission of Secretary Taft will have a far-reaching effect in bringing all elements on the isthmus into harmonious accord with this government's

COLON, Oct. 20 .-- There is a rumor cur ent here that a large body of armed Coombians has been concentrated near Culebra, with the intention of making an attack therein on November 3, the first anniversary of the necession of Panama from Colombia. The cahal sone sutherities are investigating the report, though not much importance is attached to the rumor, the origin of which is attributed to malcon-
