Every day last week was enrollment day.

Students are coming in from every quarter. Individual instruction given to all on entering till properly classified. Every student is advanced as rapidly as his ability will permit. No one is held back on account of another. In this institution you have every incentive for thorough, progressive work.

GREGG SHORTHAND The record being made by some of the tudents in Gregg Shorthand is almost inredible. Last week Miss Barnum took an our's dictation of editorial and news mater for the press and transcribed the s may ractically without errors. The manager of the paper expressed. pleased with the transcription. Miss Barnum has been in school, just two months and knew nothing of shorthard before netering. We believe such a record can only be made by those using Gregg Shorthand and under proper ins ruction. We spend so much time, energy and money in learning an "old-time system" when this modern, up-to-date method, now being taught in the leading schools of the United States, can be learned in little more than half the time? FOR VERY GOOD REASONS, the N. B. C. is the only school in O-sha that is making a specialty of this system.

Y. M. C. A. and Y. W. C. A. Mem-

bership Free student who takes out a full terr Every student who takes cut a full term scholarship is given a year's membership in one of the above associations without extra charge. No such proposition was ever made before by any institution. The value of this membership to the student can scarcely be computed. To be a member of the Y. M. C. A. or I. W. C. A. means character, culture and refinement.
