FOOT BALL MAN IN IRONS

Alexander Cooper is Kidnaped and Handcuffed by Creighton Players.

DONE TO KEEP HIM OUT OF THE GAME

Night Tackle of Bellevue is Student Also at Creighton Medical and Both Teams Claim Him.

The paramount issue in local foot ball circles yesterday was whether Alexander Cooper would play right tackle for the Bellevue college against the Creighton university team at Vinton street, as previously announced. The storm clouds gathered Friday afternoon when it was definitely known Cooper intended to play yesterday with Bellevue and against Creighton. Cooper occupies the unique position of being a bona fide student of both the Bellevue college and the Creighton medical college. Members of the latter foot ball team do not object to his playing in other than the Creighton team, but they do insist he shall not play in a game against them, and they freely express themselves as being ready to carry out their determination along this line. It is generally known that the present feeling against Cooper was engendered last Saturday afternoon, when he rooted for the University of Nebraska and against Creighton at Vinton park.

Medical college faculty and a number of the Creighton foot ball team held a council "war" at the medical college.

"I don't insist that Cooper play with Bellevue this afternoon, but I do insist the irons be removed from him or the game will be called off," said Dr. Stevenson, with an earnestness that left no question as to the seriousness of his intentions. Cooper at the time was standing in his irons in which he appeared at his classes all morning. In the presence of Dr. Stevenson Cooper was released. As Dr. Stevenson started down the street a strong unrecurrent of feeling against Cooper manifested itself in the corridors of the medical college.

After the "council" a member of the Creighton team said: "We did not want to see the game cancelled this afternoon so we released Cooper, but we have resolved that if he attempts to play this afternoon we will have enough on the Vinton street campus to see that he does not play. We will have the hand cuffs and leg irons out there."

Polk Comes Monday.

Joseph W. Polk, circuit attorney of St. Louis, democratic nominee for governor and prosecutor of hoodlums, will speak for the conservatives at the Auditorium Monday night. He comes to Omaha from Lincoln where he speaks in the afternoon, and from here will return directly to Missouri. Mr. Polk will be met at the Burlington depot about 4 p. m. by a delegation of both democrats, not yet named, and escorted to the Paxton hotel, where a dinner will be served. The reception committee and other partisans being present, he will be escorted to the Auditorium from the hotel. This is to be the big effort of the democrats for this campaign in Omaha. George W. Herge also will speak and Congressman Hitchcock will preside.

ALL ONE WAY IN WYOMING

Everything is Republican Out in His State, Says Senator F. E. Warren.

United States Senator F. E. Warren of Wyoming is in the city, the guest of Senator Millard. Speaking of political affairs in Wyoming, Senator Warren said: "It is virtually all one way out there with us. I am just in from the west and going east. Wyoming is safely and largely for Roosevelt and Fairbanks. In relation to the sheep and cattlemen's troubles in Wyoming, they always are unduly exaggerated. The recent trouble was not particularly between the two interests, but between the government and the sheep men. The sheep were trespassing on the government reservations in violation of law and were repeatedly driven off. They drifted into a rough bluff country and a number of them were killed. The mining industries of Wyoming are thriving. In the Encampment district much copper is being taken out and some gold is being mined in the state. We are looking for some additional railroad building westward from Casper into the Lander country in the near future, but just which, the Northwestern or Bur-

BIDS FOR ASPHALT REPAIRS

Proposals for Work on Several Streets Are Asked by Board of Public Works.

The Board of Public Works yesterday authorized the secretary to advertise for asphalt repairs. The bids for the work are to be opened at 2 o'clock, October 31. The streets to be repaired are: Jackson street between Tenth and Twelfth, all of Harner now paved, Howard and Douglas streets in the business part of the city, and the north and south streets having asphalt pavements from Tenth street west to and including Fifteenth street.
