Prospects of Diplomatic Settlement of Russian Question with England

No. 4 white oats, 27@28c; standard oats, 28%c.

CORN—Yesterday's bids to the country brought out quite liberal offerings on new corn for November and December delivery. The large supply and the weakness in wheat, with the fine weather, caused a decline of a cent a bushel in both the speculative futures in the Chicago market.

OATS—There was a preak of one-half point in oats in sympathy with the general easiness.

Omaha Cash Sales—1 car No. 2 wheat, 54 pounds, \$1.03; 1 car No. 2 wheat, 59 pounds, \$1.07; 1 car No. 4 wheat, 52 pounds, 95c; 1 car No. 3 white corn, 49c.

Oregon Short Line bonds will be retired. Banks lost to subtreasury since Friday \$2,100,000 Rumors of hitch in Ontario and Western Erie bidding for control of C. H. & D. and Pere Marquette.

Steel Billet association advanced price of forging billets \$2 a ton. Soo line will build into Great Northern territory in North Dakota. American stocks in London irregular, mostly little below parity. Consols in London steady and Anglo-Rus-dan situation unchanged. Twenty-nine roads for third week in Octoshow average gross increase

Engagement of gold for export stiffening money market. Gold to amount of \$2,000,-000 leaves on Saturday for Paris. Commercial Gossip.

The annual election of the Omaha Grain exchange will be held Wednesday, November 8. Three directors are to be elected to succeed E, E. Bruce, A. L. Reed and A. C. Smith. S. A. McWhorter: Long corn is coming out from local longs. Floor traders are putting out short lines. Demand is from commission houses on resting orders. Mar-ket at the moment acts heavy. Sunderland & Updike: Minneapolis wires that Watson has been a good buyer of wheat in that market for the past half hour. They were good sellers the past two or three days and now evidently want their wheat back on this break.

the demand has been fully equal to the same as is generally the case on a fact included in totals because of no comparison for last year.

the demand has been fully equal to the same as is generally the case on a Friday, there were only a few western range beef steers offered, but the demand The same as is generally the case on a Friday, there were only a tew western range beef steers offered, but the demand was sufficient to take everything in sight at steady prices as compared with yesterday. Desirable grades are fully steady for the week, and if there is any change at all it is a little weaker feeling on the common to medium grades, of which there has been a liberal supply all the week.

There was a brisk demand for cow stuff this morning, and as receipts were very limited, the market ruled active and strong on all desirable grades. There did not seem to be enough to meet the requirements of the trade, so that competition was keen and everything sold early. As compared with a week ago there is very little change in the market. Good stuff is safely steady, with the commoner kinds steady to a trifle weaker in some spots. The change, though, is hardly of enough importance to be worthy of mention.

Bulls, veal calves and stags sold in just about the same notches they did vesterday. The demand from the country yesterday for stockers and feeders was again in good shape, so that speculators were anxious for good cattle this morning, even though it was Friday. Such kinds sold fully steady, with the commoner grades rather slow and a little weak. Representative sales:

Access of the Control of the Con Foreign Financial.

LONDON, Oct. 28.—Operators on the Stock exchange today generally were gloomy while awaiting developments. Sagging predominated, but prices closed steadier. Consols opened with a better tone, reacted and recovered. Home rails improved fractionally. Foreigners felt the tension less than other departments. Russians were steady and Japanese were harder. Imperial Japanese & of 1904 were quoted at 94.

PARIS, Oct. 28.—Prices on the bourse today opened heavy, but trading was calm and stocks became stronger on the reports that Great Britain was disposed to moderate its conditions against Russia. At the close prices were firm, internationals showing a general advance, Russian imperial is were 33.75 and Russian bonds of 1804 were 514. The private rate of discount was \$4.692, per cent. Three per cent renies, \$75.80c for the account. Exchange on London, 25f lic for checks.

SHEEP—There was a fairly liberal run of sheep here this morning and as advices from Chicago were rather bearish local packers made use of the opportunity to pound prices a little. The general market on fat sheep and lambs could probably best be described by calling it weak to a dime lower. The quality of the offerings was not very good and that of course helped to weaken the market. Most everything, though, was sold in good season, as packers seemed to be anxious for supplies, but were not willing to pay quite as much as they did yesterday. In spite of the weakeness today the market is still 15625c higher than it was a week ago on anything at all desirable in the way of killers.

There were not very many feeders on sale this morning, so that the demand was about equal to the supply and no great change in prices took place. Feeders are also higher than they were a week ago, the advance amounting to about 10615c.

Wool Market.

BOSTON, Oct. 28.—WOOL—Of the wool market the Commercial Bulletin will tomorrow say: A very buillish feeling pervades the market. The demand from manufacturers is not as active as it was, but there is a good deal of speculation, especially in scoured wools, among dealers and to a limited extent in greasy wools. Contracting in Utah and Idaho for the 1905 clip has been conducted as liberally as the growers permit. Utah growers have refused to contract under 20c, but some have accepted 16c to 18c. An English broker has been in Boston this week trying to place 3.000 bales of next year's clip at today's prices.
