Improvements Made There Since Warden Beemer Has Had Charge.

PLANT BECOMES A MODEL OF ITS KIND

Lighting, Heating, Ventilation and Power Arrangements Changed for Better and Discipline Amended Under Present Regime.

(From a Staff Correspondent. LINCOLN, Oct. 29 .- (Special.)-A description of the Nebraska state penitentiary shops, in the broom manufactory and in nearer the ideal, if there is such a thing just at this time could well be secured by clipping from the advertisement of a summer resort. The extravagance of a summer resort announcement would not do more than justice, to its clean rooms, its every year for its lights at the prison, parked walks, its green house, its comdious chapel, its clean kitchen, its immaculate dining room, its broad acres what the traction company use to receive be doing. tilled by well fed and well groomed con- for it. victs, its good water, its splendid location and the pure air that circulates through every well ventilated cell.

The man who fractures the laws of man The man who fractures the laws of man could find no more ideal place in which tentiary boasted of a board lined well to make reparation and in which to while that could be pumped dry in twenty minaway the tedious hours. In fact, a true utes, even on a rainy day. A new well

But in making the penitentiary manitary vention or a suggestion of the warden, in The women's department is one in which den Becmer has a well regulated institution

Extraordinary Increase in Paper Money Causes Much Comment in Business Circles.

ST. PETERSBURG, Oct. 29 .- (Special Cablegram to The Bee.)-With regard to the extraordinary increase of paper money Off the main penitentiary building is the in circulation the following incident is the moment. He then proceeded to examine the notes, and although they all bore the date 1898 a great many of them were pointed some years later. The bank officials to convince him of the regularity of the proceeding, showed him the stacks of paper money which they had in stock. As a compromise he agreed to accept payment in that form, but inwisted on their sorting out only those notes bearing M. de Pleske's be the forgeries usued by the Japanese in Manchuria to bring discredit on Russia, about which the Russian papers have writ-
