

SUCCESSOR TO MR. ANDERSON

Rev. F. H. McDonald of Winterset, Ia., for Immanuel Baptist.

CONGREGATION VOTES TO CALL HIM

Before Extending Formal Invitation Committee of the Board of Church Will Arrange Matters of Finance.

The members of Immanuel Baptist church at a meeting held yesterday morning voted in favor of calling Rev. F. H. McDonald of Winterset, Ia., to fill the pulpit which has been vacant several months. The expression was informal and intended to assist the pulpits committee in its negotiations for a pastor.

Rev. Mr. McDonald was heard in Immanuel church recently and made a very favorable impression. Before extending the informal call, however, a consultation will be held with a committee of the general board of the church in Nebraska, which has the matter of giving financial aid to the congregation in hand. The exact income of the church from its congregation each week also will be ascertained before sending out the call. It is thought a salary of \$1,000 for the first year can be guaranteed the minister.

The necessity for changing the present location of the church was discussed and generally agreed to, although no definite steps were taken on this line.

Rev. Thomas Anderson is the retiring pastor of this church. He resigned some months ago, but is still in Omaha.

CHRISTIANITY IS PRACTICAL

Theme of Dr. Jenks' Address to Young Men. "Christianity is Practical." This was the theme of an address delivered before the Young Men's Christian association at 4 o'clock yesterday afternoon by Rev. Dr. Edwin H. Jenks, pastor of the First Presbyterian church. The speaker illustrated his position with stories showing the practical side of religious life.

"Jesus leaves His disciples and goes to the cross alone. Three women follow Him at a distance. They are drawn by some invisible force. They are the three Marys. His mother, His mother-in-law, and Mary Magdalene, the redeemed. Each one loves the Savior. Each love is inspired by a different motive. The mother has seen the child grow up from innocent childhood. The aunt has known Him in His mother's ministry. Mary the redeemed, the forgiven, is drawn through the love inspired by gratitude. Now they see Him as the condemned criminal put to death. It is a pathetic group, that one at the foot of the cross.

"Jesus Christ is the One who can unify the love of men. Here we have something to stand on. It is the one name around which men center and find a solution of their problems. The women at the cross represent three distinct classes of society. His mother represents the highest class, Mary the redeemed represents the lowest. The Son upon the cross is a descendant of David. Blue blood flows in His veins. "The gospel is today the only standard of morality. There is not a civilized king who does not bend his knee to the Lord of hosts. George Washington, the peerless, was one day found in the woods kneeling upon the snow and praying for success. Lincoln, in the quiet of his room, promises God that he will sign the proclamation of emancipation if his armies are successful and are saved, and he does."

UNIVERSAL QUEST FOR DIVINE

All People Are Searching for God, Says Rev. Yost.

Rev. Robert Yost, pastor of St. Mary's Avenue Congregational church, preached yesterday morning on "The Quest for God."

"That the world is seeking God and that it is concerned in finding Him is certainly true," said Mr. Yost. "All music, all literature, all energy, all governments are interested in one way or another in finding God. Science, literature and art are all discovery to another to find a unit, one defined energy, and if the scientist should find it he would consider himself a victor. The painter seeks to discover the infinite in beauty. The musician searching for the lost chord is pathetic, as he is seeking an audible expression for the inaudible expression in his soul. A physician whom I should want to attend my family would be one strong enough to search for the infinite and eternal law of health. For there are such laws. A statesman worthy of the name is a man seeking after the eternal laws of right and justice. "We cannot see God; we can't find Him; therefore stop trying to find Him. All the energies of the world are running to and fro, digging from the earth and trying to pull down from the heavens in their efforts to find God. Still the musician searches for the lost chord, the painter for infinite beauty; still the scientist searches for light, the statesman for right and the physician for health. Tell you to stop seeking God! As well tell you to dam the river, if my soul cries out for comfort, I'll seek day and night for it and you cannot stop me."

PRAYER WILL BRING ITS RESULTS

Devout Petition of God is Answered, Says Rev. J. B. Priest.

Rev. J. B. Priest of Seward Street Methodist Episcopal church preached yesterday morning from the text, "I will therefore that men pray everywhere, lifting up holy hands, without wrath and doubting." He said, in part: "We wonder at things that have taken place in the past of the dead being raised to life, sight restored to the blind, the lame being made to walk. We still see marvelous things that are the work of God. Things that are beyond our comprehension wrought by the forces of nature the work of God Almighty's will. His will brings these things to pass. By the united petition of prayer we can accomplish much. We will to work with the will of God and can do help us. By prayer we come into contact with that power that created the universe. We help each other by the union of prayer and by this means overcome difficulties by uniting with the spirit of God. The prayer of faith is answered of God. God does answer prayer. The prayer of the penitent thief was granted at the foot of the cross. There are hundreds of instances in Christian lives of answer to earnest prayer. Prayer is the omnipotent God lifts us out of the bondage of sin. Husbands of unconverted wives and children, take hold of that almighty power of God that we may be a blessing to the community and profit by His divine life."

PAVERS WORK ALL DAY SUNDAY

Contractors on Sixteenth Street Take Advantage of Bright Sunshine to Rush Job.

The weather of Sunday proved fine enough to be simply irresistible to the Barber Asphalt company and the work on the Sixteenth street paving went ahead at full speed just as though it had been a week day.

At present concrete is being laid from Douglas street north preparatory to the

REAL FACTS VERSUS FICTION

Truth of Action by Omaha View and Fake Report by Official

When the ballot was taken Friday evening as to whether the Omaha View improvement club should go on record as having no objection to the issuance of the electric light bonds to be voted on at the coming election, the proposition was voted down. This was a most surprising result in view of the fact that the club had been in existence for some time and had been doing a great deal of good work. The club had been in existence for some time and had been doing a great deal of good work. The club had been in existence for some time and had been doing a great deal of good work.

OMAHA, Oct. 30.—To the Editor of The Bee: In reference to the above report of the action taken at the meeting of the Omaha View Improvement club on Friday evening last, printed in the World-Herald of Saturday, October 29, I desire to say that no such action was taken as implied in that report. I presided at the meeting and put all motions that were offered. The club did go on record and a motion to that effect was unanimously passed that the club was in favor of the municipal ownership of all public utilities, including the electric lights and water works, and in the same motion an invitation was extended Mr. F. A. Nash to be present at the next meeting of the club. Mr. Nash had been invited to be present at this meeting or send a representative, though neither appeared, even though the meeting was much delayed by the nonappearance of Mr. Rosewater's representative. Mr. Rosewater was present at the meeting and delivered a very interesting and instructive address upon the electric light proposition. Many were present who had never before met Mr. Rosewater and were very favorably impressed with his address. The motion endorsing municipal ownership of public utilities was passed after Mr. Rosewater made his address. Mr. E. P. Morearty was present at the meeting and made a speech opposing the bonds, and he was followed by several other short addresses by other parties, all of whom spoke in favor of the bonds. In fact, the Omaha View Improvement club always has favored municipal ownership of all public utilities and does not wish to be placed in the attitude of opposing their acquisition. A. N. YOST, Vice President Omaha View Improvement Club.

WRIGHT NOT HIS PRECEPTOR

City Attorney Cannot Compel City Clerk to Follow Former's Legal Opinions.

"I notice City Attorney Wright has himself quoted to the effect that he will not give the city clerk any more opinions or 'hugle over,'" said City Clerk Ellsworth yesterday. "His remarks are hardly well taken, inasmuch as the law requires him to furnish written opinions to any city officer pertaining to official business when he is requested to do so. I have asked for opinions from him and disregarded them before and propose to do so again, just as often as I see fit. While I do not intend to ask him, I have the right to ask for and get them. "In the Howell matter it is easy to see that his sympathies are with the petition candidate and that he is as anxious as other Democrats to do all he can to split up the republican party in this county. He dodged the question I asked him and tried a new tack; that did not succeed. He furnished Howell with a copy of his opinion to file in court, whereas the proper place to get it was from my office. Just as soon as the case was called Saturday afternoon the city attorney came over to the court room. He was just as late, however, as I had secured a continuance until 2 o'clock Monday. If he had attempted to represent me I would have objected and shall object to any such proceedings. No property interests are involved and he is not obliged to dip in."

FORECAST OF THE WEATHER

Fair Monday and Tuesday in the Promises for Nebraska and Kansas.

WASHINGTON, Oct. 30.—Forecast: For Nebraska and Kansas—Fair Monday and Tuesday.

For Iowa—Fair Monday and Tuesday. For Colorado—Fair Monday and Tuesday.

For Wyoming—Fair Monday, except in northwest portion; Tuesday, rain and colder. For Missouri—Fair Monday and Tuesday.

For North and South Dakota—Fair Monday, colder in west portion; Tuesday, fair and cooler in east portion.

NO ENDORSEMENT FOR HOWELL

President of Sixth Ward Club Denies that it Pledged to Support Bolter.

"I see by a local paper that the Sixth Ward club has endorsed Howell for water commissioner," said E. F. Morearty, "I am president of the only active republican club in the Sixth ward and I know it never has endorsed Howell or ever will do such a thing. This club is the Roosevelt and Fairbanks club and it is made up of loyal republicans, not traitors to the party. It does not endorse men who are on the ticket against the regular party nominee, and it would not do such a thing in this case, particularly when the insurgent is trying to get on the ticket by a petition signed two-thirds by democrats and populists and the other third by disgruntled republicans. "No, sir, it is a mistake; this club never endorsed Howell."

The Sixth Ward Roosevelt and Fairbanks club will hold a meeting tonight at Idlewild hall, where several nominees of the party are to speak.

ANNOUNCEMENTS OF THE THEATERS

Widepread interest is being taken in the first starring tour of Miss Eva Tanguay and the launching of her new musical comedy, "The Sambo Girl." In "The Sambo Girl" Miss Tanguay is said to have found a particularly suitable vehicle for the display of her unique personality, and her management has supplemented this by supplying her with a splendid company. "The Sambo Girl" will open a three nights' engagement at the Boyd beginning next Thursday night. A matinee will be given on Saturday.

HOMESEEKERS

Very low homesekers' tickets via the Missouri Pacific railway will be on sale Tuesday, November 1, at special rates, time tables and further information call at new city ticket office, southeast corner Fifteenth and Farnam streets.

Correct quality goods, lowest prices. Huberman, 13th and Douglas.

\$20.00 TO CHICAGO

The Chicago Great Western Railway will sell special round trip tickets to Chicago at \$20.00. Tickets good for return until October 31. For further information apply to S. D. Parkhurst, general agent, 1512 Farnam street, Omaha, Neb.

TO THE FRIENDS AND CUSTOMERS OF THE LATE P. J. RILEY

It is my intention to continue the business of my late husband at 823 North Sixteenth street, the same place, and I will greatly appreciate it if his former customers and friends will not forget me when they have work to do. MRS. P. J. RILEY. A. B. Huberman, Diamonds, own imp.

To avoid usual holiday rush from Oct. 19 to Nov. 18, greatest inducement of all—our high grade enlargements given with every dozen new photos—Remember it's the new place—two story building, west side of street—no corporation—the only photographer by the name Heyn in Omaha, known to the public for the past twelve years. H. Heyn, 318-32 St. 15th St.

18 K. Wedding-Rings, Edholm, Jeweler. 20 per cent discount removal sale—Hawkes' cut glass. Edholm, Jeweler.

DIED

BACON—James W., 1614 Davenport, aged 40 years, 3 a. m. Sunday. Funeral Tuesday, 9 a. m. St. Philomena's cathedral. Interment, St. Mary's.

A large crowd saw the Columbia Juniors defeat the Council Bluffs Streetville 15 to 9 in a game of foot ball yesterday afternoon. Only once did the Iowa boys come near scoring, when the South Omaha lads held strong on the own three-yard line, compelling their opponents to forfeit the ball. Fitzgerald, Marsh and Kemston, assisted by the star players, Gray, Green, and each made touchdowns. Fitzgerald covering eighty yards on his run to goal. Twenty-minute halves were played. Referee: Russell. Timekeeper: Nixon.

"When he accompanied the appraisers over the works Captain Rieger declared that after he had built only one crib on the Nebraska shore, another half mile distant from the works and the cutting of the bank stopped. On the other hand Captain Reynolds' testimony brought out that the river at Florence had practically the same formation as that near the Burt street station, where the vagaries of the current have greatly interfered with the source of supply.

Burt Street Station. "It has been demonstrated that the Burt street station has become practically useless, although about 1,600,000 gallons of water are pumped from there daily, and that a costly parallel supply main to Florence is imperative, and that the little will be deducted as depreciation of the pipe lines as they are comparatively new and in good condition.

"In other waterworks appraisements it has been found that the distributing system has been worth about half as much as the whole plant. In Omaha I think it will prove of greater proportionate value to the whole plant. The city does not contemplate much difficulty regarding the Reynolds patents, inasmuch as they have been put in and used by the company with the inventor's acquiescence.

City officials who have watched the waterworks appraisement closely say they are convinced the valuation of the plant will be upward of \$3,000,000, and in any event not more than \$5,000,000, basing their opinions upon the proceedings of the last week.

SINGLE TAX IDEA COLONY

Fairhope, Alabama, Where a Company is Making a Successful Demonstration of the Theory.

A representative of the Fairhope Single Tax corporation, Prof. James Bellongue, is in the city. The corporation has established a colony at Fairhope, Ala., on the western shore of Mobile bay. "Fairhope was established about ten years ago by a company organized at Des Moines," said the professor, who was formerly head of the department of mathematics at the Peru Normal. "The idea was to make a working model of the single tax idea. We have a tract of 1,500 acres beautifully situated on the bay. There are over 300 people in the village. The land is owned and controlled by the company, which numbers some of the most prominent single taxers. Ninety-nine-year leases are given to whoever wishes them, with an annual adjustment to equalize the varying advantages of location and natural qualities of the different tracts to convert into the treasury for the equal benefit of all its lessees all that value of the land not due to the labor or expenditure of the lessee upon it. The company pays the state and county taxes from the rentals and the balance must be used in local improvements. "Lessees are allowed to use the land as they desire, subject to the provisions of a lease offensive to the majority of the members. A town with industries and business equal to the most flourishing villages in the north, with equal natural advantages, is the result. After paying the taxes three-fourths or four-fifths of the income is left and with this free bath houses, a pier 1,800 feet long, a landing, a free library of over 2,000 volumes, a school house, windmill and tank for free water supply, warehouse facilities, and a free telephone line have been provided. A steamer of ninety-three tons makes daily trips to Mobile and its profits are paying for its construction, after
