Tabulation of Registration Figures Continues to Encourage Republicans.

INDICATES CLEAN SWEEP AT POLLS

Marooned Mariner's Nerve at Porcing Himself on Republican Audiences is Attracting No Little Attention.

The tabulation of the registration figures continues to give encouragement to the republican campaign managers for a clean sweep for the republican candidates. The total of over 18,000 for the two days in Omaha and South Omaha is pretty good, ospecially when the republican share of this is 11,348. On the face of the two days' figures the republicans are 4,000 shead of all opponents combined and over 6,000 ahead of the democrats. In Omaha alone the republicans have 9.816 to the democrats' 3,407, or a lead of 6,409. The socialists have nearly twice as many registered as the populists and in all South Omaha not a single prohibitionist is on record. The

has been calling the 'marooned mariner deserves the prize," declared one of the republicans at headquarters. "Did you read about Howell pushing kimself into the republican meeting held under the auspices of the McKinley club and taking the time assigned to the regular republican nominees? He wants republicans to pay the expenses of meetings for him to talk against the republican candidates.

"But, then, what else should be expected when one recalls his nerve in another That was down at the state convention last May, when this same Howell wanted the delegates to expel the hold-over members of the state committee because he pretended to be afraid they might not support the republican nomines for congress this fall. He demanded an outright promise to that effect and shouted at one of them before the whole assembled delegates. 'If you don't answer the question you ought to resign.' Howell is now a member of the state committee himself. He is not only fighting the republican candidate for congress, but most of the other republican nominees as well, and is himself running by petition to beat one of them. According to his own standard he ought to resign from the state committee. But will he? I guess not."

Governor Mickey came up from Lincoln this morning to spend the day and probably Wednesday in close contact with the voters of Omaha and South Omaha. He has no speeches scheduled, but may talk briefly at some republican meetings and will be present at the Thurston-Kennedy meeting at the Boyd Wednesday evening. In company with local friends the governor is making as much of a personal canvass as he can in the time to be spent here, believing perhim a great deal of good. The greater part of the day was spent in South Omaha.
