WARMING UP IN LANCASTER

Campaign to Be Closed Monday Night with Biggest Meeting of Season.

THURSTON AND BURKETT THE SPEAKERS

New Revenue Law Discloses Large Increase in Taxable Property Belonging to Fusion Candidnte Berge.

(From a tSaff Correspondent.) Nov. 4 .- (Special.)-The re publicans of Lancaster county will wind up the campaign with one of the biggest meetings yet held in the county Monday night. Former Senator Thurston and Elmer J. Burkett will be the speakers and the Oliver theater has been engaged for the occasion It is probable that some of the state and county nominees will be present. This week has been one of great activity all over the country and meetings have been held in many of the smaller towns every night, speakers having been sent out from here. The truth about the revenue law is being told to the people and the effects of the misrepresentations of the workings of the law made by the fusionists is being shown up with the result that the campaign of falsehood indulged in in this county will react against the fusionists.

The letters being sent out by the fusionists making a comparison of the taxes paid this year with the average taxes paid during the last three years previous to the enactment of the new law ,are being followed by statements sent out by the county committee showing the truth as shown by the records. The plea made by William J. Bryan for a repeal of the law because it taxed his wife's rings, made in a speech a couple of days ago, has created some amusement and much disgust here, that a man twice a candidate for the presidency should want a law repealed because his wife's jewelry was as-

Another statement that has caused much amusement here and that shows the utter lack of a knowledge of facts was made in the World-Herald this morning editorially. That demo-pop paper charged that the fire at the Norfolk asylum and at the state penitentiary was caused by the incompetency of those in charge, under the Mickey administration. Both fires occurred before Governor Mickey was even a candidate for the office which he now fills. The republicans here look on that charge of the World-Herald as being in keeping with its usual methods,

According to the records in the hands of the county assessor the past year has been a most prosperous one to G. W. Berge or the new revenue law has dug up much property that he has heretofore kept buried. Last year he returned his personal property at \$150 of which \$100 was for household goods and \$50 was for library. This year his personal property was returned as follows: Household goods, \$1,000; buggy, \$25; horses, \$200; safe, \$25; typewriter, \$50; accounts, \$500; money, \$1,000; library, \$1,500; watch, \$10; making a total of \$4,310. He will be taxed on one

came this afternoon in the shape of com-Washburne; Charles E. Selfert, a harness Kirkwood for owning and running the same against Matilda Peterson for leasing a building to Dollie Palmer for immoral purposes. The penalty fer leasing a house for immoral purposes is a fine of \$100 or six months in jail, or both fine and imprisonment.

The complaints have been expected for some time and it is the beginning of a fight that will be kept up, it is stated, until after the spring election. Rev. Batten and other ministers, it is claimed, are going after the scalp of the present city administration, which the church elected, and the fight promises to be one of the most stirring that Lincoln has seen for some time. So far the names of a half-dozen men have been mentioned for mayor, but the work of the ministers has been done rather on the quiet.

Prison School is Assured, The establishment of a school at the state penitentiary seems now to be assured and before many months have passed the convicts will have been enrolled as students. Secretary John Davis of the State Board of Charitles and Corrections, who has been working up sentiment for the school, stated this morning that a meeting of the interested parties would be held November 22 and plans for the school finally adopted. The cells will be lighted with electric lights and the convicts will be allowed to study at night. The convicts who are capable of teaching will be pressed into service as instructors. The penitentiaary already has a libraary of 1,200 volumes and the number will be increased along with the starting of the

Butler Republicans Active. DAVID CITY, Neb., Nov. 4 -- (Special.)-The opera house was completely filled last night to hear Hop. Norris Brown and Judge W. F. Norris. Norris Brown spoke first, occupying about one hour, fully and clearly explaining the new revenue law, which is the only issue advanced by the fusionists in this campaign. Mr. Brown exploded every theory advocated by the fusionists, quoting democratic and populist authority that the new law was demanded by all political parties. Judge Norris spoke

for about half an hour on the Philippine islands and imperialism! A large number of republicans drove from eight to twelve miles to hear the speakers, which shows conclusively that the republicans of Butler county are interested in the campaign. Several fusionists were in the audience and remained until the close of the meet ing. A. Galusha, republican nominee for secretary of state, was present and made a short talk. The Republican Glee club of Seward furnished the music, which was enthusiastically received.

Since the sisters were forced a few weeks ago to give up the children to Clifton and Morenci white people they have taken the matter before the president.
