The campaign in Ohio, this year has been conducted on exactly similar lines by both the democrats and republicans in so far as the respective national committees have been concerned.

The democratic national committee considered Ohio irrevocably lost and furnished us no help. The republican national committee considered Ohio safe and their state committee considered Ohio safe and their state committee fared but little better.

The socialist vote will approximate 30,006, mostly from republicans. The populists will poll less than 2,000.

The democrats will elect congressmen in not less than six districts, which will be a gain of two in the Ohio delegation and there is great expectation that we may add two additional districts to the six above, making the total number of democratic congressmen eight. The democratic state ticket will run much ahead of other parts of the ticket. Sandles, for secretary of state, who is opposing Laylin for a third term, will run head in every county for the reason that he will receive the support of many republicans who are upposed to third terms.

Biryan's remarkable Ohio tour, with the speeches that he made, wiped out any dissatisfaction that may have prevailed against Parker and the democrats of Ohio, without money and based wholly upon its voluntary organization, will next Tuesday make the most creditable showing they have made since 1892. Roosevelt and Fairbanks electors will carry Wisconsin on Tuesday next, there seems no question. #### What Sulphur Does

For the Human Body in Health and Disease.

The mention of sulphur will recall to many of us the early days when our mothers and grandmothers gave us our daily dose of sulphur and molasses every spring and fall.

It was the universal spring and fall "blood purifier," tonic and cure-all, and mind you, this old-tashioned remedy was not without merit-

The idea was good, but the remedy was crude and unpaiatable, and a large quantity had to be taken to get any effect. Nowadays we get all the beneficial effects of sulphur in a palatable, concentra.e.1 form, so that a single grain is lar more

effective than a tablespoonful of the crude sulphur. In recent years, research and experiment have proven that the best sulphur for me-

dicinal use is that obtained from Calcium (Calcium Sulphide) and sold in drug s.ores inder the name of Suart's Calcium Wafers. They are small chocolate coated pellets and contain the active medicinal principle of sulphur in a highly concentrated effective form. Few people are aware of the value of this

form of sulphur in restoring and maintaining bodly vigor and health: suiphur acts directly on the liver, and excretory organs and purifies and enriches the blood by the prompt elimination of waste material. Our grandmothers knew this when they dosed us with sulphur and molasses every spring and fall, but the crudity and im-

purity of ordinary flowers of suiphu; were often worse than the di ease, and canno compare with the modern concentrated preparation of sulphur of which Stuart's Calcium Wafers is undoubtedly the best and most widely used. They are the natural antidote for liver and kidney troubles and cure constipation and purify the blood in a way that often surprises patient and physician alike.

Dr. R. M. Wilkins while experimenting with sulphur remedies soon found that the sulphur from Calcium was superior to any other form. He says: "For liver, kidney and blood troubles, especially when resuiting from constipation or malaria, I have been surprised at the results obtained from Stuart's Calcium Wafers. In patients suffering from boils and pimples and even deep-seated carbuncles, I have repeatedly seen them dry up and disappear in MASSACHUSETTS FOR ROOSEVELT five days, leaving the skin char and amooth. Although Stuart's Calcium Wafers is a proprietary article, and sold druggists, and for that reason tabo ed by many physicians, yet I know of nothing so safe and reliable for constipation, liver and kidney troubles and especially in all forms of skin discuses as this remedy.

At any rate people who are tired of pills, cathartics and so-called blood "purifiers," will find Stuart's Calcium Wafers, a far safer, more palatable and effective propLEGAL NOTICES

fire to a battleship at Port Arthur. There is no confirmation of the report. Wantal hill is one of the extensive semicircle of forts defending Port Arthur. It is situated in about the center of the semicircle between Antse mountain forts and Sunschow fort, which is situated on an adjoining hill. The capture of Wantai hill, it has been pointed out in dispatches from Port Arthur, means the dividing of the eastern fortified ridge. The Japanese had previously and unsuccessfully attacked Wantai hill, particularly during the latter

part of August. Refugees from Vladivostok. 'CHE FOO, Nov. 5.-8:45 p. m.-The Norwegian steamer Tungus arrived here this evening, five days from Vladivostok, carry ing 700 Chinese refugees who were unable

to live at Vladivostok any longer owing to the high prices of food, etc., due to th war. A terrific gale makes the landing of the refugees impossible today, but one Chinaman succeeded in reaching the shore. He said the fortifications of Vladivostok are increasing in number and strength and that the fortress is strongly garrisoned, but the Russsians do not expect an at tack on the part of the Japanese and have

no intention of invading Corea this winter. Honor for Mistchenko. ST. PETERSBURG, Nov. 5 .- Major General Mistchenko, commander of the Eastern Cossack brigade, has been apopinted a money required for torchlights and fire lieutenant general and an alde-de-camp to works could be used to better advantage. the emperor for distinguished services.

stituents in the town hall Coleraine, this week, Mr. Atkinson, M. P., attorney general for Ireland, criticized the devolution scheme in detail. He said that what must strike one most about the scheme was the with colonial administration and its pronot a one man affair and that Lord Dunraven and the couple of dozen nobleme and gentlemen associated with him understood the bearing of all the things they put their signatures to. He suggested that they should be willing to put their scheme to the test of a public meeting in Belfast or elsewhere, at which each of the noblemen and gentlemen would explain and defend the particular paragraph for which he claimed to be responsible.. maintained that, as in 1896, Ulster held the key of the situation, and unless Uister allowed some traitors to creep in and misrepresent its views it need have no fear. Ulster, which did not quall before the attack of Mr. Gladstone, could easily withstand the assault of twenty-five noblemen and gentlemen, many of whom did not un
