

OTHER ROADS MEET THE CUT

Competitors of Rock Island Come to
Latter's Live Stock Rate.

LIVELY FIGHT OVER MATTER PREDICTED

Nebraska Territory Will Be Most Af-
fected by This Reduction, Trans-
missional Shippers Get-
ting the Advantages.

The Union Pacific, Illinois Central, North-
western and Missouri Pacific have an-
nounced their intention of meeting the live
stock rate cut by the Rock Island and the
prospects for a merry rate war is excellent.
At the Burlington it was announced the
through rate on live stock had been changed
to conform to the 20-cent proportional
Omaha seems to be getting the worst of the
deal. While the new tariff reduces the rate
to Chicago it leaves the rate to Omaha the
same.

Shippers west of the river will have the
advantage of the rate. It will enable them
to reship to Chicago from this point if
they find the market unsatisfactory and
they still will be within the through tariff
rate. Railroads are not disposed to view
the situation with anything like pleasure.
The territory most affected is that of Ne-
braska. Under the new tariff the through
rate from Kearney will be 25c cents, as
against 37c cents, the present rate. Seneca,
another large shipping point, will be af-
fected only half a cent by the change, the
present rate being 42c cents, but the rate
as announced is regarded as only the en-
tering wedge for more serious cuts.

The cutting of the cattle tariffs is re-
garded as a disposition on the part of the
Rock Island to enter into the field of
competition from this class of business.
Heretofore the company has taken no ac-
tive part for the business in the fields now
affected by the reduced tariffs.

To secure this business it is understood
the Rock Island intends to strengthen both
its equipment and service in order to be
able to enter the race with other roads, and
especially the Burlington, into whose field
the Rock Island will endeavor to break.

Lamar and Shields Advance.
An important change goes into effect on
the Burlington November 15. J. D. Shields
will succeed Robert Lamar as assistant
auditor of the freight and ticket depart-
ment. Mr. Lamar, who has held the position
for five years, will go to Chicago to
fill a similar position, but at an increased
salary. The change is a decided step for-
ward, as Mr. Lamar will have a wider
field and the office force, which numbered
30 men, is twice the size of the one in Omaha.

Mr. Lamar has been with the company
nineteen years, beginning as office boy.
He became a clerk on one of the desks
and then was made chief clerk. Mr.
Shields came here from St. Joseph about
six months ago. He has also grown up
with the business and is thoroughly famil-
iar with the work.

Railway Notes and Personalities.

W. C. Melville, the former representative
of the Union Pacific in this state and now
stationed at Kansas City in Omaha.
Burglars gained entrance to the office of
the Weir City Coal company, 1515 Daven-
port street, Monday evening and took some
valuable papers.

A. A. Schenck, chief engineer of the
Nebraska and Wyoming division of the
Northwestern, is on the way to the Black
Hills on a tour of inspection.

The Great Western Printing company,
1618 Chicago street, was entered by bur-
glars Monday evening. The rich numbers
that it and some papers were stolen.
A rate of \$15 has been established by the
Burlington from Missouri to Denver for the
Epworth League convention on July 18. A rate of \$12.75 has been
made for the G. A. B. convention which
occurs at the same place in September.

The rate into Omaha from all points of
Nebraska for the same time and date has
been fixed by the Burlington at one
fare plus 50 cents and will be effective
December 26 to 29. For points outside the
100-mile limit the tickets will be good
until January 2, 1905.

FIGHT BETWEEN TWO CRIPPLES

Three-Round Mill by One-Armed and
One-Legged Combatants on
the Street.

The unusual spectacle of a one-armed
man fighting a one-legged man furnished
considerable amusement for a crowd of
spectators at Eleventh and Davenport
streets Monday evening.

Wiley Robinson and John Kane were the
combatants in the strange battle royal.
Robinson lost his right arm in a railroad
wreck, while Kane sustained the loss of
his right leg in a steamboat explosion
some years ago. Detective Dunn arrested
both men, who were arraigned before Police
Judge Berka. It being shown that Robinson
was the aggressor, he was fined \$5
and costs, while Kane was discharged.

The men had gone about three rounds
before the detective called time and dis-
persed the crowd. The fight by rounds
was as follows:

Round 1—Robinson lands vicious blow
on back of Kane's head and nearly knocks
Kane off left pin. Kane rallies and tries
to kick Robinson with one leg, but misses
and goes to the floor.

Round 2—Kane rushes Robinson with
both hands, but Robinson sidesteps and
comes back with a tap on Kane's proboscis.
Kane was groggy at the end of round.

Round 3—Robinson, getting half-Nelson
with one arm on Kane's one leg, when po-
lice stop the fight.

The trouble is said to have started over
the payment of a can of beer.

CITY ENJOINED ONCE MORE

Restraint Temporarily at Least from
Grading Near Sixth and
Marcy Streets.

The city has been enjoined again. This
time it is against grading in the vicinity
of Sixth and Marcy streets. The temporary
order was granted on the application of

Introducing
Smart Set
Corsets

In order to more thor-
oughly introduce these very
fine corsets the makers have
sent us from New York an
expert corsetiere to show
the women of Omaha and
vicinity, who admire a high
grade corset, the perfection
of the "SMART SET."

Every model in this corset is a work of art in construction and grace-
ful lines. Being boned with whalebone, and made in a manner pecu-
liarly their own, they produce a decidedly smaller waist line than any
other corset. And they are above all, comfortable.

Let our demonstrator sit you with the proper model and tell you
how to wear them to produce the best results. SMART SET Corsets
are custom-made of imported French Coutil, in long and short waist
styles. Prices, \$5.00 and \$7.50. Nemo Corset price \$1.00 to \$5.00; all
figures. See window display.
