In the Treatment of Humours with More Than Magical Effect with

CUTICURA REMEDIES.

A Remarkable Testimonial from a Most Intelligent and Trustworthy Lady.

" A tumor came on my neck and in a day or two it was as large as half an orange. I was very much alarmed for fear it was maliguant. My friends tried to persuade me to consult my physician; but dreading that he would lusist on using the knife, I would not insist on using the knife, I would not consent to go. Instead, I got Cuticura Resolvent and Cuticura Ointment. I took the former according to directions, and spread a thick layer of the Ointment on the swelling. On renewing it I would bathe my neck in very warm water and Cuticura Soap. In a few days the Cuticura Ointment had drawn the swelling to a head, when it broke. Every morning it was opened with a large sterilized needle, squeezed and bathed, and fresh Ointment put on. Pos and blood, and a yellow, chessy, tumorous matter came out. In

I am willing you should use my testimonial, with the further privilege of revealing my name and address to such persons as may wish to substantiate ersons as may wish to substantiate the above statements by personal letter to me." John M. Thurston Among Voters Who Go to the City Clerk's Office. Nearly 300 men who had failed to register wanted to vote very badly yesterday and went to the city clerk's office to be sworn Two-thirds of the number were refused affidavits because they could not present a good excuse for not qualifying on the days provided by law.

City Clerk Elbourn recognized only three xcuses-absence from the city, sickness or calamity in the family. But even men who had good reasons for not registering had lots of trouble, as the presence of two freeholders from their voting district was necessary to get the affidavit. Some applicants made as many as five trips to the city hall before they got resident property

owners who would do. Among the men who had to swear to their votes were former Senator John M. Thurston, who registered from the Omaha club and thus officially declared himself resident of Nebraska; Emil Brandeis of J. L. Brandeis & Sons; T. J. O'Brien, proprie-tor of the Henshaw; Gurdon W. Wattles. president of the Union National bank; M. C. Peters. August M. Borglum, Dr. S. R. Towne and George H. Payne. All declared they could not register because they were not in Omaha at the appointed time.

Ryan, reported that there would be no damages to the abutting property by reason of the grading of these two streets It is expected one or two bids will be received for the two lots owned by the city at Thirty-sixth and L streets. Oll Tank Wagos Wrecked. Yesterday forenoon a south-bound motor train struck an oil tank wagon at Twenty-

fourth and F streets and wrecked the wagon. Oil was splited over the pavement and ran in a stream down the gutter on the west side of the street and into the sewer at H street. The vestibule of the motor car was smashed in, but neither the motorman nor the driver were injured beyond a few bruises. During the afternoon some one threw a lighted match on the oil in the gutter and quite a blaze resulted. The fire department was called out and smothered the flames by throwing dirt on the burning oil. After the fire was out a line of hose was laid and the gutter washed clean of dirt and oil. The pavement and curbing were slightly damaged.

Stout Not Wanted. An officer from St. Joseph visited South Omaha yesterday and took a good look at Joe Stout, who was being held at police headquarters on the report he was wanted in St. Joseph for murder. The officer said the prisoner taillied closely with the man wanted, even to a scar on the face. Announcements of the Theaters. A particular feature about "Bates in Toyland," which will be seen at the Boyd's for four nights beginning Sunday, is said to be the excellence of the male chorus. This is not to be taken in the sense that the girl part of the chorus is not excellent, too, but Julian Mitchell in selecting the company for the "Babes in Toyland" has been particular to have it all evenly balanced and it may be said that the chorus is a chorus of principals. A matinee will be given on Wednesday.

Eva Williams and Jack Tucker are makng a big hit at the Orpheum this week in their sketch, entitled "Skinny's Finish." DOCTORS FOR MEN

DO YOU HEED HELP?

Then go to the leaders of medical specialism—doctors who will make a thorough and scientific examination of your ailments; an examination that will disclose your true physical condition, without a knowledge of which you are groping in the dark, and without a thorough understanding of which no physician or specialist should be allowed to treat you.

The physicians connected with the State Medical Institute have been recognized for a great many years throughout the west as the leading specialists in the treatment and cure of private diseases and weaknesses of men. They have confined themselves entirely to a single class of diseases and their allied complications and mastered them. By sincerity, honesty and skillful treatment they have gained an enviable reputation all over the country for their wonderful cures.

they have gained an enviable reputation all over the country for their wonderful cures.

Their success may be attributed to many years of close study and experience, supplemented by an immense practice; by using modern and scientific remedies that nature furnishes to the scientific investigator, and by giving careful and personal attention to each case. In treating this class of troubles the experienced and successful specialist has learned that the same disease assumes different peculiarities and is governed by different circumstances in different individuals. The skill of the physician often consists not so much in being able to tell what the disease is, as in knowing how to discriminate between the peculiarities of symptoms and thereby determine the cause of the disease. We are not obliged to resort to experiments. We know the efficacy of every medicine we prescribe. We know just exactly what we can do and promise nothing more. We cure cases that have baffled other physicians and so-called specialists because we know exactly how to go about it. If you need skilled medical attention come to us and we will spare you the pensities associated with private diseases and weaknesses so prevalent among men. We will help you to escape from the slavery that is holding you captive and depleting your manhood.

We successfully treat and speedily cure.
