KANSAS CITY, Nov. 2.-8 p. m.-The Star (independent) says: Roosevelt has carried Missouri by 10,000 to 15,000. The only democratic state candidate elected is Folk for governor, who made a remarkable race against the Roosevelt landslide. His plurality will be about 25,000. The legislature is in doubt, with chances favoring a republican body to select Senator Cockrell's successor.

Republican congressmen have been elected in the third, fourth, fifth, tenth and fifteenth districis.

Frank B. Klepper (republican) has been elected to congress from the third Missour' district. James W. Sullenger, the democratic candidate, concedes Klepper's election. The republicans now claim six Missouri congressmen, including the seventh

ST. LOUIS, Nov. 9 .- Twenty-four hours after the polls had closed in Missouri found the results of the election still undetermined throughout the state, although it was practically conceded that old democratic Missouri had succumbed to the Roosevelt landalide that swept the country, but that one democrat remained standing, he being Joseph W. Folk, for governor. However, even in the face of inpouring returns, showing a democratic slump throughout the state, the democrats insisted that the true results cannot be known until the returns had been completed and asserted that democracy in Missouri was yet victorious by a very narrow margin. The republicans yearned for a complete victory throughout and counter-insisted that Cyrus P. Walbridge, for governor, had not been de-feated, but would finally be found to have won by a slight majority. They also claimed to have elected five of the sixteen congressmen, making a gain of four, and declared a majority of two on joint ballot in the legislature, which has before it the election of a successor to United States Senator Cockrell.

It was a very undecided and mixed situation until the complete city returns settled a republican city victory with the exception of Folk's success, and incoming returns showed a similar result

It was figured Congressman Joseph W. Babcock pulled out in the headquarters that returns from through. Says Judge Parker is the Victim of a Mistaken Party Pelicy.

CANDIDATE GROWS IN POPULARITY

Ticket Had Suport of All Bolters of Past Two Campaigns, but Defeat is Greater Than in Either of Them.

LINCOLN, Nov. 9 .- W. J. Bryan tonight gave out an extended statement concerning yesterday's election, which is intended to serve as his comment on the result and as an answer to reports connecting him with a movement looking to the formation of a new party. Mr. Bryan said he would not attempt to deny all the reports circulated as to his future political action, but would let his statement serve to explain his position. He says:

his position. He says:

The democratic party has met with an overwhelming defeat in the national election. As yet the returns are not sufficiently complete to permit analysis, as it is impossible to say whether the result is due to an actual increase in the number of republican votes or to a failing off in the democratic vote. This phase of the subject will be dealt with next week when the returns are all in. The questions for consideration at this time are, What lesson does the election teach, and what of the future? The defeat of Judge Parker should not be considered a personal one. He did all he could under the circumstances; he was the victim of unfavorable conditions and of a mistaken party policy.

Parker's Personal Popularity.

Parker's Personal Popularity.

He grew in popularity as the camplign progressed and expressed himself more and more strongly upon the trust question, but could not overcome the heavy odds against him. The so-called conservative democrats charged the defeats of 1896 and 1800 to the party's position on the money question and insisted that a victory could be won, by dropping the coinage question entirely. The convention accepted this theory and the platform made no reference to the money question, but Judge Parker felt that it was his duty to announce his personal adherence to the gold standard. His gold telegram, as it was called, while embarrassing to the democrats of the west and south, was applauded by the eastern press. He had the cordial endorsement of Mr. Clevelsnd, who certified that the party had returned to "safety and sanity;" he had the support of the democratic papers which bolted in 1896, and he also had the aid of nearly all of those which were prominent in the campaign of 1896 and 1890, and yet, his defeat is apparently greater than the party suffered on either of those years. Parker's Personal Popularity.

Defeat Not Local, but General.

It is unquestionable also that Judge Parker's defeat was not local, but general, the returns from the eastern states being as disappointing as the returns from the west. The reorganizers are in complete control of the party; they planned the campaign and carried it on according to their own views, and the verdict against their plan is a unanimous one. Burely silver cannot be blamed for this defeat, for the campaign was run on a gold basis. Neither can the defeat be charged to emphatic condemnation of the trusts, for the irrusts were not assalled as vigorously this year as they were four years ago. It is evident that the campaign did not turn upon the question of imperialism, and it is not fair to consider the result as a personal victory for the president, although his administration was the subject of criticism. Defeat Not Local, but General.

Democrats Sounded Partial Retreat. The result was due to the fact that the democratic party attempted to be conservative in the presence of conditions which deelection in Wisconsin shows that Rooseveit ran ahead of every ticket and carried the state by a plurality estimated at between 60,000 and 75,000; that Governor LaFollette has been re-elected by a plurality of about 50,000 and that the congressional complexion remains unchanged from two years ago. The legislature, which is to elect a United States senator to succeed Joseph V. Quarrels is largely republican and the question of whether Wisconsin shall have a primary election law has carried by a safe majority. One of the surprises in the election was the big increase in the vote of the social democration party. Four years ago that party polled 4,458 votes in Milwaukee county; two years ago 10,704 and in this election.

legislation, insist that they shall not be disturbed, no matter how oppressive their exactions may become.

The democratic party cannot hope to compete successfully with the republican party for this support. To win the support of the plutocratic element of the country the party would have to become more plutocratic than the republican party, and it could not do this without losing several times as many voters as that course would win. The democratic party has nothing to gain by catering to organized and predatory wealth. It must not only do without such support, but it can strengthen itself by inviting the open and emphatic opposition of these elements. The campaign just closed shows that it is as inexpedient from the standpoint of policy, as it is wrong from the standpoint of principle, to attempt any conciliation of the industrial and financial despots, who are gradually getting control of all the avenues of wealth. The democratic party, if it hopes to wh success, must take the side of the plain common people.

Monopolists Deceive All Democrats.

Monopolists Deceive All Democrats. Mr. Bryan says for two years he has pointed out the futility of any attempt to compromise with wrong or to patch up a peace with the great corporations which was caused through the war of the state are now exploiting the public, but the southern democrats were so alarmed by the race issue that they listened, rather reluctantly be it said to their credit, to the promises of success held out by those who had contributed to the defeat of the party

RAPID VOTING IN NEW YORK Vote the Largest in Many Years and Nearly All Ballots 'Are Cast Early.

NEW YORK, Nov. 9 .- Ivot only the numper, but the rapidity with which the votes were cast, made the national election in this city a record-breaker. The ideal weather seemed to coax out the lariest voter and the polling places were confronted with the largest number of pros pective voters ever known as soon as they were declared open.

One-sixth of the total vote of Manhattan and the Bronx was cast during the first hour; by 10 o'clock one-third of the tota number registered had voted in many of the precincts; by noon nearly two-thirds of the balots had been deposited and during the last two or three hours the clerks Inspector sand watchers at the various polling places were sitting idle most of the time. In many precincts a count shower that the votes were being cast at the rate of two a minute and in some instances three a minute were deposited during the rush hours. This eagerness to vote was marked in every part of the city.

Special deputies to the number of about 2,500 kept watch on behalf of Superintendent of Elections Morgan to prevent illegal voting. About 500 arrests were made, but the magistrates quickly dis-

charged the most of the prisoners. As usual, the Nineteenth district of the Twentieth assembly district carried off the prize for a quiet day. In that district James Thomas is the only voter and his ballot costs \$250. He waited, as is his custom, until late in the afternoon and was received with due solemnity by the full corps of officials, who, notwithstanding the fact that their task was done, kept open until the regular hour.

Cook, the candidate for sheriff, and while the bulleting last night indicated he was defeated, to day his election was settled by 200 majority Judge Frank B. Smith, candidate for reelection as judge of the Fourth judicial circuit on the republican ticket, has carried every county in the circuit according to returns thus far received. Nothing daunted by defeat in the capital contest, Mitchell citizens will hold a mass meeting Friday evening for the purpose of discussing certain measures for the future good and growth of the city. Two wholesale houses are future possibilities.

Editorials in London. LONDON. Nov. 9.-The afternoon news adopt Judge Parker's congratulatory telegram to President Roosevelt as describing 'with exactness and comprehension" the result of the election. Such headings as "A Vote of Confidence" and "Roosevelt's

Triumph" mark all the editorials. The election is regarded by all the afternoon papers as a "pledge that America will play its paper in the solution of all international questions upon the side making for justice and the development and progress of the human race," and as "afording a guarantee that Great Britain's present relations with America will not known as the homes of the antis, namely, only be maintained, but probably will be strengthened."

Roosevelt has run better in Douglas county than McKinley did four years ago. It looks as if he had carried, by large pluralities, nearly every ward and precinct in the city and county, the only exception being, if any, the Second ward and me districts in South Omaha.

Only one democrat elected in Douglas county, and that is Dr. Hipple for the democratic membership of the water board. Later returns confirm The Bee's figures. showing a complete republican victory in in congress, but he is beaten by John L. paster of the church of which the presicelebration as soon as it can arrange 800 in the district. As between Kennedy for a gathering of the friends over the and Hitchcock Kennedy carried the Third, Fourth, Fifth, Sixth, Seventh, Eighth and Ninth wards of Omaha and the country precincts. He also carried Washington to 500, and is the greatest victory attained | jorities come from the First and Second wards of Omaha, South Omaha and Surpy county. With all the returns heard from with the exception of two Omaha precincts, two South Omaha precincts and three or

four country precincts.

Kennedy Sets the Pace. The vote on Hitchcock and Kennedy sets the pace. All of the democratic candidates for county and legislative offices make poorer showings than Hitchcock and correspondingly all the republicans run better than Kennedy. This insures the election of every republican candidate in the county by majorities ranging from 1,100 to

The only exception to the republican tidal wave in Douglas county is the vote on governor. Here Governor Mickey (rep.) has cut down the adverse majority against him of 2,400 of two years ago, but Berge (fus.) will go out of the county with a good big majority. The state officers on the republican ticket all carry substantfal majorities.

For water board in the city of Omahe Howell (ind.) beat Weller (rep.), and goes in with Hipple (dem.). The electric light bonds are defeated.

Republicans Surprise Democrats. The heavy surprises are in the lower wards and South Omaha, where democratic strongholds were invaded by the republicans, although at the same time the democrats made unusual headway in wards

ALL REPUBLICAN CANDIDATES ELECTED PRESIDENT IS CONGRATULATED MICKEY LEADS BY OVER SEVEN THOUSAND

Messages Come to White House so Fast that They Cannot be Answered.

WASHINGTON, Nov. 9 .- President Roosecelt was overwhelmed with congratulations today. They were presented by many people in person and were received by mail and by telegraph from every state and from almost every city in the country. Thousands of telegrams already have been received and they are coming yet in an

undiminished flood. It will be physically impossible for the president and Secretary Loeb to acknowledge each message received, in accordance with the usual custom at the White House, but the president desires it to be understood that he appreciates it to the fullest the expressions of his friends and would be giad if it were possible personally to greet and thank every one of them.

The president was in exhuberant spirits today. Although he did not retire until a late hour last night, he arose early and had a happy early morning chat with the members of his family and his house guests. He reached the executive offices early and not till then did he read the morning papers. After glancing over them he read a few of the thousands of telegrams of congratulation which had been received and examined builetins of the latest returns of the election. He was advised that the republicans had carried Maryland, a message from Senator Mc-Comas announcing that that result was beyond question.

Says Democratic Party Will Re-Organize Itself. NEW YORK, Nov. 8.-W. R. Hearst is-

sued the following statement tonight regarding the report that steps were being

taken to organize a new party; I have no knowledge of any meeting between Mr. Watson, Mr. Bryan and myself. I think the democratic party will reorganize likelf on a basis of true democracy, eigninating the Wall street induence that proved so disastrous in the present campaign, and I, as a loyal democrat, will be happy to see that done. I am always happy to contribute my own services and those of my papers to the democracy, for reorganization or any other purpose if they shall be required.
