

Mrs. Elizabeth H. Thompson, of Lillydale, N. Y., Grand Worthy Wise Templar, and Member of W. C. T. U., tells how she recovered from a serious illness by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I am one of the many of your grateful friends who have been cured through the use of Lydia E. Pinkham's Vegetable Compound, and who can to-day thank you for the fine health I enjoy. When I was thirty-five years old, I suffered severe backache and frequent bearing-down pains; in fact, I had womb trouble. I was very anxious to get well, and reading of the cures your Compound had made, I decided to try it. I took only six bottles, but it built me up and cured me entirely of all my troubles. My family and relatives were naturally as gratified as I was. My niece had been troubled and nervous prostration, and was considered incurable. She took your Vegetable Compound and it cured her in a short time, and she became well and strong, and her home to her great joy and her husband's delight was blessed with a baby. I know of a number of others who have been cured of different kinds of female trouble, and am satisfied that your Compound is the best medicine for sick women."—Mrs. ELIZABETH H. THOMPSON, Box 105, Lillydale, N. Y.

Thousands upon thousands of women throughout this country are not only expressing such sentiments as the above to their friends, but are continually writing letters of gratitude to Mrs. Pinkham, until she has hundreds of thousands of letters from women in all classes of society who have been restored to health by her advice and medicine after all other means had failed.

Here is another letter which proves conclusively that there is no other medicine to equal Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered with poor health for over seven years, not sick enough to stay in bed, and not well enough to enjoy life and attend to my daily duties properly. I was growing thin, my complexion was sallow, and I was easily upset and irritable. One of my neighbors advised me to try Lydia E. Pinkham's Vegetable Compound, and I procured a bottle. A great change for the better took place within a week, and I decided to keep up the treatment. Within two months I was like a changed woman, my health good, my step light, my eyes bright, my complexion vastly improved, and I felt once more like a young girl. I wonder now how I ever endured the misery. I would not spend another year like it for a fortune."

"I appreciate my good health, and give all the praise to Lydia E. Pinkham's Vegetable Compound."—Mrs. M. TILLA, 407 Haberstein St., Savannah, Ga.

Mrs. Pinkham has on file thousands of such letters.

ELEVATOR SITE SELECTED

Structure Will Stand on the Grain Terminal Company's Plot.

OFFICERS OF NEW CONCERN ELECTED

President Wattles Declares Great Enterprise for Omaha's Good Will Be Developed by This New Company.

At the meeting of the incorporators of the Independent Elevator company held Wednesday G. W. Wattles was elected president, Guy C. Barton, vice president, A. L. Reed, secretary, and Frank Munsha, treasurer. These, with E. E. Bruce, and F. P. Kirkendall, will constitute the board of directors.

At the same time the plans for an elevator were considered and adopted with a few changes ordered. The new structure will be modeled after the Electric Steel Elevator company's building in Minneapolis. The plans are for ten round steel tanks, each of a capacity of 100,000 bushels, arranged five on each side of the elevator containing the machinery. Not a bit of wood will be used in the entire structure, and this will obviate the necessity of carrying fire insurance, which has been one of the most expensive items in operating grain storage plants.

The elevator and the tanks will occupy a strip of land one-quarter of a mile long. It will cost \$300,000 and it is located on one of the best sites in the Grain Terminal company's plot, on the high ground where it has been necessary to fill in at all.

Going Ahead with Plans. Said President G. W. Wattles: "This elevator is going to be built right away and I will tell you more than this; there are to be other elevators and mills and a grain

MANY ARE SEEKING PLACES

State Officers-Elect Have Many Applications for Appointive Positions.

NOT MAKING THEIR INTENTIONS KNOWN

Burlington Railroad Objects to Tax Levy in York County and Treasurer Refuses the Amount Tendered.

(From a Staff Correspondent.) LINCOLN, Nov. 10.—(Special.)—The grand scramble for places under the new state officers and under the old officers reflected is starting off nicely and bids fair to reach its height before the time limit is set on the applications. Already each office has received a large bundle of applications, though no officer has yet expressed himself as to whom he will appoint. The spoils are about as follows: In the manner of the numerous appointments to places in the state institutions Governor Mickey has four places in his own office; food commissioner and an assistant, state veterinarian, oil inspector and a stenographer, three places in the bureau of labor, four places in the office of the adjutant general, three places in the office of the game warden, besides the local deputies. Norris Brown, the new attorney general, will have three places at his disposal; Treasurer Sherman has four places; Secretary of State Galusha, five; Auditor Searle, ten; Land Commissioner Eaton, ten; Superintendent McBrien, three; the State Printing board, which will contain only one member, has a secretary; the State Banking board, which has a majority of new members, has three places in the secretary's office and six deputies.

So far none of the officers has made any announcement of appointees, but it is generally understood that Mr. Eaton will make only one or two changes in his office if he makes any.

Railroad Objects to Tax Levy.

The Burlington railroad is still opposed to the workings of the new revenue law as interpreted by the taxing authority of York county. Yesterday Tax Commissioner Pollard of the Burlington tendered a payment of the road's taxes to the treasurer of York county, a sum that he thought was about right, but which did not amount to nearly as much as he wanted against the road. The treasurer refused to accept the tender and it is supposed a suit will be started.

Charge Boy with Forgery.

Theodore Johnson, a 19-year-old boy, was arrested by Detective Benito in Gotham last night. He is listed as a suspect on the register at the station, but a charge of forgery will be filed against him. August 5, 1904, so it is alleged, Johnson, under the name of Charles Harris, passed a check for \$5 on Jacob Klam, who operates a saloon at 1028 P street. The name of C. H. Frey was signed to the check. Johnson left the city immediately afterward and before his offense was discovered.

Isaac Harris, colored, quoted the constitution of the United States to Justice Greene this afternoon to prove that he was as good as a white man and had a right to play pool in the Peter Pemmer pool room, from which he had been ejected. The colored man brought suit to compel Pemmer to give him a cue and a chance to make good with it. Pemmer introduced testimony to show that Harris was not of that class he wanted in his place and that he was discharged at his having been proved that Harris was not discriminated against because of his color.
